Item No. 515—Wharfage and ~~e~~Container ~~e~~Crane ~~i~~Incentives for ~~q~~Qualifying ~~o~~Ocean ~~e~~Carriers.

Issue No. ~~2~~ 3

Effective Date: October 1, ~~2011~~ 2022

The provisions of this Item apply to ~~non-terminal~~ nonterminal operating container cargo ocean carriers that do not have a ~~wharfage and operating agreement or lease approved by Marine Terminal Lease and Operating Agreement with Broward County~~. Such ~~non-terminal~~ nonterminal operating container cargo ocean carriers that load/discharge containerized cargo at Port Everglades ~~utilizing its vessels, whether utilizing their own vessels~~ or is participating in a Federal Maritime Commission filed vessel sharing agreement (VSA) with other lines (which will result in the VSA participants loading/discharging containerized cargo at Port Everglades), may apply to the Port Everglades Chief Executive in writing for approval of the application of the provisions of this Item, which approval entitles such ~~non-terminal~~ nonterminal operating container cargo ocean carriers to receive the ~~herein below~~ Tariff incentive discounts stated in this Item on an annual basis effective from the date of first vessel call. To qualify for Port Everglades Chief Executive approval, such ~~non-terminal~~ nonterminal operating container cargo ocean carriers must use one of the County's container gantry and/or mobile harbor cranes and demonstrate the ability to load/discharge a minimum of 100,000 container cargo tons annually at Port Everglades. For container cargo ocean carriers having a ship using, on the same port call, a combination of container lift on/lift off (LO/LO) using the County's container gantry and/or mobile harbor crane and roll on/roll off (RO/RO) cargo ~~that is~~ discharged/loaded in ocean shipping containers, in over-the-road trailers, and/or on flat racks, such RO/RO cargo qualifies for container cargo ~~w~~Wharfage discounts. Such RO/RO cargo tonnage will be combined with LO/LO cargo discharged/loaded with one of the County's container gantry and/or mobile harbor cranes for determining the discount level for cargo ~~w~~Wharfage purposes only. For container cargo ocean carriers qualifying under this Tariff Item participating in a VSA, the combined

container cargo tonnage of all VSA participating carriers will be considered in achieving the minimum 100,000-ton threshold and qualifying for ~~levels~~ of discounts.

<i>(Annual Minimum Containerized Cargo Short Tons)</i>	<i>Percentage Discount from Published Tariff Rates for Container Cargo (Tonnage) Wharfage Rates and Container Gantry/Mobile Harbor Crane Rental Rates (excluding standby, start-up, & shut-down)</i>
0-50,000 Tons per year	10%
50,001-100,000 Tons per year	20%
100,001-250,000 Tons per year	35%
250,001-300,000 Tons per year	40%
300,001-350,000 Tons per year	45%
350,001-Tons and over per year	50%

Annual Minimum Tonnage includes the container cargo tons loaded/discharged at Port Everglades during each twelve (12) month period commencing on the date of the first vessel loading/discharging operation and terminating three hundred sixty-five (365) days thereafter. As additional qualified vessels are loaded/discharged during this ~~time~~ period, such activity ~~is to~~ will be included within this three hundred sixty-five 365-day (365) day time period. The enumerated incentive discounts herein above apply only ~~where~~ when such nonterminal operating container cargo ocean carrier utilizes the County's container gantry/mobile harbor cranes and only to container cargo (tonnage) ~~w~~Wharfage rates and container gantry crane rental rates (excluding charges for standby, start-up, ~~& and~~ and shut-down); and ~~shall have no effect on~~ does not affect any other Tariff fee, charge, ~~and/or~~ rate under any other provision of Tariff No. 12 as amended or reissued.

