**SUBJECT: Threshold Increase Request
General Roadway & Miscellaneous Construction - PNC2117271B1**

The Highway and Bridge Maintenance Division (HBMD) is requesting a \$2,000,000 threshold increase for the above-referenced catalog. This increase is necessary to perform emergency work countywide and address several severe pavement failures due to the flooding caused by tropical storm Eta, including Andrews Ave at Prospect Rd and NW 6th Ave between Commercial Blvd and Oakland Park Blvd.

Contract PNC2117271B1 has the necessary pay items to complete the emergency work and the vendor is readily available to start the work.

The approval of this request will expedite the completion of the emergency work, ensure safety of the traveling public, and preserve County property.

Your consideration and assistance in this matter is greatly appreciated. If you have any questions or need additional information, please contact me at 954-357-6059
