1. Land Use

Planning Council staff has reviewed this application and determined that the City of Fort Lauderdale's Comprehensive Plan is the effective land use plan. That plan designates the area covered by this plat uses permitted in the "Commercial" land use category. The proposed warehouse and open space use is in compliance with the permitted uses of the effective land use plan. Planning Council memorandum is attached (**Exhibit 3**).

2. Trafficways

Trafficways review was approved and expires on August 24, 2026.

3. Access

Highway Construction and Engineering Division, Traffic Engineering Division and Transit Division have reviewed the plat application and provided comments and recommendations with respect to the safe and adequate access standards of the Broward County Land Development Code, as shown in the attached memorandum (**Exhibit 4**).

This plat will not be recorded until all real estate taxes (including taxes for the current year and any delinquent taxes) for the property being platted have been paid as required by Florida Statutes Chapter 197.192. The applicant shall request a current tax letter be forwarded from the Revenue Collection Division to HCED Plat Section.

4. Concurrency – Transportation

This plat is located in the Central Transportation Concurrency Management Areas (TCMA), where level of service (LOS) is expressed in term of bus headways, and where Transportation Concurrency Assessment Fees apply per Sec. 5-182.1(a) of Land Development Code. The proposed generates 35 Trips per PM Peak Hour.

	Existing Use Trips per PM Peak Hour	Proposed Use Trips per PM Peak Hour
Residential	0	0
Non-residential	0	35
Total		35

5. Concurrency - Water and Wastewater Capacity

This plat receives water and wastewater from the utilities listed below:

	Potable Water	Wastewater
Utility Provider:	City of Fort Lauderdale	City of Fort Lauderdale
Plant name:	Fiveash (05/24)	G.T. Lohmeyer (GTL) (09/24)
Design Capacity:	90 MGD	61.58 MGD
Annual Average Flow:	78.8 MGD	45.60 MGD
Estimated Project Flow:	00.015 MGD	00.015 MGD

Sufficient capacity exists at this time to serve the proposed development; however, approval of this plat note does not guarantee reservation of future capacity. Plat approval does not infer any approval to connect to any wastewater collection, treatment, or disposal system, or that sufficient capacity will exist at time of building permit approval.

6. Concurrency - Public School

The School Board has reviewed the application, and this application does not include residential use and is not anticipated to generate additional students into Broward County Public Schools. Additionally, the site is not located immediately adjacent to existing public schools or currently vacant school sites owned by the School Board, and as proposed, will not have a direct physical impact on Broward County Public Schools. Therefore, this application is

determined to be exempt from public school concurrency on the basis that no residential development is currently proposed in the plat

7. Impact Fee

All impact fees (transportation impact and administrative fee) will be calculated by the Housing and Urban Planning Division, Development and Environmental Review Section, in accordance with the fee schedule specified in the Land Development Code during the review of construction plans submitted for Broward County Development and Environmental review. Fees must be paid prior to the issuance of the building permit.

8. Environmental Review

This plat was reviewed by Environmental Permitting Division and have the following recommendations regarding environmental permitting for the future development.

A. Domestic & Non-Domestic Wastewater and Surface Water Management

The Broward County Domestic Wastewater Licensing Program has no objection to the described plat. Nonetheless, should there be a significant flow generation from the site, advanced planning and upgrades to the downstream/off-site wastewater facilities may be warranted. Contact the Environmental Permitting Division at 954-519-1483 or WWLicense@broward.org for specific code requirements.

The Broward County Non-Domestic Wastewater Program has no objection to the described plat note amendment because no non-domestic wastewater discharge is anticipated for the site. Nonetheless, should there be proposed non-domestic wastewater discharges, these must meet the criteria under Chapter 27, Article V, Sections 27-193(b)(3)a, 27-193(b)(4)a, 27-194(b), and 27-198(c) of the Broward County Code of Ordinances. Contact the Environmental Permitting Division at 954-519-1483 or NDDLLicense@broward.org for specific code requirements.

In accordance with Chapter 27, Article V, Sections 27-198 through 27-200 of the Broward County Code, titled Water Resources Management, prior to any alteration to the site grading, or construction of a surface water management system, a Broward County Surface Water Management License is required. Contact the Environmental Permitting Division at 954-519-1483 or SWMLicense@broward.org for specific code requirements.

B. Aquatic and Wetland Resources

Review of available information by staff of the Water and Environmental Licensing Section of the Broward County Environmental Permitting Division determined that, at this time, there are no indications of wetlands within the boundaries of the plat. Based upon the present conditions within the site, filling of the land area will not require an Environmental Resource License.

The Water and Environmental Licensing Section of the Environmental Permitting Division encourages all invasive exotic vegetation including Melaleuca, Brazilian pepper, Australian pine and others as listed in the Exotic Pest Plant Council's List of Florida's Most Invasive Species to be removed during the development process, and a management plan may be necessary to control re-invasion of same. In addition, landscape material should not include any plants considered to be invasive of South Florida's native plant communities. The Florida Exotic Pest Plant Council's List of Florida's Most Invasive Species is available at Florida Exotic Pest Plant Council (invasive.org).

Other activities regulated under Chapter 27, Article XI of the Natural Resource Protection Code (e.g., lake or canal excavation, installation of headwalls, end walls, or outfalls) may require an Environmental Resource

License. Prior to undertaking surface disturbing activities, contact the Environmental Permitting Division at 954-519-1483 or AWRLicense@broward.org for specific code requirements.

C. Tree Preservation

This site does not fall under the jurisdiction of the Broward County Tree Preservation and Abuse Ordinance.

