SECTION I
AMENDMENT REPORT
BROWARD COUNTY LAND USE PLAN
PROPOSED AMENDMENT PC 20-2
(TAMARAC)

RECOMMENDATIONS/ACTIONS

DATE

I. Planning Council Staff Transmittal Recommendation

January 14, 2020

It is recommended that the proposed amendment be approved, recognizing the applicant's voluntary commitments to 1) restrict development to a maximum of 398 single-family dwelling units, 2) contribute \$1,000 per dwelling unit towards the City's affordable housing programs, 3) reserve approximately 160 acres of the overall Woodlands property for community recreation and open space (approximately 110 acres of remaining Commercial Recreation and 50 acres within the proposed Low (5) Residential designation with the location(s) determined at time of site plan) and 4) restrict the development's non-emergency vehicular ingress and egress access to and from Northwest 44 Street.

In addition to the applicant's voluntary commitments listed above, Planning Council staff recommends the following:

- A) The approximately 110 acres currently designated as Commercial Recreation of the 160 acres that will be reserved for community recreation and open space be amended to the Recreation and Open Space land use designation to further enhance the voluntary commitment.
- B) As an alternative to the proposed Low (5) Residential designation, Planning Council staff finds that a designation of Low (3) Residential, which permits a maximum of 506 dwelling units, may be more appropriate, as the applicant has proffered a voluntary commitment to restrict the development to a maximum of 398 single-family dwelling units, which is less than half of the density permitted by a Low (5) Residential designation. The Low (3) Residential designation would further protect the lower density by more accurately reflecting the voluntary commitment to restrict the development to a maximum of 398 single-family dwelling units and require a more stringent County and City land use plan amendment process be engaged if an increase in residential density is ever sought, as opposed to the release of a Declaration of Restrictive Covenants. This action would require that the City of Tamarac also adopt the same or more restrictive density designation for its future land use plan to be recertified and effective.

Should the Planning Council support staff's additional recommendations of A) and/or B) above, the maps and amendment report will be updated prior to the County Commission public hearing to consider transmittal of the proposed amendment to the State of Florida review agencies for review under the Florida Statutes, Chapter 163 process.

I. Planning Council Staff Transmittal Recommendation (continued) January 14, 2020

Effectiveness of the approval of the land use plan amendment shall not occur until after the recordation in the public records of Broward County, Florida, to the satisfaction of Broward County, of the Declaration of Restrictive Covenants to legally enforce any voluntary commitments proffered by the applicant, as an inducement for Broward County to favorably consider its application.

In addition, the applicant's confirmation to 1) comply with the environmental licensing and permitting requirements to redevelop the property with a residential use, 2) comply with the City's historic preservation regulations throughout the redevelopment process and 3) continue to coordinate with applicable governmental agencies to discuss potential off-site improvements to the traffic network surrounding the proposed amendment site is recognized.

As the Planning Council is aware, the Broward County Charter requires at least one Planning Council public hearing and Article 1.2(A) of the *Administrative Rules Document: BrowardNext* outlines the following circumstances in which a second Planning Council public hearing may be recommended or required:

- (1) At its initial public hearing, the Planning Council takes an action to recommend denial of a proposed amendment; or
- (2) At its initial public hearing, the Planning Council takes an action to recommend approval subject to meeting specific criteria or policy prior to a second Planning Council public hearing; or
- (3) At its initial public hearing, the Planning Council votes by a majority of the members present with a minimum of six (6) affirmative votes for a second Planning Council public hearing; or
- (4) If the County Commission requests by a vote of the majority of members present to request a second Planning Council public hearing; or
- (5) If an objection or comment on adverse impacts to important state resources or facilities is issued during the State of Florida Chapter 163 review process; or
- (6) If State of Florida Chapter 163 requires or is modified to require a second local planning agency public hearing.

If the Planning Council chooses to require a second Planning Council public hearing per Article 1.2(A)(1)(2) or (3), such recommendation must be made as part of its motion.

RECOMMENDATIONS/ACTIONS (continued)

DATE

I. Planning Council Staff Transmittal Recommendation (continued) January 14, 2020

In addition, if the Planning Council does not require a second Planning Council public hearing and the Broward County Land Use Plan amendment is adopted by the County Commission, this action by the Planning Council shall be considered the “conditional” recertification of the municipal land use plan amendment, which directly correlates to the referenced BCLUP amendment. The recertification will not be deemed effective until such time as the Planning Council Executive Director and Attorney determine that the municipality has fulfilled all application requirements for recertification of local land use plans, as outlined in the *Administrative Rules Document: BrowardNext*. The Planning Council Executive Director will issue a written letter of effectiveness to the municipality upon satisfaction of the same.
