After receipt of a petition for alternative dispute resolution the **Association** and the **Provider** shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the **Provider** concerning this Agreement.

After timely delivery of a petition for alternative dispute resolution, the parties may employ any dispute resolution procedures described in the exhibits or other attachments, or mutually agree to an alternative binding or nonbinding dispute resolution process, the terms of which shall be reduced to writing and executed by both parties. Completion of such agreed process shall be deemed to satisfy the requirement for completion of the negotiation process.

Attachment C Scope of Work

The **Provider** agrees to:

1. Clinically screen, medically assess, and administer extended-release injectable naltrexone to treat alcohol or opioid-addicted individuals who are eligible for publicly funded behavioral health services under *section (s.) 394.674, Florida Statutes (F.S.)*
2. Secure and maintain documentation of all services and costs related to the program,
3. Report services using the **FADAA Data Portal** in an accurate and timely manner, and
4. Provide extended-release injectable naltrexone as an adjunct to and in coordination with behavioral health treatment including individual and/or group counseling, as determined appropriate.

A. **Provider** will ensure that patients meet the listed eligibility requirements to receive extended-release injectable naltrexone services through this program:

1. Patients shall be 18 years of age or older to be eligible for this program.
2. Patients shall have a primary diagnosis of opioid use disorder, alcohol use disorder or combination of alcohol and opioid use disorders, as determined by the **Provider** using appropriate diagnostic protocols.

B. **Provider** will provide the following to patients in collaboration with the **Association**:

1. **Clinical Screening** – clinical evaluation and interview with a prospective patient to determine the existence of an opioid use disorder and/or alcohol use disorder, provide education regarding extended-release injectable naltrexone, and determine the readiness and willingness to use a MAT protocol in conjunction with counseling and recovery support. Patients can only receive one screening service funded by this program.

The screening should not be the initial contact with the individual – the Provider shall select potential MAT participants from among its existing clientele that is currently engaged in and actively participating in substance abuse counseling and/or recovery support services and demonstrate motivation to follow through on MAT protocols. The Provider shall ensure that a minimum of two-thirds (66%) of individuals screened for MAT receive medication services for their alcohol and/or opioid disorders.

The **Provider** shall identify potential stimulant use disorders and either provide treatment and/or recovery support services in-house or refer the individual for these services to appropriate providers in the community. On the screening page in the **FADAA Data Portal** there are two (2) mandatory field regarding stimulants. The **Provider** shall record whether a co-morbid stimulant use disorder has been identified in the first field and, in the second field the **Provider** shall identify whether stimulant use disorder services will be provided in-house or referred out to another community provider. No stimulant use disorder treatment or recovery support shall be funded under the Agreement.

2. **Medical assessment** – involves blood specimen lab work to determine a prospective patient's kidney and liver function, and any ailments that would preclude the use of extended-release injectable naltrexone. Includes a pregnancy test for female patients to determine the appropriateness of extended-release injectable naltrexone. Physician reviews lab work and writes orders for medication. Nursing staff provide overview of the selected medication's benefits and side effects to the patient, and expectations for MAT participation on the part of the patient. Patients can only receive one medical assessment service funded by this program.
3. **Medication Administration** – Dose administration and management by medical personnel as well as any additional lab work.

Extended-release injectable naltrexone should be provided as an adjunct to, and in coordination with, behavioral health treatment, including individual and/or group counseling as determined necessary and appropriate by the **Provider**.

C. **Provider** will establish local program goals and submission of monthly, quarterly, and annual reports to the **Association** and document the following:

1. Monthly patient data program activity and outcomes. Data will include, but may not be limited to:
 - a. Number of patients screened and educated on the use, benefits, and risks of extended-release injectable naltrexone.
 - b. Number of patients assessed (received physical exam and/or lab work) for use of extended-release injectable naltrexone.
 - c. Number of patients who received one or more doses of extended-release injectable naltrexone.
 - d. Basic information and demographics of individuals served (first, middle, and last initials; date of birth; race; ethnicity; gender; social security number; alcohol and/or opioid(s) as drug of choice; and current treatment modality, including outpatient, inpatient, and/or aftercare).
 - e. Patient outcomes including, urge to drink and/or use opiates; number days in the month that patient drank or used opiates; and current status of patient participation in psychosocial treatment (treatment retention).

