**1. Land Use**

Planning Council staff has reviewed the proposed note, and the Future Land Use Element of the City of Deerfield Beach’s Comprehensive Plan is the effective land use plan. That plan designates the area covered by this plat for the uses permitted in the “Residential Irregular (39)” land use category. The referenced plat is located within an area that was the subject of Broward County Land Use Plan (BCLUP) amendment PC 18-8, adopted by the Board on September 25, 2018. It is subject to voluntary restrictions as stated in **Exhibit 3**.

Additionally, this request is a companion item for two additional note amendments being presented to the Board on June 15, 2021. Therefore, this plat must be in coordination with “Pennell Family Plat” (001-MP-95) and “Antibes Development Plat II” (006-MP-91).

**2. Affordable Housing**

This plat is subject to Policy 2.16.2 regarding affordable housing. In connection with PC 18-8, the applicant agreed to a voluntary contribution of \$500 per dwelling unit towards the City of Deerfield Beach’s affordable housing programs.

**3. Access**

Staff from the Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division have reviewed this application and have no objection to this note amendment.

**4. Municipal Review**

The City of Deerfield Beach has adopted a Resolution No. 2020-093 on August 4, 2020 supporting the application, which is attached in **Exhibit 4**.

**5. Concurrency – Transportation**

This plat is located in Northeast Transportation Concurrency Management Area which is subject to Transportation concurrency fees, as defined in Section 5-182.1(a)(5)a) of Land Development Code. However, no trips will be added to the network as proposed parking garage is an ancillary use and will not generate any trips by itself.

Proposed Use	Trips per Peak Hour (PM)

**6. Concurrency - Water and Wastewater Capacity**

This plat receives water and wastewater from the utilities listed below:

The Health Department has reviewed this application and no calculations are required for potable water review. Sufficient capacity exists at this time to serve the proposed development; however, approval of this plat note does not guarantee reservation of future capacity. Plat approval does not infer any approval to connect to any wastewater collection, treatment, or disposal system.

**7. Impact Fee Payment**

Transportation Concurrency and administrative fees will not be assessed, as proposed use will not add additional trips to the network.

**8. Environmental Review**

The plat note amendment application has been reviewed by Environmental Engineering and Permitting Division. **Exhibit 5** provides recommendations to the developer regarding environmental permitting for the future development.

**9. Historic Resources**

Review of available information including archival documents, maps, the Broward County Land Use Plan, and the Florida Master Site File by the County's consulting archaeologist indicates that the proposed development will not have an impact on historical or archaeological resources.

Power, Director of the City of Deerfield Beach Planning & Development Services at 954-480-4200, to seek project review for compliance with municipal historic preservation regulations.

In the event any unmarked human burial remains are discovered, pursuant to Florida Statute Chapter 872.05, all activity that may disturb the unmarked burial shall cease immediately, and the district medical examiner shall be notified. **12. Notice to Applicant**

The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.
