Catalog of Federal Domestic Assistance (CFDA): 21.027, Coronavirus State and Local Fiscal Recovery Funds				

THIS SUBRECIPIENT GRANT AGREEMENT ("Agreement") is entered into this ____ day of _____, 2021 (the "Effective Date"), between the State of Florida, Department of Transportation, an agency of the State of Florida (the "Department"), and Broward County, a political subdivision of the State of Florida (the "Sub-recipient") (each a "Party" and collectively, the "Parties").

The Parties agree as follows:

1. **Authority:** The Department is authorized to enter into this Agreement pursuant to Chapter 2021-36 Laws of Florida (Senate Bill No. 2500). The Sub-recipient by Resolution or other form of official authorization, a copy of which is attached as **Exhibit D, Sub-recipient Resolution** and made a part of this Agreement, has authorized its officers to execute this Agreement on its behalf.
2. **Purpose of Agreement.** The purpose of this Agreement is to provide a subaward of the Coronavirus State Fiscal Recovery Fund established under the American Rescue Plan Act of 2021 (ARPA) to respond to the negative economic impacts of the COVID-19 public health emergency, by stabilizing the Sub-recipient and provide working capital to lay the foundation for a strong and equitable recovery (the "Project"). The Project is more particularly described in **Exhibit A, Project Description and Responsibilities** to this Agreement.
3. **The Project.** The Sub-recipient agrees to perform and complete the Project in a satisfactory, timely and proper manner in accordance with all applicable laws and the terms and conditions of this Agreement. **Exhibit A** describes the scope of work to be performed by the Sub-recipient and provides a proposed schedule for the completion of the Project. The Project scope in **Exhibit A** identifies the ultimate project deliverables. Deliverables for requisition, payment and invoice purposes will be the incremental progress made toward completion of Project scope elements. All Project activities must be consistent with the scope described in **Exhibit A**. An amendment to this Agreement is required for any proposed change in the scope of work.
4. **Term of Agreement.** The term of this Agreement and the period for performance of the Project under this Agreement extends from the Effective Date through December 31, 2024 (the "Completion Date"). If the Sub-recipient does not complete the Project on or before the Completion Date, this Agreement will expire, unless the Completion Date is extended by an executed amendment to this Agreement. Expiration of this Agreement will be considered termination of the Project.
5. **Project Funding and Budget.**
 - a. **Project Cost.** The estimated cost of the Project is \$58,260,881 (the "Project Estimate"), and is allocated among the Project activities in **Exhibit B, Schedule of Financial Assistance**. An amendment to the grant agreement is required for any re-budgeting of Project funds provided under this Agreement.
 - b. **Department Subaward.** Under this Agreement, the Sub-recipient, a non-federal entity, is the subrecipient of the Coronavirus State Fiscal Recovery Funds awarded under ARPA. The Department will provide financial assistance for the Project up to the maximum amount of the federally funded subaward made under this Agreement, \$58,260,881 (the "Maximum Federal Financial Assistance"), as more specifically detailed in **Exhibit B**, in accordance with the terms and conditions of this Agreement. Any terms and conditions that are specific to this subaward are attached as **Exhibit A**, and shall control over any inconsistent provisions in the body of this Agreement or the other exhibits attached to this Agreement.

c. Matching Funds. The Sub-recipient agrees to provide all matching funds required under the terms of the federal grant. The eligibility and use of matching funds shall be governed by applicable federal law, regulations and guidance. The Sub-recipient is also responsible for all costs required to complete the Project that exceed the Project Estimate. The Sub-recipient shall take all actions required for the Sub-recipient to provide the necessary funds for the Project. The Department will have no responsibility for any Project costs in excess of the Maximum Federal Financial Assistance.

d. Eligible Costs. Financial assistance provided by the Department under this Agreement will only be available for eligible project costs as specifically detailed in **Exhibit A**, and prior to termination or expiration of this Agreement.

e. Ineligible Costs. In determining the amount of any payment, the Department will exclude all Project costs incurred after the expiration of the Agreement, costs which are not provided for in the latest approved schedule of financial assistance in **Exhibit B** for the Project, costs agreed to be borne by the Sub-recipient or its contractors and subcontractors for not meeting the Project commencement and final invoice time lines, and costs attributable to goods or services received under a contract or other arrangements which have not been approved in writing by the Department. The federal funds awarded under this Agreement will not be provided for any cost not incurred in accordance with applicable federal and state laws, regulations and grant program requirements. If the federal government of the United States or the Department determines that any cost claimed is not eligible, the Department will notify the Sub-recipient. The notification will identify the items and amounts not eligible for reimbursement with federal financial assistance and the reason the items and amount are not eligible. If the Sub-recipient is not in compliance with requirements of this Agreement, but such non-compliance is correctable during the term of this Agreement, financial assistance may be withheld by the Department until the non-compliance is corrected. If the Sub-recipient's non-compliance is not correctable during the term of this Agreement, the Department may deny use of federal funds, in whole or in part. If as a result of the Sub-recipient's failure to comply with the terms of this Agreement the federal government of the United States determines that federal financial assistance will no longer be available for the Project: (i) the Department is authorized to discontinue federal financial assistance for the Project under this Agreement; and (ii) the Department is not required to provide any additional state financial assistance for the Project. A determination by federal government of the United States that federal financial assistance is no longer available for the Project is final. The Sub-recipient waives any right to contest a discontinuance of financial assistance under this Agreement if federal government of the United States determines federal financial assistance is no longer available.

f. No Federal Obligation. This Agreement is financed by federal funds. However, payments to the Sub-recipient will be made by the Department. The United States is not a party to this Agreement and no reference in this Agreement, to the United States, U.S. Department of Transportation (USDOT), federal government of the United States or any representatives of the federal government makes the United States a party to this Agreement.

g. Subaward Contingent on Federal Funding. The Sub-recipient acknowledges and agrees that the Department's payment of funds under this Agreement is contingent on the Department receiving the funds from the federal government of the United States. If, for any reason, the federal government of the United States reduces the amount of federal funds available for this subaward, or otherwise fails to pay part of the cost or expense of the Project in this Agreement, only outstanding incurred costs within the limits of federal government of the United States provided financial assistance shall be eligible for reimbursement.

h. Repayment of Grant Funds. Upon a finding by federal government of the United States, or the Department in lieu of federal government of the United States, that the Sub-recipient has made an unauthorized or undocumented use of grant funds, or that any Project costs are ineligible for federal reimbursement, and upon a written demand for repayment issued by the Department, the Sub-recipient shall repay such amounts to the Department within 40 days of written demand. The Sub-recipient shall also repay any other grant funds received by the Sub-recipient under this Agreement in excess of the amount to which the Sub-recipient is entitled. Such funds shall be repaid to the Department within 40 days of written demand.