Individuals that receive one or more injections shall be discharged under the MAT Outcome field. Individuals that go 40 or more days without a service shall either be re-engaged in services or processed for discharge.
2. Negotiate a mutually agreeable agreement with Besse Medical, 9075 Centre Point Drive, Suite 140, West Chester, OH 45069, to request and receive extended-release injectable naltrexone directly for the services provided under the Agreement at www.besse.com.

If the **Provider** has an agreement with another wholesale pharmacy vendor or is eligible for other discount purchasing programs including the Federal 340b drug-pricing program or the Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) they may purchase extended-release injectable naltrexone through this arrangement.

3. Compliance with all applicable federal, state, and local laws, rules, and regulations, including, but not limited to those laws and regulations enforced by the FDA, the Drug Enforcement Administration, and state laws regarding pharmaceutical standards and administration of medications, specifically.

D. State Opioid Response (SOR II) Data collection:

Activities funded through this Agreement are funded, at least in part, through the State Opioid Response (SOR II) grant from the Substance Abuse and Mental Health Services Administration (SAMHSA). The SOR II grant is subject to the Government Performance and Results Act (GPRA) of 1993 and the Government Performance and Results Modernization Act of 2010 and, as such, it includes data collection and reporting as described in this section.

1. The GPRA Client Outcome Interview and Supplemental Questions for the SOR II grant tool must be completed for patients with opioid use disorders or a combination of opioid use disorders and alcohol use disorders when the medication is paid for by federal grant funds. The interviews can be completed as early as one (1) month prior or one (1) month following the scheduled interview date. There is a total of five (5) collection points for the interviews:
 - a. Intake – this interview should be scheduled at the first medication appointment (injection) for new patients. Individuals receiving only screenings and medical assessments that do not engage in the extended-release

injectable naltrexone protocol **do not** have to complete the GPRA requirements and will not be paid for a GPRA interview if an interview is submitted – once the individual gets an injection, he/she is required to participate in the GPRA Client Outcome and Supplemental Question interviews.

- b. Six (6) Months Post-Intake – this interview should occur approximately 180 calendar days from the date of the intake interview. The interview may be completed as soon as 150 days following the date of the intake interview or as late as 240 days following the date of the intake interview. This timeframe must be adhered to regardless of when the discharge interview is completed. Completion of the six (6) months post-intake interview outside of this timeframe will be deemed non-compliant by the **Association** and non-reimbursable.
 - c. Discharge – this interview should be completed at the time of discharge.
 - d. Three (3)-Month Follow-Up – this interview should occur approximately 90 calendar days from the date of discharge.
 - e. Six (6)-Month Follow-Up – this interview should occur approximately 180 calendar days from the date of discharge.
2. The **Provider** must enter GPRA Client Outcome Interview and Supplemental Questions for the SOR II grant data into the Web Infrastructure for Treatment Services (WITS) data system within ten (10) calendar days of the interviews.
 3. The **Provider** will request payment for completed interviews from the **Association** via the **FADAA Data Portal** at the rate specified in Attachment C, Payment Schedule.
 4. The **Association** will verify completion of the interviews at the required intervals in WITS on a monthly basis.
 5. Failure by the **Provider** to complete the GPRA/Supplemental interviews within the required timeframes will result in non-payment for affected patients' services.
 6. Invoices submitted by the **Provider** that are missing required acknowledgements of completion of GPRA/Supplemental interviews will be returned to the **Provider** for editing.
 7. The **Provider** is required to achieve an interview rate of 80% for the intake, 6-month post-intake, and discharge interviews.

