This action is for approval of the proposed functionally integrated artwork design, in an amount not to exceed \$692,500 (estimated amount of \$650,000 for art, \$37,500 for contingency, and \$5,000 for an allied artist). The Division issued a Call to Artists on January 10, 2020, which garnered 157 applicants. The proposed conceptual artwork titled “Flora and Fauna” includes abstract visual references to the sun, the moon, sea life, and to the ebb and flow of the tides. A globe is central to the design with Broward County at its core.

An allied artist will be affiliated with this project (a local artist wishing to gain experience in the field of public art). The allied artist will assist the commissioned artist with the creation or selection of poetry that will be incorporated into the globe design and other components of the public art project.