SUBRECIPIENT GRANT AGREEMENT

i. **Reversion of Unexpended Grant Funds.** All funds granted by the Department under this Agreement that have not been expended for Project activities during the term of this Agreement shall revert to the Department.

6. Invoices.

a. **Requests for Reimbursement.** In order to obtain any of the federal funds available from the Department under this Agreement, the Sub-recipient shall file with the Department Grant Manager its request for reimbursement and any other information regarding the Project and the Project Accounts (defined below) required to justify and support the payment request. Payment requests must include a certification, signed by an official who is authorized to legally bind the Sub-recipient, which reads as follows:

“By signing this report, I certify to the best of my knowledge and belief that the report is true, complete, and accurate, and the expenditures, disbursements and cash receipts are for the purposes and objectives set forth in the terms and conditions of the Federal award. I am aware that any false, fictitious, or fraudulent information, or the omission of any material fact, may subject me to criminal, civil or administrative penalties for fraud, false statements, false claims or otherwise. (U.S. Code Title 18, Section 1001 and Title 31, Sections 3729–3730 and 3801–3812).”

In the event the failure to timely submit invoices to the Department results in federal government of the United States removing any unbilled financial assistance or the loss of state appropriation authority, the Sub-recipient will be solely responsible to provide all funds necessary to complete the Project and the Department will not be obligated to provide any additional financial assistance for the Project.

b. **Deliverables and Supporting Documentation.** Requests for reimbursement or advance payment by the Sub-recipient shall include an invoice and supporting documentation for the period of work being billed that are acceptable to the Department. All costs invoiced shall be supported by a response spending plan, as described in **Exhibit G, Program Guidelines**, and **Exhibit H, Response Spending Plan**. The Sub-recipient shall use the format for the invoice that is approved by the Department. Approved invoice formats are found in **Exhibit F, Project Invoice Form**. Invoices shall be submitted by the Sub-recipient in detail sufficient for a proper pre-audit and post-audit based on the quantifiable, measurable and verifiable units of deliverables identified in **Exhibit A**. Supporting documentation must substantiate the amount of progress made on the Project in a quantifiable, measurable, and verifiable manner, and provide evidence that the payment requested is commensurate with the accomplished incremental progress and costs incurred by the Sub-recipient. Supporting documentation must also establish to the Department Grant Manager’s satisfaction that deliverables were received and accepted in writing by the Sub-recipient and must also establish that the required minimum level of service to be performed and criteria for evaluating successful completion have been met.

c. **Travel Expenses.**

Travel expenses are NOT eligible for reimbursement under this Agreement.

Travel expenses ARE eligible for reimbursement under this Agreement.

Bills for travel expenses specifically authorized in this Agreement shall be submitted on the Department's Contractor Travel Form No. 300-000-06 and will be paid in accordance with Section 112.061, Florida Statutes and the most current version of the Disbursement Handbook for Employees and Managers.

d. **Final Invoice.** The Sub-recipient must submit its final invoice and request for reimbursement for the Project to the Department within 120 days after the Completion Date, or completion of the Project if earlier. Invoices submitted after the 120-day time period may not be paid.

7. Provision of Subaward Funds.

a. Payments and Withholding. Subject to other provisions of this Agreement, the Department will reimburse the Sub-recipient for eligible project costs, up to the amount of the Maximum Federal Financial Assistance. Notwithstanding any other provision of this Agreement, the Department may elect by written notice not to make a payment if:

i. The Department determines that the Sub-recipient has misrepresented a material fact in any documents submitted to obtain the subaward of federal funds made under this Agreement, or any document or data furnished with its application or pursuant to this Agreement;

ii. There is any pending litigation with respect to the performance by the Sub-recipient of any of its duties or obligations which may jeopardize or adversely affect the Project, the Agreement or payments for the Project;

iii. The Sub-recipient takes any action on the Project which, under this Agreement, requires the approval of the Department or makes a related expenditure or incurs related obligations without Department approval when required;

iv. There has been any violation of the conflict of interest provisions contained in this Agreement; or

v. The Department determines the Sub-recipient is otherwise in default under any provisions of this Agreement.

b. Reimbursement Basis. Payment shall be made only after receipt and approval of deliverables and costs incurred unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes or the Department's Comptroller under Section 334.044(29), Florida Statutes. Advance payment is authorized for this Agreement and **Exhibit B2, Advance Payment Financial Provisions** is attached and incorporated into this Agreement.

c. Financial Consequences for Unsatisfactory Performance. If the Department determines that the performance of the Sub-recipient is unsatisfactory, the Department shall notify the Sub-recipient of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Sub-recipient shall, within five (5) days after notice from the Department, provide the Department with a corrective action plan describing how the Sub-recipient will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Sub-recipient will not be reimbursed to the extent of the non-performance. The Sub-recipient will not be reimbursed until the Sub-recipient resolves the deficiency. If the deficiency is subsequently resolved, the Sub-recipient may bill the Department for the unpaid reimbursement request(s) during the next billing period. If the Sub-recipient is unable to resolve the deficiency, the funds shall be forfeited at the end of the term of this Agreement.

d. Florida Prompt Payment Law. The Sub-recipient should be aware of the following time frames.

i. The Department has 20 days to deliver a request for payment (voucher) to the Department of Financial Services. The 20 days are measured from the later of the date the invoice is received or the date the goods or services are received, inspected, and approved. Approval and inspection of goods or services shall take no longer than 20 days following the receipt of a complete and accurate invoice.

ii. If a payment is not available within 40 days, then a separate interest penalty at a rate established pursuant to Section 55.03(1), Florida Statutes, will be due and payable, in addition to the invoice amount, to the Sub-recipient. The 40 days are measured from the later of the date the invoice is received or the date the goods or services are received, inspected, and approved. Interest penalties of less than one (1) dollar will not be enforced unless the Sub-recipient requests payment. Invoices that have to

be returned to the Sub-recipient because of Sub-recipient preparation errors will result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department. A Vendor Ombudsman has been established within Department of Financial Services. The duties of this individual include acting as an advocate for Agencies who may be experiencing problems in obtaining timely payment(s) from the Department. The Vendor Ombudsman may be contacted at (850) 413-5516.

e. Offsets. If, after Project completion, any claim is made by the Department resulting from an audit or for work or services performed pursuant to this Agreement, the Department may offset the amount claimed from payments due for work or services under any other agreement it has with the Sub-recipient if, upon demand, payment of the claimed amount is not made within 60 days to the Department. Offsetting any amount pursuant to this paragraph shall not be considered a breach of contract by the Department.

f. Appropriation Contingency. The Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature and the availability of the federal financial assistance awarded to the Sub-recipient under this Agreement.

g. Multi-year Contracts. In the event this Agreement is in excess of \$25,000 and has a term for a period of more than one year, the provisions of Section 339.135(6)(a), Florida Statutes, are hereby incorporated:

"The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding 1 year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years, and this paragraph shall be incorporated verbatim in all contracts of the Department which are for an amount in excess of \$25,000 and which have a term for a period of more than 1 year."

