Proposed Plat Narrative
1120 NE 48th St. Pompano Beach, Florida
Broward County
"U-Haul North Pompano" Plat

October 18th, 2021

Prepared by:

Matthew Giani, P.E.
Shah, Drotos & Associates
3410 N. Andrews Ave. Ext.
Pompano Beach, FL 33064
954-943-9433
mattgiani@shahdrotos.com

The site for this proposed plat is located on the south side of NE 48th Street, just east of the FEC railroad, with address 1120 NE 48th Street in Pompano Beach. This site has not previously been platted.

The proposed development consists of the construction of a 2,970 sq.ft single story retail commercial building and a 15,922 sq.ft. single story warehouse industrial building located on a 1.62 acre parcel. The current and proposed City land use designation for the site is Industrial. The current and proposed County land use designation for this site is Commerce. The existing development on the site is a 5,795 sq.ft. single story commercial retail building with canopy that will be demolished as part of this development.

The proposed uses on this site will collectively require 19 parking spaces, one of which being an ADA accessible parking space. The proposed parking provided shall consist of 19 total parking spaces, one of which shall be ADA accessible. Eight bicycle parking spaces are also included in front of the retail showroom for convenient access. Two loading zones are provided on the southern end of the building

This property is currently developed and contains two driveway openings along NE 48th Street. As part of this redevelopment we are proposing to close those driveway openings and construct a new right-in, right-out channelized driveway opening. A proposed two-way cross-access driveway on the south side of the property connecting to the existing commercial development is also proposed. A future cross-access connection point to the adjacent property to the east has been included as part of the site design as well. No right-of-way dedications or turn lanes are proposed.

An existing sidewalk running along NE 48th Street will be extended along the northern property line of the site. A 7' wide bicycle and pedestrian sidewalk has been included along the west side of the property, connecting the extended sidewalk along NE 48th Street to the proposed building and the adjacent property to the south. Bicycle and pedestrian access to the adjacent property to the east can be achieved via the extended sidewalk along NE 48th Street. Cross-access easements for vehicular use, bicycle use and pedestrian use will be granted for the neighboring properties to the south and east as part of the site plan approval process.

The proposed building will utilize existing water and sewer connections for domestic water, irrigation water, and sanitary sewer services, provided by Broward County Water and Wastewater Services. A new fire sprinkler service will be provided from existing Broward County water facilities adjacent to the property. The entire proposed building will be equipped with an automatic fire sprinkler system. Surface water management for the site will be accomplished with the use of swales and underground exfiltration trenches with no off-site discharge of storm water.

Sincerely,

SHAH, DRTOS & ASSOCIATES

Matthew J. Giani, P.E.
Project Manager
Florida Reg. #84229
