

**ADDITIONAL MATERIAL
REGULAR MEETING**

MAY 24, 2022

**SUBMITTED AT THE REQUEST OF
COMMISSIONER STEVE GELLER**

Proposed amendment, adding and making the following changes to the Guidelines document that is the subject of motion A, which if approved should be included in the RLA (which is the subject of motion B) in language developed by the County Attorney's Office:

1. Other than license tag readers, NO video cameras (video or still) shall be permitted to be installed as part of any LES System. [This results in deleting the cameras that would be permitted under a. and b. of Section 4 of the Guidelines.]
2. License tag readers shall be permitted only if the images recorded are limited to the license plate area and rear of the vehicle. No recorded images of the front views of the vehicle, including driver and/or occupants, are permitted. Any recorded facial images must be pixelated or blurred.
