#### Summary Explanation/Background

In 2017, Chapter 22½ of the Broward County Code of Ordinances ("Code") was amended to provide for the one-time issuance of fifty (50) certificates of public convenience and necessity for wheelchair accessible vehicles ("WAV Certificates") to be awarded only to persons who had driven a taxicab in Broward County for a minimum of sixty (60) consecutive months. Fifty (50) associated bonus regular taxicab certificates of public convenience and necessity were also awarded to the recipients of the WAV Certificates. To qualify for a WAV Certificate, taxicab drivers were required to equip their vehicles with wheelchair lifts or ramps to allow for wheelchair accessibility. Equipping a wheelchair accessible taxicab is substantially more costly than equipping a non-accessible taxicab.

The 2017 amendment expressly prohibited these driver-owned wheelchair accessible vehicles from stationing in holding lots or waiting areas designated for taxicabs at both Fort Lauderdale-Hollywood International Airport ("Airport") and Port Everglades ("Port"). The proposed Ordinance would remove this prohibition.
