1. Summary of the proposed ordinance (must include statement of the public purpose, such as serving the public health, safety, morals, and welfare):

Private tag agencies are businesses that sell license plates and provide related services to the public on behalf of the Tax Collector. Previously, PTAs operated on behalf of the County in its capacity as tax collector. However, following the 2018 constitutional amendment requiring election of an independent Tax Collector, private tag agencies are no longer under the County's supervision. Instead, the Tax Collector is entering into separate agreements with the private tag agencies.

As a result, the proposed Ordinance generally repeals the Code provisions relating to private tag agencies. The consumer protection provisions are proposed to be retained but moved to the Broward County Consumer Protection Code.
