Narrative explaining proposed changes in detail including the desired result and justification for the request (attach additional sheet if necessary):

Existing gas station has inadequate safety and circulation. Abandonment of allowed 60' wide access opening centered 230' North of Tract C-2 South Plat Line on Flamingo Rd and addition of future 36' wide access opening restricted to right turn in only centered 266' North of Tract C-2 South Plat Line on Flamingo Rd. is required to re-align the entrance in accordance with site plan approved by City of Pembroke Pines Commission on May 23, 2017 as result of extensive modeling using fire truck, ambulance, commercial delivery, gasoline, garbage trucks, large passenger vehicles, and multiple reviews with FDOT and City key personnel.

**REQUIRED DOCUMENTATION**

Submit one (1) original and copy of each document listed below.

1. Narrative clearly describing proposed changes. Be sure to include detailed information of opening location, size, etc.
2. Letter from the applicable municipality, dated within six (6) months of this application, stating the city's position on this request.
3. Agreement and Title Opinion for staff review (contact staff for more information).
4. A valid pre-application approval letter from the Florida Department of Transportation, if applicable.
5. Approved or recorded plat. (A survey and site plan may be accepted for single family and duplex applications. Please consult with Planning and Development Management Division staff.)
6. A check for the application fees (if applicable) made payable to: **Broward County Board of County Commissioners**. Please consult the Development Permit Application Fee Schedule.

For ROADWAY RELATED items (1 through 5) listed under INSTRUCTIONS on Page 1 of this form, the following additional documents are also required:

1. The proposed site plan (2 original) which shows, at a minimum, the on-site traffic circulation system, adjacent roadway details, and the location of all existing and proposed driveway(s). The site plan must provide relevant dimensions and must be drawn to scale.
2. Signed and sealed drawings (2 original) clearly illustrating the proposed change(s). The drawings must provide relevant dimensions and must be drawn to scale.
3. A valid Pre-Application approval letter from the Florida Department of Transportation is required for all roadway and/or access related applications which abut a Trafficway that is functionally classified as a State Road. This requirement includes the creation or amendment of vehicular access and/or any improvements requiring permits from the State.

For NON-ROADWAY RELATED items (6 through 12) listed under INSTRUCTIONS on Page 1 of this form, please consult with Planning and Development Management staff to determine any additional required documentation.

**All documents listed must also be submitted electronically as a separate pdf on a CD, flash drive, etc.**

Subject: Non-Vehicular Access Line Amendment (NVAL)  
For: Chevron Gas Station #358 Improvements  
Address: 1501 S. Flamingo Road, Pembroke Pines, FL  
Plat: Pembroke Lakes South (PB 119, Pg. 1-09)

Dear Mrs. Sesodia,

Please consider this correspondence as formal letter of request for NVAL opening for mentioned above project, with following justification.

Existing gas station is located on 1.17 acres of land and currently has a total of 2,538 sf convenience stores with car wash and 6 multiproduct dispensers (12 vehicle fueling positions) It's capacities are inadequate in many aspects including safety and circulation. Hence, subject site requires a revitalization, involving significant improvements.

New site plan approved by City of Pembroke Pines Commission on May 23, 2017 will support 12 new modern multiple product dispensers with 24 fueling positions and new 20K regular, 15K premium, 15K diesel steel double wall underground storage tanks with state of the art fuel distribution system, fuel monitoring and leak detection, new ADA compliant 2,538 sf convenience store and parking, 2 canopies 5,052 sf total, resistant to tropical storms and hurricane, new dumpster/trash enclosure with loading zone conforming to Waste Management requirements, 760 sf enclosed automatic car wash, compressed air and vacuum, proper traffic circulation, pavement marking, adequate energy efficient lighting, drainage sufficient for storm water quality and quantity treatment. Building architecture, hardscaping, landscaping and signage will be consistent with Sunshine Gas new store image and City of Pembroke Pines codes and regulations.

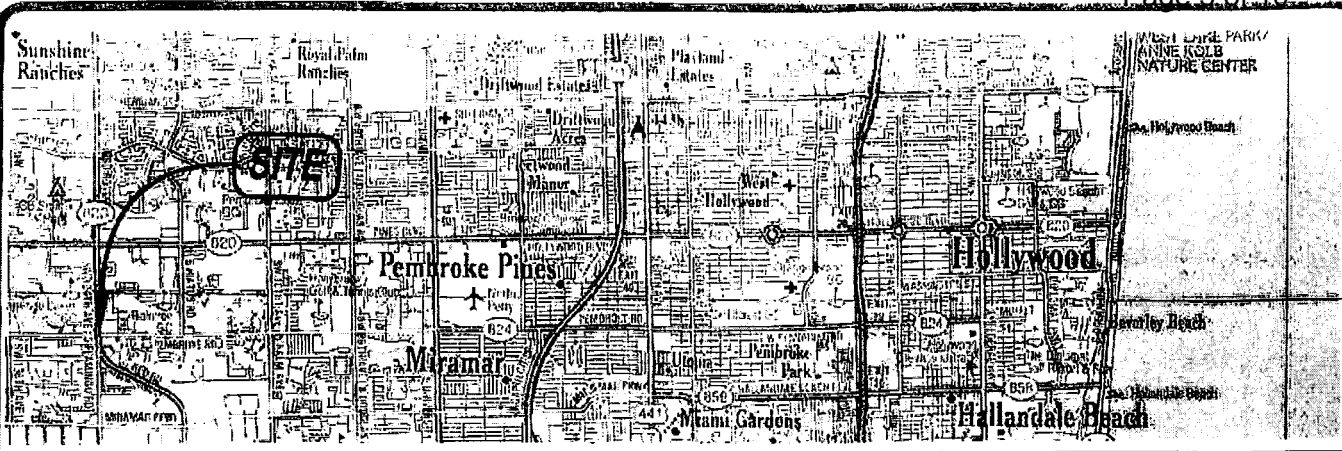

After multiple revisions and extensive modeling using fire, commercial delivery, gasoline, garbage trucks, large passenger vehicles, and reviews with City departments and FDOT the viable alternative was found and consensus with City was achieved regarding site traffic circulation. Abandonment of allowed 60' wide access opening centered 230' North of Tract C-2 South Plat Line on Flamingo Rd and addition of future 36' wide access opening restricted to right turn in only centered 266' North of Tract C-2 South Plat Line on Flamingo Rd. is therefore required to re-align the entrance in accordance with selected site layout. Please provide the letter of no objection for Broward County delegation request to amend the Pembroke Lakes South Plat (PB 119, Pg. 1-09).

Thank you in advance for your consideration and anticipated assistance. Please contact me directly at (954) 593-9021, if you have any questions.
