2.2. Other than for the purposes identified in this Agreement, City may not use the Signalization Equipment for any other purpose whatsoever without written amendment of this Agreement executed with the same formalities as this Agreement. City may not permit the Signalization Equipment to be used in any manner that will violate the terms of this Agreement or any laws, administrative rules, or regulations of any applicable governmental entity or agency.

2.3. County shall retain full and unrestricted access to the Signalization Equipment at all times.

2.4. Throughout the term of this Agreement, and notwithstanding any other term or condition of this Agreement, the County retains the right in its sole discretion to modify, reconfigure, improve, or abandon the Signalization Equipment, and to make any improvements thereon. Specifically, City acknowledges and agrees that the Signalization Equipment may be temporarily or permanently reconfigured, modified, or moved, without any liability to the County. The County will provide City with thirty (30) calendar days' written notice of any such modifications to the Signalization Equipment to allow City to remove or relocate the LES System at City's own expense.

SECTION 3. CITY'S OBLIGATIONS

3.1. City shall make application to Traffic Engineering for approval to install the LES System as set forth in the Approved Plans. City may not proceed with the installation until all written approvals have been issued and all conditions for commencement of the installation have been satisfied.

3.2. City may not make any alterations to any previously approved and installed LES System without first obtaining written approval from Traffic Engineering for such alterations.

3.3. City shall install the LES System at its own expense and in full accordance with the Approved Plans and to the Contract Administrator's satisfaction. City shall notify Traffic Engineering as specified in Exhibit B to schedule the installation of the LES System.

3.4. Following City's installation of the LES System and County's approval of same (as set forth in Section 4), City shall provide County with signed and sealed certified as-built drawings for all work performed as set forth in the Approved Plans.

3.5. City shall operate and maintain the LES System at its own expense and in accordance with the requirements set forth in this Agreement.

3.6. If City takes any action or makes any omission that causes or results in alterations or damage to County-owned or County-maintained property, City shall, at its own expense, restore such property to its condition before the alterations or damages. If City fails to make such restoration within thirty (30) calendar days after County's request, County may make the restoration, and then invoice the City for the costs thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

3.7. If City takes any action or makes any omission that causes or results in alterations to the Signalization Equipment, which alterations are not specified in the Approved Plans, City shall, at its own expense, restore the Signalization Equipment to its condition before the alterations were made, or to such condition as approved in writing by the Contract Administrator. If City fails to make such restoration within thirty (30) calendar days after County's request, County may make the restoration, and then invoice the City for the costs thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

3.8. In furtherance of Sections 3.6 and 3.7, if any alterations, restorations, or repairs performed by City result in a malfunction or outage of any part of the Signalization Equipment, the City shall be responsible for all costs associated with the emergency response and repair, including costs associated with any emergency contractors retained by Traffic Engineering to perform the repair, and County shall invoice the City for the costs thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

3.9. If the LES System is serviced by any utilities (including but not limited to electricity, water, sewage, or gas), City shall be solely responsible for the cost of such utilities and shall establish its own billing account directly with the utilities company.

3.10. City shall reimburse County for all project-specific administration, on-site supervision, and inspection services related to the installation, alterations, restorations, or repairs of the LES System, and for any cost resulting from public records requests or subpoena of County staff for deposition or court testimony related to this Agreement or City's use of its LES System, in accordance with Exhibit C.

3.11. City shall provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Section 7 of this Agreement), of any condition with respect to the Signalization Equipment that might present a risk of damage to the Signalization Equipment or adjacent property, or might pose a risk of injury to any person. City shall contact the appropriate emergency services (fire-rescue, police, Florida Power & Light) immediately upon identification of any potentially risk of injury to any person, and shall keep a written record of all contact made including the person(s) with whom City has communicated.

3.12. City shall also provide the Contract Administrator with immediate verbal notice, followed by prompt written notice (in the manner set forth in Section 7 of this Agreement), of any damage to the Signalization Equipment or any injury to any person as a result of or related to the Signalization Equipment.

3.13. City shall provide County with an annual report, due within thirty (30) days after the end of each yearly term of this Agreement, with details on the usage, effectiveness, and statistical

law enforcement outcomes of the LES System. Statistical summaries of acquired LES System data may be incorporated as part of the annual report as long as personal privacy is preserved.