Compliance with the SOR II Data Collection requirements will be considered in funding considerations for current and future fiscal years.

Attachment D Payment Schedule

- A. Compensation for participation in the program as described above will be made at the following rates for only the following services:

- B. **Provider** shall receive an initial allocation at the beginning of each fiscal year in writing from the **Association**.
- C. The **Provider** is expected to manage patient caseloads and services within this allocation amount.
- D. Adjustments may be made to allocations in response to changes in available funding and documented need. Any adjustments will be made in writing.
- E. The **Provider** performance dashboard in the **FADAA Data Portal** depicts spending rates versus spending targets. Providers must contact the **Association** for permission to enroll new patients when the dashboard displays yellow or red. When the dashboard displays green, providers may admit new patients within available resources.
- F. **Providers are NOT allowed to exceed the allocation approved by the Association in writing.** The **Association** is not responsible for any expenditures in excess of the approved allocation or expenditures or services outside of the scope of the Agreement.
- G. Payment for services provided through the Agreement will be made from state and federal funds appropriated for this purpose pursuant to the Agreement between the **Association** and the DCF and shall concur with the compensation of fee schedule agreed to by the parties. No additional fees will be paid.
- H. By the 10th of each month, **Provider** must electronically submit to the **Association** accurate data documenting patient screening, education, medical assessment, laboratory tests, and injections provided during the previous month using the online **FADAA Data Portal** (<https://portal.fadaa.org>). Submission of inaccurate data may result in delayed payment.
- I. The **Provider** shall submit monthly invoices in sufficient detail for proper pre-audit and post-audit no later than 10

calendar days following the close of the calendar month. For example, services provided from July 1, 2022, through July 31, 2022, must be invoiced to the **Association** by August 10, 2022

- J. Invoices shall be submitted by month of service. Supplemental invoices are allowable as detailed in bullet K below for services not otherwise submitted as part of a regular monthly billing and must be submitted by month of service. The **Association** will not process any invoices containing services from more than one month.
- K. **Providers** may submit up to one (1) supplemental invoice for services not previously billed each quarter of the fiscal year no later than 21 calendar days following the close of each quarter.

For all services provided within the period:	Final supplemental invoice MUST be submitted no later than:
July 1, 2022 through September 30, 2022	October 21, 2022
October 1, 2022 through December 31, 2022	January 21, 2023
January 1, 2023 through March 31, 2023	April 21, 2023
April 1, 2023 through June 30, 2023	July 21, 2023

Any invoices or reimbursement requests submitted outside of this schedule will not be accepted by the **Association**.

- L. The final invoice for payment shall be submitted to the **Association** no more than 21 calendar days after this Agreement ends or is terminated. If the **Provider** fails to do so, all rights to payment are forfeited and the **Association** will not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this Agreement may be withheld until performance of services and all reports due from the **Provider** and necessary adjustments thereto, have been approved by the **Association**.
- M. The timeliness of invoices is a performance standard that may be considered in funding considerations.
- N. The **Provider** will ensure that funds provided through this project are the payer of last resort. The Provider must maintain documentation to support its compliance with this requirement.
- O. The **Association** performance and obligation to pay under this Agreement are contingent upon an annual appropriation by the Legislature. If the Legislature fails to appropriate sufficient funds, fails to authorize the spending of sufficient funds for the DCF or demands a spending reduction in state budgets, the **Association** will have no obligation to pay or perform under this Agreement, other than for services completed and invoiced prior to such an action by the Legislature. The **Association's** performance and obligation to pay under this Agreement are also contingent upon final spending approval from the DCF.
- P. All fiscal-year-end invoices, including supplemental invoices, must be submitted by the **Provider** and approved by the **Association** within 21 calendar days of the close of the fiscal year (June 30th). Any invoices not correctly submitted by or received by close of business on July 21, 2023 shall not be considered as meeting the terms of this agreement and therefore will not be approved for payment.