8. Records.

a. Project Records. The Sub-recipient shall establish for the Project, consistent with the Department's program guidelines/procedures and "Principles for State and Local Governments", 2 Code of Federal Regulations ("CFR") Part 225, separate accounts to be maintained within its existing accounting system or separate independent accounts ("Project Accounts"). The Sub-recipient shall charge to the Project Accounts all eligible costs of the Project except costs agreed to be borne by the Sub-recipient or its contractors and subcontractors. All costs recorded in the Project Accounts shall be supported by properly executed payrolls, time records, invoices, contracts or vouchers evidencing in proper detail the nature and propriety of charges.

b. Project Costs. Records of costs incurred under terms of this Agreement shall be maintained in the Project Accounts and made available upon request to the Department at all times during the period of this Agreement and for five (5) years after final payment is made for the applicable state fiscal year, or such longer period as may be required by applicable law. Copies of these documents and records shall be furnished to the Department and federal government of the United States upon request. Records of costs incurred include the Sub-recipient's general accounting records and the Project records, together with supporting documents and records of the Sub-recipient and all contractors and subcontractors performing work on the Project. If any litigation, claim, or audit is started before the expiration of the required retention period, the records shall be retained until all litigation, claims, or audit findings involving the records have been resolved.

c. Reports. The Sub-recipient shall submit to the Department such data, reports, records, contracts and other documents relating to the Project as the Department or federal government of the United States may require, including those documents listed in **Exhibit A** to this Agreement. The Department may, at its discretion,

require a progress report on a monthly basis. The progress report will include details of the progress of the Project towards meeting the requirements of the Agreement.

d. Federal Requirements. The Sub-recipient agrees to maintain property records, conduct physical inventories and develop control systems as required by 2 CFR Part 200, when applicable. In addition to the requirements of section 8, the Sub-recipient shall comply with the record retention requirements of 2 CFR 200.333, as amended or replaced from time to time.

e. Right-of-Way. For any project requiring additional right-of-way, the Sub-recipient must submit to the Department an annual report of its real property acquisition and relocation assistance activities on the project. Activities shall be reported on a federal fiscal year basis, from October 1 through September 30. The report must be prepared using the format prescribed in 49 CFR Part 24, Appendix B, and be submitted to the Department no later than October 15 of each year. Upon completion of right-of-way activities on the Project, the Sub-recipient must certify compliance with all applicable federal and state requirements. Certification is required prior to advertisement for or solicitation of bids for construction of the Project.

9. Audits. The administration of resources awarded through the Department to the Sub-recipient by this Agreement may be subject to audits and/or monitoring by the Department. The following requirements do not limit the authority of the Department to conduct or arrange for the conduct of additional audits or evaluations of Federal awards or limit the authority of any State agency inspector general, the State of Florida Auditor General or any other State official. The Sub-recipient shall comply with all audit and audit reporting requirements as specified below:

a. In addition to reviews of audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, and section 215.97 Florida Statutes, monitoring procedures may include but not be limited to on-site visits by Department staff, limited scope audits as defined by 2 CFR 200.425, and/or other procedures including, reviewing any required performance and financial reports, following up, ensuring corrective action, and issuing management decisions on weaknesses found through audits when those findings pertain to Federal awards provided through the Department by this Agreement. By entering into this Agreement, the Sub-recipient agrees to comply and cooperate fully with any monitoring procedures/processes deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the Sub-recipient is appropriate, the Sub-recipient agrees to comply with any additional instructions provided by Department staff to the Sub-recipient regarding such audit. The Sub-recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department, State of Florida Chief Financial Officer (CFO) or State of Florida Auditor General.

b. The Sub-recipient, a non-Federal entity as defined by 2 CFR Part 200, Subpart F – Audit Requirements as a subrecipient of a Federal award awarded by the Department through this Agreement is subject to the following requirements:

i. In the event the Sub-recipient expends a total amount of Federal awards equal to or in excess of the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, the Sub-recipient must have a Federal single or program-specific audit for such fiscal year conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements. **Exhibit E, Federal Financial Assistance (Single Audit Act)** to this Agreement identifies the Federal resources awarded through the Department by this Agreement. In determining Federal awards expended in a fiscal year, the Sub-recipient must consider all sources of Federal awards, including Federal award resources received from the Department. The determination of amounts of Federal awards expended should be in accordance with the guidelines established in 2 CFR §§200.502-503, as amended. An audit of the Sub-recipient conducted by the State of Florida Auditor General in accordance with the provisions of 2 CFR §200.514, will meet the requirements of this part.

ii. In connection with the audit requirements, the Sub-recipient shall fulfill the requirements relative to the auditee responsibilities as provided in 2 CFR §§200.508-512, as amended.

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**CORONAVIRUS STATE FISCAL RECOVERY FUNDS
SUBRECIPIENT GRANT AGREEMENT**

iii. In the event the Sub-recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards, the Sub-recipient is exempt from Federal audit requirements for that fiscal year. However, the Sub-recipient must provide a single audit exemption statement to the Department at FDOTSingleAudit@dot.state.fl.us no later than nine months after the end of the Sub-recipient's audit period for each applicable audit year. In the event the Sub-recipient expends less than the threshold established by 2 CFR Part 200, Subpart F – Audit Requirements, in Federal awards in a fiscal year and elects to have an audit conducted in accordance with the provisions of 2 CFR Part 200, Subpart F – Audit Requirements, the cost of the audit must be paid from non-Federal resources (i.e., the cost of such an audit must be paid from the Sub-recipient's resources obtained from other than Federal entities).

iv. Copies of reporting packages for audits conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, and required by this section, shall be submitted, when required by 2 CFR §200.512, by or on behalf of the Sub-recipient directly to the Federal Audit Clearinghouse (FAC) as provided in 2 CFR §200.36 and §200.512. The FAC's website provides a data entry system and required forms for submitting the single audit reporting package. Updates to the location of the FAC and data entry system may be found at the OMB website. The FAC is the repository of record for audits required by 2 CFR Part 200, Subpart F – Audit Requirements, and this Agreement. However, the Department requires a copy of the audit reporting package also be submitted to FDOTSingleAudit@dot.state.fl.us within the earlier of 30 calendar days after receipt of the auditor's report(s) or nine months after the end of the audit period as required by 2 CFR Part 200, Subpart F – Audit Requirements.

