None.

Summary Explanation/Background

THE PURCHASING DIVISION AND THE PUBLIC WORKS DEPARTMENT/HIGHWAY AND BRIDGE MAINTENANCE DIVISION RECOMMEND APPROVAL OF THE ABOVE MOTIONS.

The Office of Economic and Small Business Development did not assign Small Business Enterprise or County Business Enterprise goals for this project because this contract is based on the sole source request (Exhibit 2).

Motion A: This action will approve the sole source designation to Clarke Mosquito Control Products, Inc. for the procurement of mosquito control products for the Highway and Bridge Maintenance Division.

Motion B: The purpose of this contract is to furnish and deliver mosquito control products for the Highway and Bridge Maintenance Division and other County agencies that may have need for these services. The initial contract period shall begin on date of award.

This procurement is a crucial component to the safety and health of the County for mosquito control products, such as the larvicide and mosquito testing, and for the treatment of various areas in the County.

The Highway and Bridge Maintenance Division has reviewed the bid submitted by Clarke Mosquito Control Products, Inc. and concurs with the recommendation for award (Exhibit 3).

Two vendor performance evaluations have been completed for Clarke with an overall rating of 4.00 out of a possible rating of 5.0. Copies of the vendor performance evaluation are available upon request.

On August 26, 2022, the Purchasing Division issued Request for Information (RFI) No. BLD2125144F1 to ascertain whether the mosquito products were specified as a sole source or sole brand by the Highway and Bridge Maintenance Division. The RFI yielded zero response, which indicates there are no additional vendors authorized to sell the identified sole source/sole brand mosquito products.

On September 22, 2022, the Director of Purchasing approved the sole source/sole brand request (Exhibit 5).

The Purchasing Division researched the prices submitted by the sole source bidder, Clarke Mosquito Control Products, Inc., and determined that the prices submitted are fair and reasonable by comparing this distributor's bid to another governmental entity for like-kind products (Exhibit 4).

Incumbent: Clarke Mosquito Control Products, Inc., Contract Number and Title: Contract No. BLD2119385B1, Mosquito Control - Group 1, Contract Term: February 25, 2020 through March 14, 2023. Expenditures to date: \$39,506.

The bid was posted on November 7, 2022 and opened on November 17, 2022; one bid was received with zero declinations.

The amounts referenced in this agenda item were rounded to the nearest whole dollar.

Vendor payments will be based on the actual total bid amount. The bid tabulation reflects the actual amount of the award.
