

**Item # 50(2)**

**ADDITIONAL MATERIAL**  
**Regular Meeting**  
**May 18, 2021**

**SUBMITTED AT THE REQUEST OF**

**COMMISSIONER TIM**  
**RYAN**

In order to utilize this funding source in a way that creates further demand for public transportation, I request that staff, in developing policies and competitive solicitations to allocate the funding, provide additional points or other scoring consideration to economic development and affordable housing projects on a State road, County road, or other road designated by the Board, as set forth in Policy 2.16.4 of the Broward County Comprehensive Plan, where the project provides enhanced facilities that encourage public transportation usage such as, but not limited to, transit waiting areas that are both air conditioned and provide free wi-fi access.