v. Within six months of acceptance of the audit report by the FAC, the Department will review the Sub-recipient's audit reporting package, including corrective action plans and management letters, to the extent necessary to determine whether timely and appropriate action on all deficiencies has been taken pertaining to the Federal award provided through the Department by this Agreement. If the Sub-recipient fails to have an audit conducted in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, the Department may impose additional conditions to remedy noncompliance. If the Department determines that noncompliance cannot be remedied by imposing additional conditions, the Department may take appropriate actions to enforce compliance, which actions may include, but are not limited to, the following:

- (a) Temporarily withhold cash payments pending correction of the deficiency by the Sub-recipient or more severe enforcement action by the Department;
- (b) Disallow (deny both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
- (c) Wholly or partly suspend or terminate the Federal award;
- (d) Initiate suspension or debarment proceedings as authorized under 2 CFR Part 180 and Federal awarding agency regulations (or in the case of the Department, recommend such a proceeding be initiated by the Federal awarding agency);
- (e) Withhold further Federal awards for the Project or program;
- (f) Take other remedies that may be legally available.

vi. As a condition of receiving this Federal award, the Sub-recipient shall permit the Department, or its designee, the CFO or State of Florida Auditor General access to the Sub-recipient's records including financial statements, the independent auditor's working papers and project records as necessary. Records related to unresolved audit findings, appeals or litigation shall be retained until the action is complete or the dispute is resolved.

vii. Copies of financial reporting packages required by this section shall be submitted by or on behalf of the Sub-recipient directly to each of the following:

viii. Any reports or other information required to be submitted to the Department pursuant to this Agreement shall be submitted timely in accordance with 2 CFR §200.512, section 215.97, Florida Statutes, and Chapters 10.550 (local government entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, as applicable.

ix. The Sub-recipient, when submitted financial reporting packages to the Department for audits done in accordance with 2 CFR Part 200, Subpart F – Audit Requirements, or Chapters 10.550 (local government entities) and 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General, should indicate the date that the reporting package was delivered to the Sub-recipient in correspondence accompanying the reporting package.

c. The Sub-recipient shall retain sufficient records demonstrating its compliance with the terms of the award and this Agreement for a period of five years from the date the audit report is issued and shall allow the Department, or its designee, the CFO or State of Florida Auditor General access to such records upon request. The Sub-recipient shall ensure that the audit working papers are made available to the Department, or its designee, the CFO, or State of Florida Auditor General upon request for a period of five years from the date the audit report is issued unless extended in writing by the Department. The Sub-recipient shall further permit access to all Project records by the Secretary and Inspector General of the federal government of the United States and the Comptroller General of the United States, or their designees.

d. The Sub-recipient shall permit, and shall require its contractors to permit, the Department's and federal government of the United States' authorized representatives to access the Project site; inspect all work, materials, payrolls, and records; and to audit the books, records and accounts pertaining to the financing and development of the Project.

10. Termination and Suspension.

a. **Generally.** If: (i) the Sub-recipient abandons or, before the end of the state fiscal year for which financial assistance for the Project is provided under this Agreement, finally discontinues the Project; (ii) the Sub-recipient fails to comply with applicable law or the terms of this Agreement; or (iii) for any other reason, the commencement, prosecution, or timely completion of the Project by the Sub-recipient is rendered improbable, infeasible, impossible, or illegal, the Department may, by written notice to the Sub-recipient, suspend any or all of its obligations under this Agreement until such time as the event or condition resulting in such suspension has ceased or been corrected, or the Department may terminate any or all of its obligations under this Agreement. Termination of this Agreement shall be governed by the provisions of 2 CFR Part 200.

b. **Actions Upon Termination or Suspension.** Upon receipt of any final termination or suspension notice from the Department, the Sub-recipient shall proceed promptly to carry out the actions required in such notice, which may include any or all of the following: (1) necessary action to terminate or suspend, as the case may be, Project activities and contracts and such other action as may be required or desirable to keep to the minimum the costs upon the basis of which the financing is to be computed; (2) furnish a statement of the Project activities and contracts, and

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION

other undertakings the cost of which are otherwise includable as Project costs; and, (3) remit to the Department such portion of the financing and any advance payment previously received as is determined by the Department to be due under the provisions of the Agreement. The termination or suspension shall be carried out in conformity with the latest schedule, plan, and budget as approved by the Department or upon the basis of terms and conditions imposed by the Department upon the failure of the Sub-recipient to furnish the schedule, plan, and budget within a reasonable time. The approval of a remittance by the Sub-recipient shall not constitute a waiver of any claim which the Department may otherwise have arising out of this Agreement.

11. Contracts of the Sub-recipient.

a. Approval Required. Except as otherwise authorized in writing by the Department, the Sub-recipient shall not execute any contract or obligate itself in any manner requiring the disbursement of Department funds, including consultant or construction contracts or amendments thereto, with any third party with respect to the Project without the written approval of the Department. Failure to obtain such approval shall be sufficient cause for nonpayment by the Department. The Department specifically reserves the right to review the qualifications of any consultant or contractor and to approve or disapprove the employment of such consultant or contractor.

b. Consultant Services. The Sub-recipient acknowledges and agrees that any Project consultant contract for engineering, architecture or surveying services must be procured in compliance with the provisions of Chapter 287.055, Florida Statutes, Consultants' Competitive Negotiation Act, and the federal Brooks Act, 23 CFR 172, and 23 U.S.C. 112. At the discretion of the Department, the Sub-recipient will involve the Department in the consultant selection process for all applicable project agreements funded under this Agreement. In all cases, the Sub-recipient's attorney shall certify to the Department that selection has been accomplished in compliance with Chapter 287.055, Florida Statutes, the Consultants' Competitive Negotiation Act and the federal Brooks Act.

c. Compliance with Federal Requirements. The Sub-recipient shall comply with, and require its consultants and contractors to comply with applicable federal law pertaining to the use of federal-aid funds. The Sub-recipient shall comply with and include the applicable provisions described in Appendix II to 2 CFR Part 200 — Contract Provisions for non-Federal Entity Contracts Under Federal Awards — in each contract it enters into for the Project.

d. Preference for State Residents. If the Project is procured pursuant to Chapter 255, Florida Statutes, for construction services and at the time of the competitive solicitation for the Project fifty (50) percent or more of the cost of the Project is to be paid from state-appropriated funds, the Sub-recipient must comply with the requirements of Section 255.099(1), Florida Statutes. However, for all Project work eligible for reimbursement with the federally funded subaward under this Agreement, this paragraph may not be enforced in such a manner as to conflict with or be contrary to federal law prescribing a labor preference to honorably discharged soldiers, sailors, or marines, or prohibiting as unlawful any other preference or discrimination among the citizens of the United States.

e. Force Account Work, Indirect Costs.

