

**FIRST AMENDMENT TO THE INTERLOCAL AGREEMENT AMONG BROWARD COUNTY,
MIAMI-DADE COUNTY, MONROE COUNTY, AND PALM BEACH COUNTY FOR COST SHARE
SUPPORT OF SERVICES FOR THE SOUTHEAST FLORIDA REGIONAL CLIMATE CHANGE COMPACT**

This First Amendment ("First Amendment") is entered into by and among Broward County, a political subdivision of the State of Florida ("Broward"), Miami-Dade County, a political subdivision of the State of Florida ("Miami-Dade"), Monroe County, a political subdivision of the State of Florida ("Monroe"), and Palm Beach County, a political subdivision of the State of Florida ("Palm Beach") (collectively referred to as the "Parties" and when excluding Broward, the "Contributing Counties").

RECITALS

A. The Parties entered into the Interlocal Agreement among Broward County, Miami-Dade County, Monroe County, and Palm Beach County for Cost Share Support of Services for the Southeast Florida Regional Climate Change Compact, effective as of January 1, 2021 (the "Agreement"), to provide cost sharing support for the Institute for Sustainable Communities, a Vermont not-for-profit corporation, registered to do business in the State of Florida ("ISC"), that has provided coordination and facilitation services to the Parties since 2011 to advance the aims of the Southeast Florida Regional Climate Change Compact ("Compact").

B. Southeast Florida is one of the most vulnerable areas in the country to the impacts of climate change.

C. The Parties adopted the Compact in 2009. Since adopting the Compact, the Parties, in recognition of the benefits of regional coordination, have worked with one another and numerous other stakeholders to address climate change at the regional level.

E. The Agreement is scheduled to terminate at 11:59 PM on January 1, 2024 ("Term"). The Agreement provides that the Term may be extended by the Parties by written instrument prepared with the same formality as the Agreement and executed by the Board (as defined in the Agreement) and the Contributing Counties.

F. Article 4 of the Agreement specifies the terms for compensation to Broward.

G. The Parties, agreeing that it is in their best interest to continue working with one another to continue to address climate change at the regional level, now desire to amend the Agreement (i) to revise the services to be rendered by Broward; (ii) to extend the Term by three (3) years; (iii) to revise the amount that the Contributing Counties will pay Broward during the extended Term; and (iv) to make other necessary housekeeping amendments to the Agreement.

Now, therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. The above Recitals are true and correct and are incorporated herein by reference. All capitalized terms not expressly defined within this First Amendment shall retain the meaning ascribed to such terms in the Agreement.

2. Amendments to the Agreement made pursuant to this First Amendment are indicated herein by use of strikethroughs to indicate deletions and bold/underlining to indicate additions. Except as modified herein, all remaining terms and conditions of the Agreement shall remain in full force and effect.

Exhibit A-1 – ISC Scope of Services for Renewal Term

Support for the Southeast Florida Regional Climate Change Compact Statement of Work for FY2024 – 2026

During the contracted period, the Institute for Sustainable Communities ("ISC") must provide a level of effort and time per year that will not be less than the equivalent of two and a half (2.5) full-time employees. This level of effort will combine the time and expertise of ISC staff to provide services to the South Florida Regional Climate Change Compact ("Compact"), including governance process facilitation and support, strategic and technical assistance, communications delivery and support, and assistance in identifying additional financial resources from federal, state, and private philanthropic sources to support the growth and expansion of Compact service delivery. With respect to the Compact Leadership Committee ("CLC"), as well as subject matter experts teams and advisory groups, ISC must conduct all tasks in accordance with the Sunshine Law, the Public Records Act, and all other applicable law. The details of the services ISC must perform are articulated in the tasks and deliverables set forth below.

Task 1: Provide Secretariat Services for the Compact

Task 1.1: Compact Leadership Committee Meeting Support

Representative tasks include: Coordinating a minimum of monthly meetings of the Compact Leadership Committee and providing meeting support, identifying key strategic and management issues for the ongoing success of the Compact; developing meeting agendas in partnership with the CLC and/or chairperson, as appropriate; facilitating communications by Compact partners; assembling requests for Compact support and engagement; and conducting tasks in accordance with all applicable laws.

Task 1.2: Biannual (2x annually) Compact Retreats

Representative tasks include: Identifying key strategic and management issues for the ongoing success of the Compact; providing strategic advice to the CLC and associated staff from the Parties; developing the retreat agenda with input by CLC and resilience staff from the Parties; conducting the retreat in accordance with all applicable laws, and paying for various retreat-related expenses for all attendees, including venue and audiovisual equipment costs, if applicable, ISC staff travel costs, breakfast and lunch, printing, and other miscellaneous costs.

Task 1.3: General Compact Support – Priority Tasks

Representative tasks include: Providing support on short and longer-term tasks as prioritized and assigned by the CLC or the Contract Administrator, as appropriate, on an annual basis with the ability to make adjustments on a quarterly basis as issues, challenges, and opportunities arise in furthering the interests of the Compact partners; developing an annual Compact work plan in collaboration with the CLC and the Contract Administrator, as appropriate, to guide Compact's annual work priorities and deliverables; maintaining a timeline; and developing processes to achieve deliverables.

Task 1.4: Annual Regional Climate Leadership Summit ("Summit") Support

Representative tasks include: Participating on Summit planning team calls; assisting with the development of Summit themes, panels, and deliverables; assisting with the identification and engagement of speakers for the Summit; traveling to and participating in the Summit. ISC shall pay for a competitively priced event management software solution for the annual Leadership Summit. The Compact website will include a robust Summit page(s) to be used to host all information related to Summit, rather than an external website.

Task 1.5: General Fundraising Support

Representative tasks include: Identifying new grant resources for the Compact (federal, state, or private philanthropy) and coordinating the development of proposals and budgets in partnership with the CLC and Contract Administrator, as appropriate. As appropriate and directed by the Compact, ISC staff will facilitate annual proposal development and submission of the Department of Environmental Protection's Resilient Florida grant. Depending on the structure of the grant application or grant agreement, certain approvals from various County administration or governing boards may be required.

Task 1.6: Compact Subject Matter Expert (SME) Teams Coordination and Support

Representative tasks include: Identifying key issues and annual priorities in collaboration with SME teams; developing agendas for participants; scheduling meetings and, upon request, providing facilitation during the meetings; taking meeting notes, and tracking progress through completion; providing research, analysis, and specific Compact-branded guidance products, tools, and reports, as requested by the working groups; and conducting all tasks in compliance with all applicable laws.

Task 2: Provide Implementation Support for the Regional Climate Action Plan ("RCAP")

Task 2.1: RCAP Implementation Workshops (up to three per year)

Representative tasks include: Designing the workshop and agenda; managing logistics; and producing the guidance materials as appropriate and directed, for the Compact website. ISC must pay for all workshop event costs, including zoom webinar subscription costs, ISC staff travel costs, venue, audiovisual equipment, catering, printing, and other miscellaneous costs, as needed. The CLC shall decide on an annual basis if the workshops are to be virtual or in person. During in person workshops, the CLC shall decide the distribution of meeting locations to be held among the four Counties, with preference given to rotating meeting locations among each of the Counties.

Task 2.2: RCAP Resources and Guidance Products

Representative tasks include: Developing and providing continual updates to an online library of curated and reviewed resources to accompany RCAP recommendations. Additionally, at the Compact's request, ISC will develop RCAP Implementation Guidance Products to support workshop topics, reports that compile all resources provided by workshop speakers on a given topic, as well as additional case studies, technical information, tools, policy guidance, or useful information to support implementation of recommendations. Guidance products will be posted

on the Compact website.

Task 3: Compact Climate Assessment Tool (C-CAT)

Representative tasks include: Continuously improving and updating the annual C-CAT survey, as appropriate in partnership with the CLC, administering the annual survey process, analyzing survey data to monitor annual trends, and producing the annual C-CAT regional snapshot published on the Compact's website.

Task 4: Southeast Florida Climate Indicators

Representative tasks include: Working with the CLC and a SME team to prepare and update the Climate Indicators data that provides clear evidence of the climate change occurring in the region; schedule meetings, help develop agendas in partnership with the SME lead, and upon request, providing facilitation, taking meeting minutes, and tracking progress through completion; providing additional support, as requested by the SME team; resilience staff from the Parties, and the Contract Administrator, as appropriate; and conducting all meetings in accordance with applicable law.