3.14. City may retain a third party to install the LES System and/or perform the maintenance on the LES System. If City retains a third party for such purpose(s), City shall enter into a written contract with the third party under which the third party agrees to install the LES System and/or perform the maintenance on the LES System in accordance with the requirements of this Agreement. City shall provide the Contract Administrator with a copy of any such contract(s) upon request of the Contract Administrator. Notwithstanding City's use of any third party, City shall remain obligated to install the LES System and perform the maintenance on the LES System if the third party does not. City may not relieve itself of any of its obligations under this Agreement by contracting with a third party. City shall provide County a list of any third-party contractors and their roles and responsibilities associated with the LES System within thirty (30) days after execution of the contract between the City and the third-party contractor or, if applicable, within thirty (30) days after contracting with such third-party(ies).

SECTION 4. COUNTY'S OBLIGATIONS

4.1. Traffic Engineering shall review City's application for approval to install the LES System and shall grant written approval for installation of the LES System as set forth in the Approved Plans and subject to the Conditions of Use and Special Technical Provisions.

4.2. County shall inspect the installation of the LES System and may reject work that does not conform to the Approved Plans, as determined by County in its sole discretion.

4.3. After receiving signed and sealed certified as-built drawings that the installation of the LES System is in conformance with the Approved Plans, and receiving a request for final inspection, County shall perform a final inspection of the installation and notify City of County's final approval or rejection of the installation.

4.4. County shall have no further obligations under this Agreement other than those stated in this Section but may exercise any and all rights it has under this Agreement.

SECTION 5. RISK OF LOSS

The LES System shall remain the property of City, and all risk of loss for the LES System shall be City's risk alone. Such risk of loss shall include, but is not limited to, incidental damage to the LES System resulting from primary damage to the Signalization Equipment by third parties or natural events.

SECTION 6. TERM AND TERMINATION

6.1. This Agreement shall begin on the Effective Date and continue in perpetuity unless terminated as provided in this Section.

6.2. This Agreement may be terminated for cause by County if City breaches any of its obligations under this Agreement and has not corrected the breach within thirty (30) calendar days after receipt of written notice identifying the breach. County may, at the option of the

Contract Administrator, cause such breach to be corrected and invoice City for the costs of the correction or may terminate this Agreement. If County opts to correct the breach and invoice City for the costs of correction, City shall pay such invoice within thirty (30) calendar days after receipt. If County erroneously, improperly, or unjustifiably terminates for cause, such termination shall, at County's sole election, be deemed a termination for convenience, which shall be effective thirty (30) calendar days after such notice of termination for cause is provided.

6.3. This Agreement may be terminated for convenience by the Board. Termination for convenience by the Board shall be effective on the termination date stated in the written notice provided by County to City, which termination date shall not be less than thirty (30) calendar days after the date of such written notice.

6.4. This Agreement may also be terminated by the County Administrator upon such notice as the County Administrator deems appropriate if the County Administrator determines that termination is necessary to protect the public health or safety. Termination under this Section shall be effective on the date County provides notice to the City of such termination.

6.5. Upon termination of this Agreement, City shall peaceably surrender its access and use of the Signalization Equipment.

6.6. Upon termination of this Agreement, City shall remove the LES System, including all materials and equipment, installed or attached to the Signalization Equipment by City. In addition, City shall be obligated to repair any damage to the Signalization Equipment resulting from the removal of the LES System, including any materials and equipment. If City fails to comply with these removal and/or repair obligations within thirty (30) days of termination, County may perform them, and then invoice City for the cost thereof. City shall pay the invoice within thirty (30) calendar days after receipt. Any personal property remaining installed or attached to the Signalization Equipment after the termination of this Agreement shall be deemed to have been abandoned by City and shall become the property of the County.

6.7. Upon termination of this Agreement, City shall restore the Signalization Equipment to its condition before the installation of the LES System or to such condition as approved in writing by the Contract Administrator. If City fails to make such restorations within thirty (30) days of termination, County may make them and then invoice City for the costs thereof. City shall pay such invoice within thirty (30) calendar days after receipt.