If this box is checked, the Sub-recipient is permitted to utilize its own forces in performing the Project. If the Sub-recipient proceeds with any phase of the Project utilizing its own forces, the Sub-recipient will only be reimbursed for direct costs (this excludes general overhead).

g. The Sub-recipient shall require its consultants and contractors to take emergency steps to close any public road whenever there is a risk to life, health and safety of the travelling public. The safety of the travelling public is the Department's first priority for the Sub-recipient. If lane or road closures are required by the Sub-recipient to ensure the life, health, and safety of the travelling public, the Sub-recipient must notify the District Construction Engineer and District Traffic Operations Engineer immediately once the travelling public are not at imminent risk. The Department expects professional engineering judgment be applied in all aspects of locally delivered projects. Defect management and supervision of the Project's structures components must be proactively managed, monitored, and inspected by department prequalified structures engineer(s). The District Construction Engineer must be notified immediately of defect monitoring that occurs in Sub-recipient's project construction, whether or not the defects are considered an imminent risk to life, health, or safety of the travelling public. Except as otherwise provided in 2 CFR Part 200, the Sub-recipient agrees to remit to the Department a proportional amount of the proceeds from the disposal of such facility or equipment. Such proportional amount shall be determined on the basis of the ratio of the Department financing of the facility or equipment provided under this Agreement to the total cost of such facility or equipment. Sale of Project property developed or acquired with Department funds shall be at market value as determined by appraisal or public bidding process, and the contract and process for sale must be approved in

The foregoing indemnification shall not constitute a waiver of the Department's or the Sub-recipient's sovereign immunity. Nor shall the same be construed to constitute agreement by Sub-recipient's contractor/subconsultant to indemnify the Sub-recipient for the negligent acts or omissions of the Sub-recipient, its officers, agents, or employees, or for the acts of third parties. Nor shall the same be construed to constitute agreement by Sub-recipient's contractor/subconsultant to indemnify the Department for the negligent acts or omissions of the Department, its officers, agents, or employees, or for the acts of third parties.

This indemnification shall survive the termination of this Agreement."

c. Workers' Compensation. The Sub-recipient shall provide Workers' Compensation Insurance in accordance with Florida's Workers' Compensation law for all employees. The limits of coverage shall not be less than \$1,000,000 for each occurrence and not less than a \$5,000,000 annual general aggregate, inclusive of amounts provided by an umbrella or excess policy. The limits of coverage described herein shall apply fully to the work or operations performed under the Agreement, and may not be shared with or diminished by claims unrelated to the Agreement. The policy/ies and coverage described herein may be subject to a deductible and such deductibles shall be paid by the Named Insured. No policy/ies or coverage described herein may contain or be subject to a Retention or a Self-Insured Retention unless the Sub-recipient is a state agency or subdivision of the State of Florida that elects to self-perform the Project. The railroad shall also be added along with the Department as an Additional Insured on the policy/ies procured pursuant to the paragraph above. Prior to the execution of the Agreement, and at all renewal periods which occur prior to final acceptance of the work, both the Department and the railroad shall be provided with an ACORD Certificate of Liability Insurance reflecting the coverage described herein. The insurance described herein shall be maintained through final acceptance of the work. Both the Department and the railroad shall be notified in writing within ten days of any cancellation, notice of cancellation, renewal, or proposed change to any policy or coverage described herein. The Department's approval or failure to disapprove any policy/ies, coverage, or ACORD Certificates shall not relieve or excuse any obligation to procure and maintain the insurance required herein, nor serve as a waiver of any rights the Department may have.

PROGRAM GUIDELINES

1. **Goal.** The American Rescue Plan Act (ARPA) provides a substantial infusion of resources to meet pandemic response needs and rebuild a stronger, more equitable economy as the country recovers.¹
2. **Mission.** The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) Program provides a substantial infusion of resources to communities working to turn the tide on the pandemic, address its economic fallout, and lay the foundation for a strong and equitable recovery.²
3. **Purpose.** To use Coronavirus SLFRF to respond to the negative economic impacts of the COVID-19 public health emergency, by providing a substantial infusion of fiscal resources to immediately stabilize sub-recipient Florida seaports for negative economic impacts experienced by those sub-recipients and provide working capital to lay the foundation for a strong and equitable national recovery.
4. **Roles and responsibilities.**
 - a. **Recipient.** The State of Florida is the recipient of SLFRF Program funds.
 - b. **Sub-recipient.** Florida's Chief Financial Officer transfers SLFRF Program funds to the Florida Department of Transportation (Department), a sub-recipient.³
 - c. **Sub-recipient.** The Department transfers SLFRF Program funds to fourteen (14) sub-recipient Florida seaports, members of a group, who experienced negative economic impacts after January 27, 2020.⁴
5. **Pre-award data demonstrating negative economic impact and equitable response.** Florida has fourteen (14) active deep-water seaports, with business operations that generate operating revenues and operating expenses. Interim Final Rule RIN 1505-AC77, published in the Federal Register on May 17, 2021, by the United States Department of Treasury, provides guidance and standardized methodology for the calculation of negative economic impacts. This standardized methodology includes four steps:
 - a. **Step 1.** Identify revenues collected in the most recent full fiscal year prior to the public health emergency (i.e., last full fiscal year before January 27, 2020), called the base year revenue.
 - i. End date of last full fiscal year before January 27, 2020 (month day, year): September 30, 2019
 - ii. Last full fiscal year (year): 2019
 - iii. Base Revenues collected in last full fiscal year (amount): See Table 1.
 - b. **Step 2.** Estimate counterfactual revenue, which is equal to base year revenue * [(1 + growth adjustment)^(n/12)], where n is the number of months elapsed since the end of the base year to the calculation date, and growth adjustment is the greater of 4.1 percent and the sub-recipient's average annual revenue growth in the three full fiscal years prior to the COVID-19 public health emergency.

¹ U.S. Department of the Treasury. (05/17/2021). Interim Final Rule [IFR] RIN 1505-AC77, Coronavirus State and Local Fiscal Recovery Funds. Federal Register, Vol. 86, No. 93: p. 26787.

² U.S. Department of the Treasury. (2021). Recipient Compliance and Reporting Responsibilities (07/01/2021), <https://home.treasury.gov/policy-issues/coronavirus/assistance-for-state-local-and-tribal-governments/state-and-local-fiscal-recovery-funds/recipient-compliance-and-reporting-responsibilities>.

³ Chapter 2021-36 Laws of Florida (Senate Bill No. 2500) authorizes the Chief Financial Officer and the Department to transfer SLFRF Program funds.

⁴ U.S. Department of the Treasury. (06/24/2021). Coronavirus State and Local Fiscal Recovery Funds, Frequently Asked Questions. Section 2.17 states: "... the recipient need only demonstrate that the [entity] is within the population or group that experienced a negative economic impact. ..." And, January 27, 2020, is the beginning of the federal COVID-19 public health emergency.

