

Recitals

A. The City Commission of the City of Fort Lauderdale recognizes the importance of collaborative transportation planning to ensure the mobility and economic development needs of the City, its residents, businesses, and tourists are met through efficient and effective investment in transportation infrastructure.

B. The City has determined the transfer of transportation planning responsibilities to the MPO will provide the City with industry leading professional services and is the most efficient means to deliver these services.

C. The Parties desire to enter into an agreement containing mutually satisfactory terms regarding the MPO's performance of the above-referenced activity.

D. The Parties enter into this Agreement on behalf of their respective entities after having made the following findings:

1. The MPO has unique experience in multimodal transportation planning and the review, ranking, prioritization, programming, and coordination of municipal transportation projects, which can assist the City in efficient and effective decision-making regarding future transportation investments and the use of federal and state transportation funding options and the local transportation surtax.
2. The MPO is a signatory to the Transportation System Surtax Interlocal Agreement among the City, MPO, and certain other municipalities.
3. The MPO's transportation planning services on behalf of the City will be outside the MPO's federally funded responsibilities, and the MPO should be compensated for such services by the City.

SUBTASK 6.2 – SURTAX OVERSIGHT

Core Services

The MPO will provide the transportation planning support for Broward County Transportation Surtax related issues by monitoring opportunities, providing timely advice of available options, recommending City priorities, recommending necessary steps the City must take to pursue Surtax funds, and recommending City Commission actions. The MPO will not provide professional engineering or architectural services, design, procure, or manage surtax funded projects.

TASK 8 – OTHER TRANSPORTATION PLANNING SERVICES

Core Services

MPO staff will assist City in development of up to eight (8) transportation management plans for Special Events within the City.

Optional Services

MPO staff support services may include, but are not limited to, the following general types of support:

- MPO staff support for project planning;
- MPO staff support as project managers;
- Project scoping and cost estimation;
- Access to the MPO's library of general planning consultant (GPC) resources; and
- Other MPO resources, as available.

The City may request the MPO to perform additional transportation planning studies using consultant resources. The MPO services may include scope preparation, negotiation of terms and scope, procurement of firm, project management and other related tasks.
