MEMORANDUM

DATE: 9/22/2020

TO: Josie P. Sesodia, Director, PDMD
PDMDInfo@broward.org

FROM: Lorenzo Fernandez, Assistant Director, EEPD 

SUBJECT: Note Amendment

The Environmental Engineering and Permitting Division (EEPD) has reviewed the application for modifications to the Development Review Report for the subject plat. Pursuant to the request by the applicant, staff reviewed the information contained in the request, the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission.

| REVIEW OF PLAT APPLICATION (please submit electronically) | |

|-------------------------------------|---|
| Reviewer's Name: Yvel Rocher | Program: Domestic and Non-Domestic Wastewater And Surface Water Management |
|-------------------------------------|---|

Any objection to the plat as submitted.
Answer: No

This plat is subject to the comments noted below.
Answer: Yes

Plat Comments, as needed:

1. The Broward County Domestic Wastewater Licensing Program has no objection to the described plat note amendment. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483 or WWLicense@broward.org for specific code requirements.
2. The Broward County Non-Domestic Wastewater Program has no objection to the described plat note amendment because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division at 954-519-1483 or NDDLICENSE@broward.org for specific code requirements.
3. In accordance with Chapter 27, Article V, Sections 27-198 through 27-200 of the Broward County Code, titled Water Resources Management, prior to any alteration to the site grading, or construction of a surface water management system, a Broward County Surface Water Management License is required. Contact the Environmental Engineering and Permitting Division at 954-519-1483 or SWMLicense@broward.org for specific code requirements.

Any objection to the plat as submitted.
Answer: No

This plat is subject to the comments noted below.
Answer: Yes

Plat Comments, as needed:

1. The Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division has not recently conducted a site inspection on this project; however, a 2015 inspection, aerial photographs and light detection and ranging data (LIDAR) indicate that this property may contain County jurisdictional wetlands. The applicant must request a wetland determination from the Water and Environmental Licensing Section prior to any land clearing or filling. If the site is determined to contain wetlands, an Environmental Resource License will be required prior to any dredging, filling, or other alteration of wetlands. Contact the Environmental Engineering and Permitting Division at 954-519-1483 or AWRLicense@broward.org for specific code requirements.
2. The Water and Environmental Licensing Section of the Environmental Engineering and Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at <https://www.fleppc.org/list/list.htm>.
3. Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Engineering and Permitting Division at 954-519-1483 or AWRLicense@broward.org for specific code requirements.

| <p>Any objection to the plat as submitted. Answer: No</p> <p>This plat is subject to the comments noted below. Answer: Yes</p> <p>Plat Comments, as needed:</p> <p>The subject plat is within one-quarter mile of known contaminated sites. Section 27-353, Broward County Code, prohibits dewatering at or within one-quarter mile of contaminated sites without approval from the Environmental Engineering and Permitting Division (EPPD). In order to receive approval to dewater, a certified Dewatering Plan must be submitted in accordance with EPPD's Standard Operating Procedure for Dewatering, which can be found at https://www.broward.org/Environment/ContaminatedSites/Pages/Dewatering.aspx. The interactive map of contaminated sites in Broward County can be found on the internet at https://www.broward.org/Environment/ContaminatedSites/Pages/Default.aspx. Any questions can be directed to (954) 519-1483 or EAR@broward.org.</p> | |