**CORONAVIRUS STATE FISCAL RECOVERY FUNDS
SUBRECIPIENT GRANT AGREEMENT**

- i. Sub-recipient's average annual revenue growth in the three full fiscal years prior to the public health emergency (i.e., last full fiscal year before January 27, 2020): See Table 2.
 - ii. Determine if sub-recipient's average annual revenue growth is greater than 4.1 percent. Use the greater percentage to calculate counterfactual revenue: See Table 3.
 - iii. End of the base year (month day, year): September 30, 2019
 - iv. Calculation date (month day, year): December 31, 2020
 - v. Number of months elapsed since the end of the base year to the calculation date (i.e., December 31, 2020): n = 15 months
 - vi. Calculate counterfactual revenue: $\text{Base Revenues} * ((1 + \text{ ______ \% growth}) ^ (\underline{15} / 12)) = \$ \text{ ______}$
- c. **Step 3.** Identify actual revenue, which equals revenues collected over the past twelve months (e.g., January 2020 to December 2020) as of the calculation date (i.e., December 31, 2020).
- i. Twelve-month collection period (month, year to month, year): January 2020 to December 2020
 - ii. Calculate actual revenues collected over the past twelve months as of the calculation date.
 - iii. Actual revenue collected during twelve-month period (amount): See Tables 4 and 5.
- d. **Step 4.** The extent of the reduction in revenue is equal to counterfactual revenue less actual revenue. If actual revenue exceeds counterfactual revenue, the extent of the reduction in revenue is set to zero for that calculation date.
- i. Counterfactual revenue (amount): See Tables 4, 5 and 6.
 - ii. Actual revenue collected during twelve-month period (amount): See Tables 4 and 5.
 - iii. Extent of the reduction in revenue (amount): See Tables 4, 5 and 6.
- e. **Tables.** The tables below contain the inputs and outputs outlined in United States Department of the Treasury's standardized methodology for the calculation of negative economic impacts.

- f. **Equitable response, negative economic impact to Florida seaport communities.** As outlined above, Florida's fourteen (14) active deep-water seaports are members of a group, who experienced significant negative economic impacts after January 27, 2020. For the majority, the federal guidance and standardized methodology for the calculation of negative economic impacts illustrates the significant fiscal impact of the pandemic related economic fallout. For other seaports without directly quantifiable impacts, the economic fallout is more observable by impacts to the broader local and regional economies.

As illustrated by Figure 1, Florida's seaports are geographically disbursed, and all contribute to local and regional economies. As described below, stabilizing, and investing in Florida seaports will lay the foundation for a strong national recovery by catalyzing broader economic recovery and rebuilding. To catalyze a broader and more equitable response, minimum allocation amounts have been established, and listed in Table 8.

6. Performance metric.

- a. **Sub-recipient.** Florida has fourteen (14) deep-water seaports, with business operations that generate operating revenues and operating expenses. As outlined in Section 5, Florida's seaports are members of a group, who experienced negative economic impacts after January 27, 2020.
- b. **Problem.** Since the first case of coronavirus disease 2019 (COVID-19) was discovered in the United States in January 2020, the disease has infected over 32 million and killed over 575,000 Americans.⁵ As global social distancing became a necessity, transportation sharply reduced, including the movement of cargo and passengers at both domestic and international seaports. Florida seaports have been affected by required closures and resulting economic fallout both domestically and internationally.

Florida seaports have business operations that generate operating revenues and operating expenses. Business revenues are tied to the movement of passengers, cargo, customer service fees, and customer lease agreements. Domestically, from March 2020 through June 2021, business revenues from the movement of passengers declined nearly -100.0% for some seaports. For calendar year 2020, Florida saw a -39.3% drop in visitors (or -51.669 million fewer) compared to the prior year, which significantly reduced demand for cargo imports from Florida seaports.⁶ Internationally, world travel to Atlantic, Caribbean, Gulf of Mexico and Latin American destinations also declined sharply, which reduced demand for cargo originating from Florida seaports.

As of July 2021, required full closures for some seaport activities lasted from March 2020 through June 2021 (15 months of negative economic impacts), with partial reopening occurring in late-June 2021. As outlined in Table 7, for the period of January 2020 through December 2020, the total negative economic harm experienced by Florida seaports exceeds \$245.6 million dollars.

- c. **Immediate effects of the problem and how the effects may manifest over time.** Florida's seaports are economic engines for the United States economy that create primary, secondary and tertiary economic activities throughout the nation. In Florida alone, seaports have a \$117.6 billion positive economic impact and account for more than 900,000 direct and indirect jobs.

Florida seaports have business operations that generate operating revenues. The overwhelming majority of operating revenues are utilized for the expansion or upgrading of tourism, transportation, and hospitality facilities. New seaport facilities often last for 30 or more years, and result in multi-generational impacts for Americans. For every \$1.00 dollar invested in Florida seaports, there is nearly a \$7.00 dollar return on investment (or 7:1 ROI) to the United States economy.

As described above, Florida seaports business operations have been affected by required closures and resulting economic fallout both domestically and internationally, which has resulted in economic harms arising from reductions in operating revenues. Immediate effects of the economic harm resulted in delaying expansion or upgrading projects, delaying non-critical maintenance, and reducing work forces.

In general, in early calendar year 2020, the world was uncertain how long the pandemic and related social distancing would continue. By the end of March 2020, Florida seaports were developing business operation scenarios based on projected reopening and recovery timeframes. A range of projections had reopening occurring in July 2020, while more conservative projections planned for twelve months (through February 2021) of required closures. As of July 2021, required full closures for some seaport activities lasted from March 2020 through June 2021 (15 months of negative economic impacts), with partial reopening occurring in late-June 2021.

Generally, in order to cut business expenses, seaports first delayed expansion or upgrading projects that were not already under contract. As described above, seaport investments have a significant (7:1 ROI) and

long-term (≥ 30 year) positive impact on the United States economy. Delaying a project for a year, is a year that the United States economy does not benefit from the multiplied (7x) positive economic impacts of a given project. Despite sharply declining business revenues and uncertainties in future business cash flow, some expansion or upgrading projects continued, some of which were goodwill projects to keep the economy of the United States moving forward. These continuing projects have further eaten away any business operating revenues and the long-term fiscal ability of seaports to recover.

Early on, seaports remained hopeful that business would return to normal, keeping full payrolls of staff ready for their doors to reopen to returning customers. In addition, the seaport industry is complex, and training staff for most entry-level positions takes an average of six to nine months. In other words, if a new business owner wanted to open their doors to customers, at a minimum, they would need to hire and train entry-level staff during the preceding six months leading up to the first day of customer service delivery.

Delaying maintenance of seaport facilities located in a corrosive saltwater environment, manifests over time in terms of both costs and duration of time a facility may need to be taken out of service to customers. Long-term increased maintenance costs reduce funding available to complete other business investments, which reduces overall economic activity. Increasing the duration of time in which a facility is out of service reduces the national economic activity associated with the facility being in service.

