**Summary Explanation/Background**

THE PURCHASING DIVISION AND THE PUBLIC WORKS DEPARTMENT/WATER AND WASTEWATER SERVICES RECOMMEND APPROVAL OF THE ABOVE MOTIONS.

The purpose of this contract is to provide Wallace & Tiernan brand equipment, parts, and repair services. Water and Wastewater Services currently utilizes this brand of equipment for the purpose of maintaining critical chemical feed systems/chlorinators, ammonia feeders, and evaporators for odor control.

On December 9, 2022, the Purchasing Division issued a Request for Information (RFI) to ascertain whether there were any other entities able to provide Wallace & Tiernan equipment, parts, and services. There were no responses to the RFI. Additionally, the manufacturer indicated that the exclusive municipal representative for all Wallace & Tiernan equipment, parts, and services for the state of Florida is Water Treatment & Controls Company. Based on this information, the Director of Purchasing recommends approval of this reasonable source designation (Exhibit 1).
