

FIRST AMENDMENT TO INTERLOCAL AGREEMENT AMONG BROWARD COUNTY, MIAMI-DADE COUNTY, MONROE COUNTY, AND PALM BEACH COUNTY FOR COST SHARE SUPPORT OF SERVICES FOR THE SOUTHEAST FLORIDA REGIONAL CLIMATE CHANGE COMPACT

This is a First Amendment ("First Amendment") to the agreement among the counties of Broward, Miami-Dade, Monroe, and Palm Beach, political subdivisions of the State of Florida, for cost-share support services for the Southeast Florida Regional Climate Change Compact ("Interlocal Agreement"). The counties are collectively referred to as the "Parties," and, when excluding Broward, the "Contributing Counties."

Recitals

- A. The Parties entered into the Interlocal Agreement on July 18, 2018, and agreed to share the costs associated with the Institute for Sustainable Communities' ("ISC") coordination and facilitation of services for the Southeast Florida Regional Climate Change Compact.
- B. The Parties desire to increase their respective 2020 calendar year contributions to Eighteen Thousand Seven Hundred Fifty Dollars (\$18,750) per quarter for a total payment of Seventy Five Thousand Dollars (\$75,000) in 2020 by each of the Parties and a total not-to-exceed amount of One Hundred Seventy Five Thousand Dollars (\$175,000) by each of the Parties.
- C. The Parties agree that it would be beneficial to have a more formal Compact Leadership Committee tasked with providing unified advice and recommendations to the Parties' governing bodies with respect to climate change and resilience issues.
- D. The Parties desire to update the contact information for Palm Beach County.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Section 1.6 of the Interlocal Agreement is hereby created as follows:
 - 1.6 Compact Leadership Committee. Each Party agrees to participate in a four-County Compact Leadership Committee, which will provide formal, unified advice and recommendations on climate change and resilience issues to the Parties' governing bodies. Each Party will select one representative to serve on the Compact Leadership Committee, which representative must have experience and knowledge in the area of resilience and climate change and must have a leadership position related to the area of resilience and climate change in the respective County's government. Each Party may designate an alternate to the Compact Leadership Committee, but such alternate must meet the same qualifications as each Party's representative. The initial representatives from each County are:
 - The Chief Resilience Officer of Broward County.

- The Deputy Resilience Officer of Miami-Dade County.
- The Sustainability and Projects Director of Monroe County.
- The Director of the Office of Resilience of Palm Beach County.

The Compact Leadership Committee will seek input from stakeholders and technical and scientific experts, and it may invite and hear from experts and representatives of other local governments and stakeholders, including but not limited to local municipalities, the South Florida Water Management District, the Florida Climate Institute, The Nature Conservancy, and the South Florida Regional Planning Council.

The Compact Leadership Committee will serve in an advisory capacity to the Parties' governing bodies and lacks the power or authority to commit the Parties or any of their agencies or instrumentalities to any policies, incur any financial obligations, or to create any liability, contractual or otherwise, on behalf of the Parties or any of their agencies or instrumentalities.

All proceedings of the Compact Leadership Committee must be conducted in accordance with the Government in the Sunshine Law, § 286.011, F.S., and the Florida Public Records Act, Ch. 119, F.S. Members of the Compact Leadership Committee must also comply with all applicable ethics laws. Three members of the Compact Leadership Committee constitute a quorum. The Compact Leadership Committee will hold regular meetings and will aim to meet at least once a month. The Compact Leadership Committee may create its own rules of procedure, as needed, provided that such rules are consistent with this Agreement and applicable laws.

2. Section 2.1 of the Interlocal Agreement is hereby replaced in its entirety as follows:

2.1 Upon receipt of an invoice from Broward, the Contributing Counties agree to each remit up to \$175,000 to Broward as their respective share of costs. Broward agrees to also remit up to \$175,000 to ISC and, on behalf of the Parties, to retain and supervise ISC's performance of the ISC Scope of Services, attached as Exhibit A. Deliverables

ISC must provide a quarterly narrative report detailing activities across these three key tasks, including an ISC accounting of staff time and expenses for review and approval by the Contract Administrator.

Personnel and Fringe Benefits—salaries are budgeted as gross wages and reflect current or comparable rates from ISC's current projects. ISC fringe benefits are based on each employee's salary, timesheet allocations, and its Negotiated Indirect Cost Rate Agreement ("NICRA") (included as Attachment A), which is approved by United States Agency for International Development, ISC's cognizant audit agency.

Travel—ISC requires travelers to take reasonable steps to lower travel costs and air travel is based on economy or coach class fares. ISC pays for actual hotel costs and provides per diem rates for meals and incidental expenses that do not exceed US Government rates.

Other Direct Costs—ISC's estimates include communication and photocopying expenses and a portion of ISC's A-133 audit expense. These expenses have been budgeted for this program based on ISC's overall program cost and budget.

Indirect Costs—ISC's indirect cost calculation methodology uses a modified total direct cost base consisting of total direct costs, less grant agreement amounts that exceed \$25,000. ISC's NICRA is currently 28 percent of its modified total direct cost base.