Despite the economic fallout from the pandemic and documented economic harms Florida seaports have experienced, Florida seaports have continued to contribute to the national economy by maintaining primary jobs, creating secondary jobs across their regions, and keeping their doors open to a significantly reduced customer base. They have also continued to complete critical maintenance projects to prevent facilities from failing pre-maturely and to maintain readiness for returning customers once the nation reopened. These investments in the United States economy have resulted in 'bleeding' of business expenses during a period of significant reductions in customers and resulting significant declines in business revenues.

Finally, as described above, Florida's seaports are economic engines for the United States economy. Stabilizing Florida seaports is a critical need for the United States and will lay the foundation for a strong national recovery by catalyzing broader economic recovery and rebuilding. Because of their significant economic impact, delaying recovery of Florida seaports will manifest over time as delayed national recovery.

- d. **Use of funding.** To use SLFRF Program funds to provide a substantial infusion of fiscal resources to immediately stabilize sub-recipients for economic harms experienced by those sub-recipients and provide working capital to lay the foundation for a strong and equitable recovery.
- e. **How the use addresses the need or responds to the identified need.** Sub-recipient seaports have experienced significant economic harms due to the pandemic and need to be immediately stabilized with a substantial infusion of fiscal resources. The Department will address the identified need by providing a substantial infusion of fiscal resources to immediately stabilize sub-recipients and provide working capital to lay the foundation for a strong and equitable recovery.
- f. **Evidenced-based intervention.** SLFRF Program funds will be used as an intervention to provide a substantial infusion of fiscal resources. Evaluation of program outcomes will use preliminary evidence via tracking program sub-recipient statistics and measuring sub-recipient responses at the end of the program. Sub-recipient statistics will be collected for sub-recipient fiscal years 2016 through 2019, which includes the most recent full fiscal year prior to the public health emergency (i.e., last full fiscal year before January 27, 2020), to establish a performance baseline and pre-pandemic trend. Statistics will be collected annually for sub-recipient fiscal years 2020 through 2026, to monitor annual progress and measure sub-recipient responses at the end of the program. Variables that will be collected, monitored and used to measure sub-recipient responses at the end of the program, include: direct jobs, operating revenues, operating expenses, total cargo tonnage, and total passenger movements. Table 9 illustrates how data will be collected to evaluate program outcomes. Sub-recipients will report data in their respective Quarterly Project and Expenditure Reports.

- a. **Allowable costs.** Example eligible uses that are applicable to sub-recipients, are grouped into categories and listed in Table 10. Allowable costs do not have to be COVID-19 related; however, sub-recipients will have to report how SLFRF Program funds are used to respond to negative economic impacts or lay the foundation for a strong and equitable recovery.

will occur as cash transfers on a working capital advance basis (i.e., Advance Payment(s)).⁸ Total cash transfers to each sub-recipient will be equal to or less than the Maximum Federal Financial Assistance amount, listed in **Exhibit B, Schedule of Financial Assistance**.

- a. **Grant agreement.** The Department enters into grant agreements with each of the fourteen (14) individual sub-recipient seaports.
- b. **Response spending plan.** Prior to submitting a first invoice, sub-recipients must utilize the template included in **Exhibit H, Response Spending Plan**, to develop and submit a response spending plan to the Department. The response spending plan will outline how SLFRF Program funds disbursed through a first invoice will be used to respond to negative economic impacts and lay the foundation for a strong and equitable recovery.
- c. **First invoice.** Sub-recipients will use **Exhibit F, Project Invoice Form**, to submit invoices. For the first invoice, sub-recipients may invoice the Department for an amount equal to or less than 50% of the respective amount listed in **Exhibit B, Schedule of Financial Assistance**.⁹ The first invoice amount must also be equal to or less than the allowable costs incurred on or after March 3, 2021, through the invoice date. The first invoice amount must also be equal to or less than the planned allowable expenditures for 90 days after the invoice date (i.e., 90-days of working capital). The first invoice amount must also be equal to or less than the total amount listed in an approved response spending plan.
- d. **Transfer and deposit.** Funds are disbursed as advance payments to sub-recipient. Sub-recipients deposit funds into a dedicated (i.e., non-comingling), interest generating account.¹⁰
- e. **Package of supporting documentation.** On or within 90 days of the first or most recent invoice disbursement date, sub-recipients submit an electronic supporting documentation package to the Department.¹¹
 - i. **Cover sheet.** The package will contain a cover sheet, which lists allowable costs by category (see Table 10) incurred on or after March 3, 2021.¹² The cover sheet will itemize allowable costs by category and calculate a total allowable cost. The sub-recipient will report, and list interest earned as of the documentation date and subtract this amount from the total allowable cost to establish a grand total. The sub-recipient will then list the balance of SLFRF held in the interest generating account and subtract the grand total of allowable costs incurred, to establish a reported SLFRF remaining balance. If the grand total of allowable costs incurred exceeds the balance of transferred SLFRF funds, this should be represented and reported as a negative SLFRF remaining balance.
 - ii. **Package.** The cover sheet will be followed by a current bank statement for the interest generating account and detailed documentation to support the allowable costs reported in the cover sheet. The package will include one or more tables which list and summarize expenditures (i.e., invoice or purchase order number and date; vendor name; service dates; dollar amount) in the order the supporting documentation appears in the package.¹³ The package must include tabs and organize supporting

⁹ Per U.S. Department of the Treasury SLFRF transfer methodology, "substantial infusion" of fiscal resources has occurred as Tranches (e.g., 50% of the recipient's allocated amount).

¹⁰ Note: Subsequent transfers must be placed into the same dedicated sub-recipient account.

¹¹ Note: Disbursement dates are listed on Florida Department of Financial Services' Florida Accountability Contract Tracking System (FACTS), available on the web at: <https://facts.fldfs.com/>

¹² Note: For subsequent packages (i.e., second package and beyond) sub-recipients will not include cost or supporting documentation which have been included or documented in previous packages.

¹³ Note: Expenditure summary tables should allow the Department to conduct an expedited review of included supporting documentation.

documentation by allowable costs category. The final tab and component of the package is an updated response spending plan.

