**ENVIRONMENTAL PERMITTING DIVISION**

1 North University Drive, Mailbox 201, Plantation, Florida 33324 • 954-519-1483 • FAX 954-519-1412

**MEMORANDUM**

**DATE:** 6/13/2022

**TO:** Josie P. Sesodia, Director, UPD  
[PDMDInfo@broward.org](mailto:PDMDInfo@broward.org)

**FROM:** Lorenzo Fernandez, Assistant Director, EPD

**SUBJECT:** Plat Review

The Environmental Permitting Division (EPD) has reviewed the application for modifications to the Development Review Report for the subject plat. Pursuant to the request by the applicant, staff reviewed the information contained in the request, the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission.

<b>REVIEW OF PLAT APPLICATION</b> (please submit electronically)	
<b>Plat Number:</b> 069-MP-93-A	<b>Folio:</b> 513902040510
<b>Plat Name:</b> Replat of Portion of West Broward Industrial Park	
<b>Comments Due Date:</b> 6/13/2022	<b>Return Comments To:</b> PDMDInfo@broward.org
<b>Applicant's Request:</b> New Plat Reviews	
<b>Division:</b> Environmental Permitting	

Staff proposes the following disposition:

<b>Reviewer's Name: Yvel Rocher</b>	<b>Program: Domestic and Non-Domestic Wastewater And Surface Water Management</b>
-------------------------------------	---

Any objection to the plat as submitted.  
Answer: No

This plat is subject to the comments noted below.  
Answer: Yes

**Plat Comments, as needed:**

1. The Broward County Domestic Wastewater Licensing Program has no objection to the described plat. Nonetheless, should a sanitary sewer system be deemed available at the time of construction permitting, the site must connect to said sanitary sewer system in accordance with Sections 34-35(b), 34-45(a), and 27-193(b) of the Broward County Code of Ordinances. Contact the Environmental Permitting Division at 954-519-1483 or [WWLicense@broward.org](mailto:WWLicense@broward.org) for specific code requirements.
2. The Broward County Non-Domestic Wastewater Program has no objection to the described plat because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Environmental Permitting Division at 954-519-1483 or [NDDLICENSE@broward.org](mailto:NDDLICENSE@broward.org) for specific code requirements.
3. This site does not require a Broward County Surface Water Management License because it is located outside of the jurisdiction of the Broward County Surface Water Management Licensing Program.

<b>Reviewer's Name: Michelle Decker</b>	<b>Program: Aquatic and Wetland Resources</b>
---	---

Any objection to the plat as submitted.  
Answer: No

This plat is subject to the comments noted below.  
Answer: Yes

**Plat Comments, as needed:**

1. Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Permitting Division determined that, at this time, there are indications of wetlands within the boundaries of the plat. Based upon the present conditions within the site, filling of the land area will require an Environmental Resource License. A Wetland Determination inspection conducted on April 17, 2020, identified approximately 18.8 acres of jurisdictional wetlands on site (including three parcels).
2. The proposed development contains or abuts water bodies or will be creating same. Excavation or filling of lakes or canals, or installation of headwalls, end walls, or outfalls is regulated under Chapter 27, Article XI of the Natural Resource Protection Code and may require an Environmental Resource License. Design criteria shall be in compliance with Section 27-337 which requires that lake slopes be a minimum of 4:1 (H:V) to a depth of two (2) feet below the average dry season low water elevation as demonstrated by water management district or county maps. Littoral areas should be constructed and designed to encourage the growth of native, aquatic vegetation to improve filtration of runoff and to increase biological productivity per South Florida Water Management District and Broward County surface water management requirements. Contact the Environmental Permitting Division at 954-519-1483 or [AWRLicense@broward.org](mailto:AWRLicense@broward.org) for specific code requirements.
3. The Water and Environmental Licensing Section of the Environmental Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at <https://www.fleppc.org/list/list.htm>.
4. Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Permitting Division at 954-519-1483 or [AWRLicense@broward.org](mailto:AWRLicense@broward.org) for specific code requirements.
