The Primary - low bidder's cumulative total price, Ccochibha Enterprises, is **16%** higher than the Independent Cost Estimate (ICE), **50.76%** higher than the past Contract No. VZ11189991, and **31%** higher than the Bureau Labor of Statistics medium wage rates.

According to the Specifications and Requirements, Section 13.4, the Vendor is required to pay each of its employees the local, regional or metropolitan industry standard average minimum hourly rate for the routine services as provided for in the U.S. Bureau of Labor Statistics (BLS) 50% (Median) Percentile Hourly rate estimates. The BLS rates for each position can be found in the provided link above. After analyzing the cost differential, Ccochibha Enterprises, Inc. was identified as the Primary, low, responsive and responsible bidder. The Secondary bidder is TECKpart, LLC, and the Tertiary bidder is VGreen Enterprises. The past contract prices are significantly lower as the requirement to meet the 50% median percentile was not in effect. To ensure Broward County Agencies were able to competitively recruit quality IT personnel, the minimum wage criteria requirement was developed. Based on the provided summary and analysis of the BLS wage rates, past contract rates, independent cost estimate (ICE), and the new proposed bid pricing, the Purchasing Division finds that the proposed bid pricing is fair and reasonable.
