

DATE: 6/16/22

TO: Robert Gleason, Director of Purchasing

THRU: Alan W. Garcia, P.E., Director, Water and Wastewater Services

FROM: Jonathan K. Allen, Director, Business Operations Division

PROJECT TITLE: DeZurik/APCO Valves, Parts, and Repair Services

REQUISITION NO.: TBD

SOLE SOURCE/SOLE BRAND REQUEST

I. REQUEST: Provide a description of the features of the product/service or Scope of Work.

Water and Wastewater Services (WWS), Business Operations Division requests approval of sole brand procurement of DeZurik/APCO (DeZurik) Valves, Parts, and Repair Services from the sole source provider Fluid Controls Specialties Inc. (FCSI) in the estimated annual amount of \$285,000.

WWS has over 300 DeZurik valves installed in various operating areas including the sludge thickening process, the digester process and the aeration process of the treatment plants. Each DeZurik valve is specifically designed to perform, interface, and fit a specific process. Additionally, each valve is installed with an electric actuator that communicates directly with the Supervisory Control and Data Acquisition (SCADA) system allowing for remote access to monitor and operate the valves. These valves are critical in ensuring that Broward County is compliant with the State issued wastewater disposal permit.

II. JUSTIFICATION: Please check all boxes that describe your reason(s) for determining that only one source or brand is reasonably available.

Only Sole Source/Uniqueness

- ☒ Proprietary Item - this vendor/ source has the only rights to provide this service or commodity. A letter from the manufacturer or authorizing entity is included in this request.

Technology Improvements - updates or upgrades to an existing system, software, software as a service (SaaS), hardware purchases.

Engineering Direction - engineering drawing or specification identifies product; "no substitutes or equivalents will be acceptable."

- ☐ Only qualified supplier - reliability and maintainability of the product or service would be degraded unless specified supplier is used; may void warranty. This request includes a copy of the current warranty information.

- ☒ Other – the County requires this sole source, sole brand purchase for the following reasons:

Business Operations Division is requesting sole source because DeZurik is the original equipment manufacturer and FCSI is the sole manufacturer's distributor for the State of Florida. Provided for review and reference is an authorization letter from DeZurik stating that FCSI is their authorized manufacturer's distributor in the State of Florida.

Business Case (One/Most Reasonable Source or One/Most Reasonable Brand)

- Operational Compatibility - replacement parts from alternate suppliers are not interchangeable with original part and causes equipment incompatibility. Previous findings and/or documentation is included with this request.

Ease of Maintenance - maintenance or retooling prohibits competition. Section III, Comparative Market Research includes estimated costs associated with changing current source and/or brand.

Follow-On - potential for continued development or enhancement with same supplier and eliminates costs incurred by using different supplier. Section III, Comparative Market Research includes estimated costs for replacing current or existing system.

Complies with existing community and safety standards, and/or laws, rules, and regulations.

Exempted from the Procurement Code – per Section 21.5 of Broward County Administrative Code.

- Other/or additional information – using this sole source, sole brand purchase benefits the County for the following reasons:

WWS is requesting sole brand because WWS requires direct replacement of DeZurik valves when making repairs or replacing existing valves. A direct replacement is needed because all associated pipe configurations, electric actuators, fixtures, and inlets/outlets were designed around each valve and are not interchangeable with other brands under current valve configurations.

III. COMPARATIVE MARKET RESEARCH: Provide a detailed source or market analysis for justification of sole source/brand or most reasonable source (attach extra sheets as needed).

Estimated project value: \$ 1,425,000.00 Contract length (if applicable): 1 initial 4 1-yr renewals

Expenses to date: \$713,608.36

Has this commodity been previously provided to the County? ☒ Yes ☐ No

If yes, when and by whom? Fluid Controls Specialties Inc.

How was item/service procured? Sole Source and Sole Brand

What is the current contract (MA) or purchase order number? OPN2117564Q1

If this is a sole brand, is there an “authorized” dealers list? ☒ Yes ☐ No

Cost/Benefit Analysis: What would the cost be to utilize an alternate vendor or source? This explanation should include the savings and/or additional costs to the County by not using the preferred vendor or source. Attach additional sheets if needed.

