The applicant proposes fewer than 100 additional units and did not require amendment to the Broward County Land Use Plan. Therefore, the development shown on this plat is not subject to Policy 2.16.2 of the Broward County Land Use Plan.

**3. Adjacent Municipality**

The City of Hollywood was notified of this application and provided no response.

**4. Trafficways**

Trafficways approval was received on June 27, 2024, and is valid for 10 months. This application was granted an additional 60-day extension.

**5. Access**

Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division have reviewed the plat application and provided comments and recommendations with respect to the safe and adequate access standards of the Broward County Land Development Code, as shown in the attached memorandum (**Exhibit 4**). The recommendations for this plat may be modified if significant conflicts are identified by details included in the submitted construction plans.

**6. Concurrency – Transportation**

This plat is located in the Southeast Transportation Concurrency Management Areas (TCMA), where the level of service (LOS) is expressed in terms of bus headways, and where Transportation Concurrency Assessment Fees apply per Sec. 5-182.1(a) of the Land Development Code. The proposed use generates four (4) Trips per PM Peak Hour.

#### 11. Environmental Review

This plat was reviewed by Environmental Permitting Division and have the following recommendations regarding environmental permitting for the future development.

##### A. Domestic & Non-Domestic Wastewater and Surface Water Management

The Broward County Domestic Wastewater Licensing Program has no objection to the described plat. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact Environmental Permitting Division at 954-519-1483 or [WWW.License@broward.org](mailto:WWW.License@broward.org) for specific code requirements.

The Broward County Non-Domestic Wastewater Program has no objection to the described plat because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. If the site is determined to contain wetlands, an Environmental Resource License will be required prior to any dredging, filling, or other alteration of wetlands. Contact the Environmental Permitting Division at 954-519-1483 or [AWRLicense@broward.org](mailto:AWRLicense@broward.org) for specific code requirements.

The Water and Environmental Licensing Section of the Environmental Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, Landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Florida Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at Florida Exotic Pest Plant Council ([invasive.org](http://invasive.org)).

Other activities regulated under Chapter 27, Article XI of the Natural Resource Protections Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource License. Prior to undertaking surface disturbing activities, contact the Environmental Permitting Division at 954-519-1483 or [AWRLicense@broward.org](mailto:AWRLicense@broward.org) for specific code requirements.
