DATE

I. Planning Council Staff Transmittal Recommendation

August 19, 2025

Although Planning Council staff has not previously supported these types of amendments due to concerns regarding sea level rise, stormwater management and the protection of natural resources, including wetlands, staff does not object to the proposed amendment, recognizing the Planning Council's discussion and actions regarding similar applications at its May 22, 2025, meeting.

Further, staff suggests that any recommendation of approval recognize the restoration and preservation of the existing 1.68-acre natural area to the west of the site as a conservation easement, as well as the offsite mitigation.

As the Planning Council is aware, the Broward County Charter requires at least one Planning Council public hearing and Article 1.2(A) of the *Administrative Rules Document: BrowardNext* outlines the following circumstances in which a second Planning Council public hearing may be recommended or required:

- (1) At its initial public hearing, the Planning Council takes an action to recommend denial of a proposed amendment; or
- (2) At its initial public hearing, the Planning Council takes an action to recommend approval subject to meeting specific criteria or policy prior to a second Planning Council public hearing; or
- (3) At its initial public hearing, the Planning Council votes by a majority of the members present with a minimum of six (6) affirmative votes for a second Planning Council public hearing; or
- (4) If the County Commission requests by a vote of the majority of members present to request a second Planning Council public hearing; or
- (5) If an objection or comment on adverse impacts to important state resources or facilities is issued during the State of Florida Chapter 163 review process; or
- (6) If State of Florida Chapter 163 requires or is modified to require a second local planning agency public hearing.

If the Planning Council chooses to require a second Planning Council public hearing per Article 1.2(A)(1)(2) or (3), such recommendation must be made as part of its motion.