Task 5: Inflation Reduction Act (IRA) Funding Support

Representative task include: Working with the CLC and SME team to identify and provide information regarding IRA funding opportunities that align with local government climate action priorities in the region; identifying opportunities for the Compact to provide capacity-building support to local governments and other stakeholders to maximize potential IRA impact in the region; providing logistical and facilitation support as needed; scheduling meetings and exploring partnerships with key stakeholders and partners, if requested.

Task 6: Compact Communications Support

Task 6.1: Compact Website and Compact Currents

Representative tasks include: Providing ongoing support and maintenance to the Compact website; developing new content and pages on the Compact site; developing and delivering Compact Currents, the Compact's quarterly e-newsletter.

Task 6.2: Press/Media Relations and External Inquiries Support

Representative tasks include: Fielding and responding to media requests on behalf of the Compact when appropriate; directing reporters to relevant CLC members or Parties' resilience staff; speaking to reporters on background; developing talking points for Parties with press; tracking all relevant press; and responding to Compact email inquiries, as requested by resilience staff from the Parties and the Contract Administrator, as appropriate.

Task 6.3: Compact Communication Collateral Development and Maintenance

Representative tasks include: Developing and updating templates for Compact presentations for use by Parties; developing and updating Compact fact sheets and other communication pieces as requested by the Parties, or as required by the circumstances.

Deliverables

ISC must provide a quarterly narrative report detailing activities across these six key tasks, including an ISC accounting of staff time and expenses for review and approval by the Contract Administrator.

Personnel and Fringe Benefits—salaries are budgeted as gross wages and reflect current or comparable rates from ISC's current projects. ISC fringe benefits are based on each employee's salary, timesheet allocations, and its Negotiated Indirect Cost Rate Agreement ("NICRA") (included as Attachment A), which is approved by the United States Agency for International Development, ISC's cognizant audit agency.

Travel—ISC requires travelers to take reasonable steps to lower travel costs and air travel is based on economy or coach class fares. ISC pays for actual hotel costs and provides per diem rates for meals and incidental expenses that do not exceed US Government rates.

Other Direct Costs—ISC's estimates include communication and photocopying expenses and a portion of ISC's A-133 audit expense. These expenses have been budgeted for this program based on ISC's overall program cost and budget.

Indirect Costs—ISC's indirect cost calculation methodology uses a modified total direct cost base consisting of total direct costs, less grant agreement amounts that exceed \$25,000. ISC's NICRA is currently 29.61% percent of its modified total direct cost base.

Dear Ms. Lovato,

The Overhead, Special Cost and Closeout Branch of the Office of Acquisition and Assistance within the Management Bureau is the central unit authorized to negotiate indirect cost rates with concerns awarded contracts, grants or cooperative agreements by the U.S. Agency for International Development (USAID).

Enclosed is the USAID Negotiated Indirect Cost Rate Agreement (NICRA) for the appropriate official in your organization to sign. The NICRA sets the final indirect cost rates for the fiscal year ending September 30, 2020, and establishes provisional indirect cost rates for the period beginning October 1, 2020, until amended.

Note that these indirect cost rates apply to all flexible-priced awards/contracts incorporating provisional indirect cost rates. For awards that incorporate these rates, you are directed within 120 days to take the necessary actions to adjust your invoices or financial expenditure reports (SF-425) for the difference between the billed indirect rates (provisional and final) in the NICRA. Further, be aware that the NICRA does not change any monetary ceiling, obligation or specific cost allowance or disallowance provided for in each award between the parties. Therefore, care needs to be taken to ensure that amounts claimed do not exceed award limitations or indirect cost rate ceilings.

Please print and sign the attached electronic copy of the NICRA. Retain one signed copy and email a signed copy to Contract Specialist Rami Khyami at rkhayami@usaid.gov at your earliest convenience. If you prefer, send a signed copy of the NICRA to me at the following address: M/OAAA/CAS/OCC, UA, Room 103.1A, USAID, 1300 Pennsylvania Ave., NW, Washington, DC 20523-7802.