6.8. County shall have no obligation to compensate City for any loss resulting from or arising out of this Agreement including any resulting from or arising out of the termination of this Agreement.

6.9. Notice of termination shall be provided in accordance with the Section 7 of this Agreement, except that notice of termination by the County Administrator, pursuant to Section 6.4 of this Agreement may be verbal notice that shall be promptly confirmed in writing in accordance with Section 7 of this Agreement.

SECTION 7. NOTICES

8.3. If City contracts with a third party to perform any of City's obligations under this Agreement, City shall enter into a contract with such third party, which contract shall include the following provision:

Indemnification: Contractor shall indemnify and hold harmless Broward County, and all of Broward County's current, future, and former officers, agents, servants, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses (collectively, a "Claim"), raised or asserted by any person or entity not a party to this Agreement, which Claim is caused or alleged to be caused in whole or in part, by any intentional, reckless, or negligent act or omission of contractor, its current or former officers, employees, agents, servants or assigns, arising from, relating to, or in connection with this Agreement. If any Claim is brought against an Indemnified Party, contractor shall, at its own expense, upon written notice from Broward County, defend each Indemnified Party against each such Claim by counsel satisfactory to Broward County, or, at the option of Broward County, pay for an attorney selected by the County Attorney to defend the Indemnified Party.

8.4. The provisions of this Section 8 shall survive the expiration or earlier termination of this Agreement.

SECTION 9. INSURANCE

9.1. City is a governmental entity and is fully responsible for the negligent or wrongful acts and omissions of its agents or employees, subject to any applicable limitations of Section 768.28, Florida Statutes.

9.2. Within five (5) calendar days after request by County, City must provide County with written verification of liability protection that meets or exceeds any requirements of Florida law. If City holds any excess liability coverage, City must ensure that Broward County is named as an additional insured and certificate holder under such excess liability policy and provide evidence of same to County.

9.3. If City maintains broader coverage or higher limits than the minimum coverage required under Florida law, County shall be entitled to such broader coverage and higher limits on a primary and non-contributory basis.

9.4. The foregoing requirements shall apply to City's self-insurance, if any.

9.5. If City contracts with one or more third parties to perform any of City's obligations set forth herein, City shall require that each third party procure and maintain insurance coverage that adequately covers the third party's exposure based on the services provided by that third party (and any subcontractors retained by the third party). City must ensure that all such third parties name "Broward County, Florida" as an additional insured and certificate holder under the applicable insurance policies. City shall not permit any third party to provide services required by this Agreement until the insurance requirements of the third party under this

Section are met. If requested by County, City shall furnish evidence of all insurance required by this Section.

9.6. County reserves the right to periodically review any and all insurance policies required by this Agreement and to reasonably adjust the limits and/or types of coverage required herein, from time to time throughout the term of this Agreement.

SECTION 10. MISCELLANEOUS

10.1. Independent Contractor. City is an independent contractor under this Agreement. In performing under this Agreement, neither City nor its agents shall act as officers, employees, or agents of County. City has no power or right to bind County to any obligation not expressly undertaken by County under this Agreement.

Therefore, the Parties acknowledge that there are no third-party beneficiaries to this Agreement and that no third party shall be entitled to assert a right or claim against either of them based upon this Agreement.

10.4. Assignment and Performance. Neither this Agreement nor any right or interest herein may be assigned, transferred, or encumbered by City without the prior written consent of County, which consent may be withheld in County's sole discretion. County's failure to enforce any provision of this Agreement will not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement will not be deemed a waiver of any subsequent breach and will not be construed to be a modification of the terms of this Agreement.

10.6. Compliance with Laws. City shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing its duties, responsibilities, and obligations pursuant to this Agreement.

10.7. Entire Agreement. This Agreement constitutes the entire agreement between the Parties with respect to its subject matter. It may not be modified or terminated except as provided in this Agreement. If any provision is deemed invalid by a court of competent

10.10. Priority of Provisions. If there is a conflict or inconsistency between any term, statement, requirement, or provision of any Exhibit attached hereto or referenced or incorporated herein and any provision in this Agreement, the provisions contained in this Agreement shall prevail and be given effect.
