**FROM:** Ali H. Younes, Environmental Program Manager, EPD *AHY*

**SUBJECT:** Plat Note Amendment

The Environmental Permitting Division (EPD) has reviewed the application for modifications to the Development Review Report for the subject plat. Pursuant to the request by the applicant, staff reviewed the information contained in the request, the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission.

Staff proposes the following disposition:

**Reviewer's Name: Yvel Rocher**

**Program: Domestic and Non-Domestic Wastewater  
And Surface Water Management**

Any objection to the plat as submitted.  
Answer: No

This plat is subject to the comments noted below.  
Answer: Yes

**Plat Comments, as needed:**

1. The Broward County Domestic Wastewater Licensing Program has no objection to the described plat note amendment. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact the Environmental Permitting Division at 954-519-1483 or [WWLicense@broward.org](mailto:WWLicense@broward.org) for specific code requirements.

2. The Broward County Non-Domestic Wastewater Program has no objection to the described plat note amendment because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Environmental Permitting Division at 954-519-1483 or [NDDLICENSE@broward.org](mailto:NDDLICENSE@broward.org) for specific code requirements.

3. This site does not require a Broward County Surface Water Management License because it is located outside of the jurisdiction of the Broward County Surface Water Management Licensing Program.

Answer: Yes

**Plat Comments, as needed:**

1. Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Permitting Division determined that, at this time, there are no indications of wetlands within the boundaries of the plat. Therefore, a Conceptual Dredge and Fill Review Report is not required. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License.
2. The Water and Environmental Licensing Section of the Environmental Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Florida Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at Florida Exotic Pest Plant Council ([invasive.org](http://invasive.org)).
3. Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Permitting Division at 954-519-1483 or [AWRLicense@broward.org](mailto:AWRLicense@broward.org) for specific code requirements.

<p>Any objection to the plat as submitted. Answer: No</p> <p>This plat is subject to the comments noted below. Answer: Yes</p> <p><b>Plat Comments, as needed:</b> 1. Any construction within the Broward County Right of Way is subject to Chapter 27, Article XIV, Sections 27-401 through 27-414 of the Broward County Code, titled Broward County Tree Preservation and Abuse Ordinance. A Broward County Tree Removal License will be required for any tree removal or relocation in the Right of Way. Contact the Environmental Permitting Division at 954-519-1483 or at "Tree@broward.org" for specific code requirements.</p>	
<b>Reviewer's Name: David Vanlandingham</b>	<b>Program: Clean-Up and Waste Regulation</b>
<p>Any objection to the plat as submitted. Answer: No</p> <p>This plat is subject to the comments noted below. Answer: Yes</p> <p><b>Plat Comments, as needed:</b> 1. The subject plat contains fluoride contamination and is subject to a Broward County Environmental Assessment and Remediation License and the cleanup criteria of Chapter 27 of Broward County Code, and Chapter 62-780, Florida Administrative Code (See Broward County Site ID NF-2175). A Declaration of Restrictive Covenant is pending at this time. Construction or invasive activities overlying contaminants cannot cause or contribute to the migration or exacerbation of the contamination. Broward County Environmental Permitting Division must review any construction plans submitted for Environmental Review. Questions may be directed to David Vanlandingham, Director, Environmental Permitting Division, (954) 519-1478 or dvanlandingham@broward.org.  2. The Cleanup and Waste Regulation Section must also approve any dewatering activities at this site. Section 27-353, Broward County Code, prohibits dewatering at or within one-quarter mile of contaminated sites without approval from EPD. In order to receive approval to dewater, a certified Dewatering Plan must be submitted in accordance with EPD's Standard Operating Procedure for Dewatering, which can be found</p>	

at <https://www.broward.org/Environment/ContaminatedSites/Pages/Dewatering.aspx>. Any questions can be directed to (954) 519-1483 or [EAR@broward.org](mailto:EAR@broward.org).
