**Summary Explanation/Background**

This item seeks Board approval of updated versions of two form interlocal agreements with municipalities and special districts relating to the collection method for non-ad valorem assessments.

Motion A: Section 197.3632, Florida Statutes, establishes a uniform method of levy, collection, and enforcement of non-ad valorem assessments, and requires municipalities and special districts

desiring to utilize the uniform method to enter into an agreement with the tax collector to perform such services on their behalf. The proposed updated form agreement is attached as Exhibit 1. The form agreement will be used with those municipalities and special districts electing to use the uniform method of collecting non-ad valorem assessments for new assessments or at such time existing agreements expire.

Motion B: Section 163.08, Florida Statutes, sets forth provisions for local governments to establish programs to finance PACE programs, in which the repayment of certain improvements is levied and collected as a non-ad valorem assessment. The proposed form agreement for PACE Program improvements is attached as Exhibit 2. The form agreement will be used when local governments authorized by Section 163.08, Florida Statutes, elect to collect their costs incurred for qualifying improvements using the uniform method. PACE assessments are subject to many, but not all, of the collection provisions contained in Section 197.3632, Florida Statutes.
