**Re: January 28, 2025, County Commission Agenda Items #57, #58, #59, and #60:  
Monarch Hill Landfill**

Dear Mayor Furr & Senator Rich,

On behalf of Mayor Brown and the City of Weston, please accept this letter as support for the request of the Solid Waste Authority of Broward County asking the County Commission to delay any decision making on the Monarch Hill landfill until the completion of the solid waste Master Plan. Decisions that might restrict or limit existing solid waste sites with regards to uses, technologies, or capacities may hinder the ability of the Master Plan to be fully realized.

This delay will provide continued opportunity for meaningful community engagement, ensuring that the voices of residents, stakeholders, and experts are fully considered. Collaboration by all parties is the fundamental principle of the Solid Waste Authority, and it is the key to identifying sustainable solutions that will serve our collective needs for future generations.

Very truly yours,

Donald P Decker  
City Manager