D. Clean-Up and Waste Regulation

The subject plat is within one-quarter mile of known contaminated sites. Section 27-353, Broward County Code, prohibits dewatering at or within one-quarter mile of contaminated sites without approval from the Environmental Permitting Division (EPD). In order to receive approval to dewater, a certified Dewatering Plan must be submitted in accordance with EPD's Standard Operating Procedure for Dewatering, which can be found at: <https://www.broward.org/Environment/ContaminatedSites/Pages/Dewatering.aspx>. The interactive map of contaminated sites in Broward County can be found on the internet at <https://broward.org/Environment/ContaminatedSites/Pages/Default.aspx>. Any questions can be directed to 954-519-1483 or EAR@broward.org.

E. Air Program

If any existing facility (e.g. existing structures on site including residential building(s) and/or utility building(s) or facility component (including roof system, insulation, walls, attached piping, mechanical systems, etc.) is planned to be demolished or renovated, the project shall comply with applicable asbestos regulations. More information on the asbestos requirements can be found at: <https://www.broward.org/ePermits/Pages/AsbestosCertificate.aspx>.

Submit a Statement of Responsibilities Regarding Asbestos (SRRA) electronically at ePermits.broward.org at least 10 working-days before commencing work on demolition and/or renovation of facility components subject to asbestos regulations. For assistance, contact Broward County's asbestos program at AsbestosHelp@broward.org or call 954-519-0340.

F. Natural Resources Division

Natural Resources Division notes that this site is not included in the Protected Natural Lands Inventory and is not adjacent to a site in the Inventory.

9. Additional Environmental Protection Actions

Approval to connect to any wastewater collection, treatment, or disposal system is approved by the Environmental Permitting Division as a prerequisite prior to issuance of building permits. These comments do not indicate waiver of approval of any other permit that may be required for other aspects of the project.

10. Historical and Archaeological Resource Review

This plat was reviewed by the Broward County's consulting archaeologist. The review of available information including archival documents, maps, the Broward County Land Use Plan and the Florida Master Site File (FMSF), determined that the proposed project will not have an adverse effect on previously recorded resource(s).

The subject property is located within the City of Fort Lauderdale outside the jurisdiction of Broward County's historic preservation ordinance (B.C. Ord. 2014-32). The property owner/agent is advised to contact Ella Parker, Urban Design and Planning Manager, Department of Development Services, at 700 Northwest 19th Avenue, Fort Lauderdale, Florida 33311 or by phone at (954) 828-5980 to seek project review for compliance with municipal historic preservation regulations.

In the event that unmarked burials are discovered, then, pursuant to Florida State Statutes, Chapter 872.05, "all activity that may disturb the unmarked burial shall cease immediately, and contact Broward County Medical Examiner, at 5301 S.W. 31st Avenue, Fort Lauderdale, Florida 33312 or by phone at (954) 357-5200. Such activity shall not resume unless specifically authorized by the district medical examiner or State Archaeologist.

11. Aviation

This property is within close proximity to the City of Fort Lauderdale's Fort Lauderdale Executive Airport. To initiate the local municipality review, please contact the City of Fort Lauderdale directly. Any proposed construction or use of cranes or other high-lift equipment must be reviewed to determine if the following apply: Federal Aviation Regulation Part 77; Florida Statutes Chapter 333; and/or the Cities' Airport Zoning Ordinances. Based on the location of the proposed project, the cities or FAA may need to review to determine whether the project is a potential hazard to aviation. To initiate the Federal Aviation Review, access the FAA Web Page at: <https://oeaaa.faa.gov>

12. Utilities

Florida Power and Light (FPL) and AT&T have been advised of this plat application and provided no comments.

13. Notice to Applicant

The applicant is advised that, in accordance with Section 125.022, Florida Statutes, the issuance of a development permit by the County does not in any way create any rights on the part of the applicant to obtain a permit from a state or federal agency and does not create any liability on the part of the County for issuance of the permit if the applicant fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

Specific questions regarding any of the above comments may be directed to each review agency contact person. A list of agency contacts is available on the Urban Planning Division's web page at: www.broward.org/Planning/FormsPublications/Documents/ReviewAgencies.pdf.

FINDINGS

Staff reviewed the application and found that it meets the requirement of the Land Development Code and satisfies requirements for Concurrency:

1. This plat is located within the Central Transportation Concurrency Management Area. This district meets the regional transportation concurrency standards specified in Section 5-182.1(a)(1)(a) of the Land Development Code.
2. This plat satisfies the drainage, water, wastewater and solid waste disposal concurrency requirement of Section 5-182.6 of the Broward County Land Development Code.

RECOMMENDATIONS

Based on the review and findings, staff recommends **APPROVAL** of this application, subject to the following conditions which shall assure compliance with the standards and requirements of the Land Development Code:

1. Conditions attached in the Highway Construction and Engineering Memorandum.
2. Place note on the face of the plat, preceding municipal official's signature, reading:

Concurrency/impact fees for the construction, expansion, and/or conversion of a building within this plat shall be paid on the date of building permit issuance

3. Place a note on the face of the plat reading:
 - a. Parcel A is restricted to 150,200 square feet of Industrial Mini-Warehouse use and Parcel B is restricted to Open Space.
 - b. This note is required by Chapter 5, Article IX, Broward County Code of Ordinances, and may be amended by approval of the Broward County Board of County Commissioners. The notation and any amendments thereto are solely indicating the approved development level for property located within the plat and do not operate as a restriction in favor of any property owner including an owner or owners of property within this plat who took title to the property with reference to this plat.
 - c. Any structure within this plat must comply with Section 2.1.f Development Review Requirements, of the Broward County Land Use Plan, regarding hazards to air navigation.
4. If this item is approved, the Mayor is authorized to sign an order approving this agenda item subject to staff findings, comments, and recommendations.