DeZurik valves and parts are patented and are not interchangeable with any other brands. Other manufacturer valves are not configured the same as the DeZurik valves installed. To consider another brand of valves for the sole purpose of being competitive, WWS would have to replace electric actuators, re-engineer the design, re-configure the piping and connections in order to accommodate a different type of valve. The amount of time and cost of installing a different brand would far outweigh the cost of replacing with the original equipment, as well as potentially creating another sole source situation as this type of equipment is proprietary. These valves are critical in ensuring that Broward County is compliant with the State issued wastewater disposal permit.

Contract OPN2117564Q1 was awarded as sole source and sole brand after due diligence was performed by way of a Request for Information (RFI). RFI No. OPN2117564F1 was advertised for seven (7) days starting September 5, 2018. No responses were received.

CERTIFICATION: I have thoroughly researched the sole source or sole brand justification and fully understand the implications of Section 838.22 of the Florida Statutes:

(2) "It is unlawful for a public servant, with corrupt intent to obtain a benefit for any person or to cause unlawful harm to another, to circumvent a competitive bidding process required by law or rule by using a sole source contract for commodities or services."

(5) "Any person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084"

Bid Comments **This Request for Information (RFI)/ Notice of Intent to Designate Sole Source/Sole Brand is intended to ascertain whether the commodity or service specified below is currently available from multiple providers/brands. This is not a request for pricing or a commitment to purchase.**

The following products are thought to be available from only a single source/brand. This RFI/Notice of Intent to Designate Sole Source/Sole Brand will remain posted until the due date and time indicated. Vendors should submit response electronically through Periscope S2G. Vendor should upload any supporting information in Periscope S2G to assist in determining if product or service is comparable.

Known Reasonable Source/Brand
DeZURIK/APCO brand valves, parts, and maintenance/repair services from sole authorized manufacturer's representative in the state of Florida, with the exception of Bay, Calhoun, Escambia, Gulf, Homes, Jackson, Okaloosa, Santa Rosa, Walton and Washington Counties., Fluid Control Specialties, Inc.

Justification for Reasonable Source/Brand Acquisition
WWS has over 300 DeZURIK/APCO brand valves installed in various operating areas including the sludge thickening process, the digester process and the aeration process of the treatment plants. Each DeZurik valve is specifically designed to perform, interface, and fit a specific process. Additionally, each valve is installed with an electric actuator that communicates directly with the Supervisory Control and Data Acquisition (SCADA) system allowing for remote access to monitor and operate the valves. These valves are critical in ensuring that Broward County is compliant with the State issued wastewater disposal permit.

WWS believes current DeZURIK/APCO valves and parts require a direct replacement and are not interchangeable with other brands because all associated pipe configurations, electric actuators, fixtures, and inlets/outlets were

Broward County Board of
County Commissioners

Bid IND2125018F1

designed around each valve.

It is also believed that DeZURIK/APCO valves, parts, and maintenance/repair services (in order to maintain warranties) are only available from the sole authorized manufacturer's representative, Fluid Control Specialties, Inc.

If you are capable of meeting or exceeding the specification requirements for this product or equal, respond to this RFI/Notice of Intent to Designate Sole Source/Sole Brand through Periscope S2G. Provide product literature for any product to assist in determining if product is comparable. The Director of Purchasing shall have sole authority in deciding what is comparable.

Prospective Vendors are requested to provide information regarding their ability to supply the commodities or contractual services described or written explanation or other documentation contesting the proposed designation as a Sole Source/Sole Brand. Prospective Vendors will be considered only if they provide documentation demonstrating that they are capable of meeting or exceeding the specification requirements stated herein. All Vendor responses will be evaluated by the Director of Purchasing who shall have sole authority in establishing the approved equal status of the commodity or service offered by the vendor.

The Director of Purchasing shall consider such submittals and notify all submitting vendors of the decision whether to designate as a Sole Source/Brand, which decision shall not be subject to objection, protest, or appeal.
