#### Summary Explanation/Background

This item supports the Board Value, "Offering sustainable, compatible, innovative housing options for all income-levels, including integrated, permanent supportive housing."

Broward County is experiencing an affordable housing crisis, which has been exacerbated by recent price shocks in the residential rental market across our community. Residents desperately need access to affordable rental housing, as access to affordable housing remains essential for working

families to continue living in this community. Similarly, access to safe and stable housing is critical to individual well-being and family stability. For those reasons and more, it is fundamental for the health, safety, and welfare of Broward County residents for Broward County to protect residential tenants from discrimination and unfair and illegal rental practices.

If this item is approved, the Office of the County Attorney will analyze Tenant's Bills of Rights enacted in other jurisdictions and will prepare an Ordinance for consideration by the Board creating a Tenant's Bill of Rights, including requiring residential landlords in unincorporated Broward County to provide certain notices to tenants prior to entering into a rental agreement.
