SUBJECT: Request to Increase Threshold of Contract TEC2119104B1_1: Source, Inc. Cradlepoint Equipment, Software and Implementation Services

Information Technology Division (IT) is requesting a threshold increase to the Cradlepoint Contract No. TEC2119104B1_1, which will allow for the continuity and use of the current Participating Addendum to State of Utah Cooperative Contract with Cradlepoint, Inc. The purpose of this request is to ensure there is adequate threshold for the remainder of the contract extension from 7/13/2025 through 09/30/2026. The extension of the contract expiration date of July 12, 2025, will allow for the current contract to match the State of Utah's contract extension to not interrupt our operations.

Transit has submitted the below estimates supporting the threshold increase of \$447,500.00 as follows:

- \$298,000 for Hardware
 - Ability to upgrade all the necessary buses (Estimated 121 buses)
 - Covers the remainder of the fleet that has not been upgraded with the new hardware
- \$130,000 for Licensing
 - Essential and Advance licenses
 - Possible price increases (2.5%)

- Any additional purchases, as needed
- \$19,500 for Labor
 - Per contract \$100 rate per hour for:
 - Cradlepoint Power Connection
 - Exterior Antenna Removal
 - Exterior Antenna Installation
 - Ethernet Cable Installation

If you have any questions or require additional information, please contact Jessica Palencia, IT Program Project Coordinator at 954-357-6498.
