Summary Explanation/Background

THE FINANCE AND ADMINISTRATIVE SERVICES DEPARTMENT AND THE HUMAN RESOURCES DIVISION RECOMMEND APPROVAL OF THE ABOVE MOTIONS.

Motion A. Health Insurance Funding for Calendar Year 2023

The County has worked with its benefits consultant, USI Services LLC (USI), to make the following recommendations to the County's health plans and programs. To prepare for open enrollment for calendar year 2023, currently scheduled to begin on October 31, 2022, this item seeks Board approval of the funding for health and pharmacy benefits as provided below.

Health Plans:

Effective January 1, 2022, health and pharmacy were combined under the health plan. The following is the recommended health plan funding for calendar/plan year 2023:

- Combine the High Deductible Health Plan (HDHP) Base Plan and the HDHP Out-of-Network (OON) Plan, creating one HDHP with Out-of-Network coverage for all enrolled members (Exhibit 1). With OON coverage, enrolled members are able to receive medical services at the associated coverage cost, regardless of whether the physician or facility is in network. This proposed combination of HDHP plans is an enhancement to the current HDHP -Base Plan, in which a significant majority of County employees are currently enrolled.
- The new HDHP OON plan will be provided at the lower payroll deduction currently provided under the 2022 HDHP Base plan (Exhibit 2), which will provide a higher level of coverage, at the lower premium cost than has previously been offered.
- Per IRS guidelines, the minimum annual deductible allowed for an HDHP plan will increase from \$1,400 to \$1,500 for Single Coverage and from \$2,800 to \$3,000 for Dependent/Family Coverage. Employees enrolled in the HDHP Base plan will see an increase in their annual deductible. This increase in annual deductible will only impact employees enrolled in the 2022 HDHP Base plan.
- No increase in payroll deductions for the CDH Plan.
- Continue funding the Health Savings Account for the combined HDHP plans at the 2022 level (Single Coverage \$1,200; Dependent/Family Coverage \$2,400 per year).

Waiver Credit:

- Continue Waiver Credit provided to employees who waive County health insurance due to being enrolled under their spouse or parent plans, another group health plan, Medicare, Medicaid, TriCare, or Veteran's insurance.
 - Full-time employees: \$2,600 annually, paid on a biweekly basis.
 - Part-time 20 employees: \$1,300 annually, paid on a biweekly basis.

This recommendation also includes the continuation of the following health program initiatives:

1. The \$20 bi-weekly surcharge for working spouses/domestic partners who have health coverage available from their employers but chose to enroll in the County health plan.
2. The annual Engagement Incentive with the requirement that employees and spouses/domestic partners enrolled in the County's HDHP health plan must complete a designated preventive screening within the prior 12 months to receive County-funding in their

2023 Health Savings Account (HSA) or Health Reimbursement Account (HRA), if not eligible to participate in a Health Savings Account.

Motion B. County-paid Term Life and AD&D Insurance

The County provides \$25,000 of Group Basic Term Life and AD&D Insurance to all benefit-eligible employees on their first day in a benefit-eligible position. The amount has not increased since 2007 and this Amendment would increase the amount to \$50,000 effective January 1, 2023. This motion seeks authorization for the County Administrator to execute any necessary amendments to increase County-paid Life Insurance for benefit-eligible employees.

Motion C. County Match for Deferred Compensation Plan

The County offers a governmental 457 Deferred Compensation Plan, which allows benefit-eligible employees to defer a fixed dollar amount or percentage of their compensation on a tax-deferred (pre-tax) basis into an account with one, or more, of the three County vendors (Brighthouse, Nationwide and MissionSquare) for retirement savings. On December 4, 2018 (Item No. 51), the Board approved the County's Amended and Restated Master Deferred Compensation Plan, which allows for County contributions to employee accounts under Article 5, Employer Contributions.

The addition of a County deferred compensation match is intended to encourage more eligible employees to save for their retirement and financial wellbeing. The match would be based on a calendar year, with a \$2,000 annual cap. The match will be made on a dollar-for-dollar basis each pay period. Employee and County contributions are always vested and are for the exclusive benefit of the employee and their beneficiaries.
