***Re: Delegation Request for Replat of Portion of West Broward Industrial Park Plat
Book 157, Page 39, BCR; Broward County Reference Number:069-MP-93***

Dear Ms. Da Luz:

The Town of Southwest Ranches hereby transmits its application for amending the restrictive use note on the above-captioned plat as it pertains to approximately 24 acres the Town owns, shown on the attached location map. The property was initially planned to be a holding facility for the U.S. Immigration and Customs Department, as reflected in the current restrictive note. The facility was not built because Pembroke Pines reneged on its water and sewer agreement (the Town does not operate potable water or sanitary sewer utilities). Accordingly, the property is not currently served by municipal water and sewer. The Town purchased the property in 2012 and is under contract to sell the property to a developer for spec warehouse and distribution. The developer will construct an onsite well and sanitary sewage treatment unit.

The current note for the entire plat reads as follows:

Lot 46 is restricted to industrial use and one 2,000 square foot residential unit to be used by the manager or caretaker of the Industrial Park, which residential unit shall be constructed within the same structure as the industrial uses. Lots 43 through 45 are restricted to industrial use. Lots 60 through 62 and the vacated right of way of Sylvan Pass are restricted to a fifteen hundred (1,500) bed correctional facility with a maximum of 237,615 square feet of gross floor area. Stand-alone office and commercial/retail uses are not permitted without the approval of the Board of County Commissioners who shall review and address these uses of the effective land use plan.

The proposed note for the entire plat is as follows:

Lot 46 is restricted to industrial use and one 2,000 square-foot residential unit to be used by the manager or caretaker of the Industrial Park, which residential unit shall be constructed within the same structure as the industrial uses. Lots 43 through 45 are restricted to industrial use. Lots 60 through 62 and the vacated right-of-way of Sylvan Pass are restricted to 530,600 square feet of industrial use.

Should you have any questions during your review or if you required additional information, please do not hesitate to Jeff Katims, our Town Planner at jkatims@sepiinc.com or (954) 554-8894.

Sincerely,

Andy Berns
Town Administrator
