**RE: 4<sup>th</sup> Street Plat**

Dear Mrs. Mikki Ulrich,

Please allow this letter serve as notice the City of Plantation does currently have the plant capacity to provide service for both water and sewer should the proposed project be approved. While there is currently sufficient plant Capacity for both water and sewer service, no Capacity will be set aside until the project has been approved by the City council and Capacity Charges have been paid in full. Sewer service is not currently available for this potential project as the closest existing available gravity main is over 2,000 LF away and too shallow to accept flow.

In addition, any infrastructure required to support this project will be the responsibility of the owner/developer to fund, design, permit, install and convey to the City of Plantation any infrastructure required to support the proposed project if approved.

If you have any questions, please do not hesitate contacting me at 954-797-2209.

Yours truly,

Johnathan Adams,  
Capital Improvement Administrator
