## Conceptual Dredge and Fill Review Report

**Plat Name:** HUROK  
**Plat No:** 029-MP-19

**October 15, 2019**

### LOCATION

**Section:** 34                                      **Township:** 48 South                                      **Range:** 42 East

**Address:** N Powerline Road, Pompano Beach  
(Folio # 484234000420 & 484234410010)

### FINDINGS

**Wetland Characteristics present:** Yes \_\_\_\_\_ No \_\_\_\_\_ Maybe \_\_\_X\_\_\_

### COMMENTS

A site inspection has not been conducted on this project. Based on GIS LIDAR data, this site may contain wetlands. The applicant is advised to submit an application for a wetland determination to determine licensing requirements.

**The applicant shall be advised that an Environmental Resource License may be required prior to any dredging, filling, or other alteration of any wetlands or surface waters that are present on-site. Other activities such as lake or canal excavation are regulated under Article XI of the Natural Resource Protection Code and may also require an Environmental Resource License from this Department.**

The information included in this plat is not detailed enough to allow us to determine what types of impacts would result should development occur on this site. As such, the applicant is encouraged to contact the Aquatic and Wetland Resources Program at the earliest convenient time to identify what County license(s) may be required prior to undertaking any surface disturbing activities. Should wetland impacts be proposed, avoidance and minimization of impacts must be demonstrated prior to consideration of compensatory mitigation.

This report is for informational purposes only and does not constitute waiver or approval of any license or permit that is, or may be, required for any aspect of this project.
