DATE: August 19, 2024

TO: Josie Sesodia, Director

FROM: David (D.G.) McGuire, Manager
Plat Section, Highway Construction and Engineering Division

SUBJECT: Delegation Request: Modify Conditions of Plat Approval
(Amendment to Non-Vehicular Access Line)
Centra Point (062-MP-88)

The Highway Construction and Engineering Division and the Transportation Department, Transit Division have reviewed the application for modifications to the conditions of plat approval for the subject plat. In part, the application is a request to amend the access along Federal Highway adjacent to the plat. Our review included the information contained in the application, the property survey, the site plan (or conceptual access plan), the recorded plat, and the Development Review Report approved by the County Commission. Our review also included changes to the adjacent roadways and changes on the adjoining properties.

The applicant provide FDOT Permit number 2022-A-491-00050 (Project Name: "JR DUNN JEWELERS") evidencing that the roadway work has already been completed.

As a result of our review, staff has determined that new and amended plat requirements are necessary to ensure safe and adequate access between the adjoining Trafficway(s) and plat to comply with the adequacy standards of the Broward County Land Development Code. Staff recommends APPROVAL of the proposed NVAL amendment subject to the following:
