Good Afternoon Linda,

I'm writing to inform you that your application to the Gopher Tortoise Habitat Management Assistance Funding Program has been accepted for FY 2021-22. Unfortunately, the full amount requested was not able to be awarded due to the ranking of your project and our budget for the fiscal year. Broward County has been approved to receive the amount listed below for the following project application:

- Deerfield Island - \$5,000

Please let me know if you would still like to move forward with the project using the award amount offered. If you would like to move forward, please revise your application and adjust the scope of work to reflect the management activities and acreage managed with the partial funding.

A conference call will be scheduled with project managers once the MFMP purchase orders have been created for each project. The conference call will discuss the project timeline, reporting requirements, invoicing, and how to address changes to the project scope of work/when a purchase order amendment is needed. There will also be time to answer any questions you may have. **Please do not begin work on your project until you have been informed that a purchase order has been created AND the conference call has been completed.**

If you have any questions in the meantime, please feel free to contact me. I look forward to working with you on your project.

Thank you,

**Amanda Mills**

**Subject:** Broward Co Parks application for Habitat Assistance

Good morning,

Please find attached our application for Habitat Assistance at Deerfield Island Park.

Ms. Linda Briggs, Environmental Manager, is the designated person registered at MyFloridaMarketPlace. Ms. Crawford is the lead Naturalist and Mr. Therrien is the lead Natural Resource Specialist. Any one of them can answer technical questions regarding the proposed project.

Many thanks for your serious consideration of our proposal,

Yours in biological conservation and ecological restoration,

John