- iii. **Response spending plan.** If an SLFRF remaining balance is reported, the Sub-recipient describes in detail and supported by an itemization of allowable costs by category, how the remaining balance will be spent down to achieve a zero balance within 90 days of the supporting documentation package submittal date. The itemization of anticipated allowable costs by category may exceed the reported SLFRF remaining balance. The response spending plan must be reasonable and achievable.
 - iv. **Transferring funds from account.** On or after the supporting documentation package submittal date, the Sub-recipient may transfer from the interest generating account: the reported interest earned, and the reported grand total of allowable costs incurred. The Sub-recipient does not need approval from the Department to transfer funds.
- f. **Subsequent invoice(s).** On or after the most recently submitted documentation package submittal date, Sub-recipients may submit an invoice to the Department once either of the following criteria have been met:
- i. **Exhausted all previously advanced funds.** The Sub-recipient has exhausted (or spent down) previously advanced SLFRF funds. For administrative convenience, the Department will consider previously advanced SLFRF funds to be exhausted, if the SLFRF remaining balance reported is equal to or less than reported interest earned during the covered period. If applicable, the invoice amount must first include an amount equal to the negative SLFRF remaining balance reported and documented in the most recently submitted package of supporting documentation. Since supporting documentation has already been submitted for this amount, this amount should be clearly demarcated separately in the invoice package as "Previously Incurred Cost."

The sub-recipients may also invoice an amount equal to or less than 50% of the respective amount listed in **Exhibit B, Schedule of Financial Assistance**. This amount must also be equal to or less than the value of any additional previous cost incurred, and the anticipated allowable cost for 90 days following the invoice date and supported by an updated response spending plan. The response spending plan must be approved by the Department prior to disbursement of funds.

- ii. **Cost reimbursement.** The response spending plan must be reasonable and achievable. If the Sub-recipient does not achieve a previously submitted and approved response spending plan, through the spend-down of advanced funding, the Sub-recipient will not be eligible to submit subsequent invoices for advance payment (i.e., 90-days of working capital), and subsequent invoices will only be compensated on a cost-reimbursement basis. The response spending plan is also not considered to be achieved if the Sub-recipient does not submit a supporting documentation package on or within 90 days of the most recent advance payment invoice disbursement date.

If an SLFRF remaining balance is reported in the most recently submitted package of supporting documentation, the sub-recipient prepared a response spending plan and described in detail how the remaining balance will be spent down to achieve a zero balance within 90 days of the supporting documentation package submittal date. Once cost have been incurred, the sub-recipient may submit a cost-reimbursement invoice to Department.

Cost reimbursement invoice packages must be accompanied with a corresponding response spending plan and supporting documentation. Section 215.422(1), F.S., allows 5 working days for the approval and inspection of goods and services unless the bid specifications, purchase orders, or contracts specifies otherwise. The Agreement extends this timeline by specifying that the inspection or verification and approval of deliverables shall take no longer than 20 days from the Department's receipt of an invoice.

9. **Supporting documentation.** Supporting documentation must conform to Florida Department of Financial Services, Reference Guide for State Expenditures.¹⁴ Supporting documentation shall be submitted for each amount being claimed and indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service.
10. **Quarterly and annual reporting.** Sub-recipients will comply with all sub-recipient reporting requirements, as outlined in this Agreement, and more broadly outlined in U.S. Department of the Treasury’s Compliance and Reporting Guidance, first published June 17, 2021, and as amended. Required reporting items are listed in **Exhibit I, Quarterly Project and Expenditure Report**. Reporting format may change as the State of Florida implements statewide-wide reporting. Quarterly reports are due on or before the due dates listed in Table 12. The State of Florida is responsible for collating reporting information for all sub-awards of SLFRF Program funds and reporting collated information to the federal government approximately 15 days following the dates listed in Table 12 (e.g., Florida’s due date for the 3rd Quarter of 2021 is October 31, 2021). Therefore, timely submittal of sub-recipients’ reports to the Department is critical.

j. Additional programmatic performance indicators: Negative Economic Impacts (EC2)

6. **Key performance indicators.** SLFRF Program funds will be used as an intervention to provide a substantial infusion of fiscal resources. Evaluation of program outcomes will use preliminary evidence via tracking program Sub-recipient statistics and measuring Sub-recipient responses at the end of the program. Sub-recipient statistics will be collected for Sub-recipient fiscal years 2016 through 2019, which includes the most recent full fiscal year prior to the public health emergency (i.e., last full fiscal year before January 27, 2020), to establish a performance baseline and pre-pandemic trend. Statistics will be collected annually for Sub-recipient fiscal years 2020 through 2026, to monitor annual progress and measure Sub-recipient responses at the end of the program. Variables that will be collected, monitored and used to measure Sub-recipient responses at the end of the program, include: direct jobs, operating revenues, operating expenses, total tonnage, and total passenger movements. Sub-recipients will use the table below to report the required data.

**CONTRACT PAYMENT REQUIREMENTS
Florida Department of Financial Services, Reference Guide for State Expenditures**

Invoices for cost reimbursement contracts must be supported by an itemized listing of expenditures by category (salary, travel, expenses, etc.). Supporting documentation shall be submitted for each amount for which reimbursement is being claimed indicating that the item has been paid. Documentation for each amount for which reimbursement is being claimed must indicate that the item has been paid. Check numbers may be provided in lieu of copies of actual checks. Each piece of documentation should clearly reflect the dates of service. Only expenditures for categories in the approved agreement budget may be reimbursed. These expenditures must be allowable (pursuant to law) and directly related to the services being provided.

Listed below are types and examples of supporting documentation for cost reimbursement agreements:

1. **Salaries:** A payroll register or similar documentation should be submitted. The payroll register should show gross salary charges, fringe benefits, other deductions and net pay. If an individual for whom reimbursement is being claimed is paid by the hour, a document reflecting the hours worked times the rate of pay will be acceptable.
2. **Fringe Benefits:** Fringe Benefits should be supported by invoices showing the amount paid on behalf of the employee (e.g., insurance premiums paid). If the contract specifically states that fringe benefits will be based on a specified percentage rather than the actual cost of fringe benefits, then the calculation for the fringe benefits amount must be shown. Exception: Governmental entities are not required to provide check numbers or copies of checks for fringe benefits.
3. **Travel:** Reimbursement for travel must be in accordance with Section 112.061, Florida Statutes, which includes submission of the claim on the approved State travel voucher or electronic means.
4. **Other direct costs:** Reimbursement will be made based on paid invoices/receipts. If nonexpendable property is purchased using State funds, the contract should include a provision for the transfer of the property to the State when services are terminated. Documentation must be provided to show compliance with Department of Management Services Rule 60A-1.017, Florida Administrative Code, regarding the requirements for contracts which include services and that provide for the contractor to purchase tangible personal property as defined in Section 273.02, Florida Statutes, for subsequent transfer to the State.
5. **In-house charges:** Charges which may be of an internal nature (e.g., postage, copies, etc.) may be reimbursed on a usage log which shows the units times the rate being charged. The rates must be reasonable.
6. **Indirect costs:** If the contract specifies that indirect costs will be paid based on a specified rate, then the calculation should be shown.

Contracts between state agencies, and/or contracts between universities may submit alternative documentation to substantiate the reimbursement request that may be in the form of FLAIR reports or other detailed reports.