In instances where a qualifying container cargo ocean carrier participates in two or more independent ~~and/or~~ VSA services at Port Everglades, container cargo tonnage and charges for container gantry/mobile harbor crane hours will be combined for purposes of the application of discounts as provided for in this Item. During ~~the course of~~ each twelve (12) month period, each service in which a qualifying container cargo ocean carrier participates will be treated independently for purposes of the application of cargo ~~w~~Wharfage and container crane discounts. At the end of each twelve (12) month period, container cargo tons and charges for container crane rental hours for all services in which a qualifying container cargo ocean carrier participates will be combined. For purposes of combining container cargo tons and charges for container crane rental hours, the twelve (12) month period/effective date for all independent ~~and/or~~ VSA services is considered to be that of the first vessel call of the first qualifying service. Should the calculation combining container cargo tons and charges for container crane rental hours result in the ocean carrier reaching a higher level(s) of discount, a credit will be issued to the carrier within sixty (60) days ~~of~~ after the end of the twelve (12) month period, provided the carrier has given the Port Everglades Department, in writing, its designation as to which of its account(s) is to receive the credit.

To remain eligible for the ~~herein above enumerated~~ specified in this Item, incentive discounts, such ~~non-terminal~~ nonterminal operating container cargo ocean carrier's account with Broward County must be and remain current, with no delinquent balances, and such carrier ~~shall~~ must continue to demonstrate its ability to load/discharge a minimum of 100,000 container cargo tons annually at Port Everglades. Under the Port Everglades Chief Executive's guidelines and ~~Broward County's~~ Port Everglades Department's Accounts Receivable Policy and Procedures, all accounts will be monitored, and appropriate action will be taken on delinquent accounts. A qualified carrier whose account becomes delinquent will not receive discounts on cargo ~~w~~Wharfage and charges for container crane rental during the period(s) of delinquency. During a

period of account delinquency, container cargo ~~w~~Wharfage and charges for container gantry/mobile harbor crane rental will be invoiced at full Tariff rates. For carriers participating in a VSA, only the individual member(s) of the VSA whose account is delinquent will be denied discounts. Once the carrier's account returns to current status, the carrier will again be entitled to discounts at the level at which the service is then operating. Irrespective of a carrier's account status, all container cargo tons will be counted toward reaching additional ~~levels of discount~~ levels.

Once requalified, the Part B. rate will apply in the month following requalification. During the initial month of operations, vessels providing services in Part B. will have their activities prorated from the date of start-up ~~for purposes of determining to determine~~ minimum sailing requirements. Item No. 545--Container ~~e~~Carrier ~~s~~Service ~~i~~Incentive.

Issue No. ~~2~~ 3

Effective Date: ~~October 1, 2011~~ 2022

The provisions of this Item apply to container cargo ocean carriers ~~who that~~ establish a new regularly scheduled ocean container cargo service(s) calling at Port Everglades ~~who but~~ do not have in effect a marine terminal lease and operating agreement. For purposes of this ~~i~~Item, "new service" is ~~one that is~~ a newly entered ~~into~~ service or one that has not called at Port Everglades within the prior twelve (12) months. Such container cargo ocean carrier must apply to the Port Everglades Chief Executive, in writing, for approval of the application of the provisions in this Item, which approval entitles such container cargo ocean carrier to receive the ~~herein below~~ Tariff incentives stated in this Item from the date of the first vessel call in the new service following Port Everglades Chief Executive approval. The ~~1st~~ first year will commence with the arrival of the first approved ship and will end twelve (12) months later. The ~~2nd~~ second year will commence on the day following the completion of the ~~1st~~ first year. The ~~3rd~~ third year will commence on the day following the completion of the ~~2nd~~ second year. This Tariff incentive is provided to offset a portion of the carrier's² startup costs associated with its ~~locating to new~~ Port Everglades' service. ~~To receive Port Everglades Chief Executive approval,~~ Such container cargo ocean carrier must provide evidence of its ability to load/discharge a minimum of 5,000 container shipmoves (see note) annually at Port Everglades and also provide service route documentation from the Florida Shipper or the container cargo ocean carrier's website or other source approved by Port Everglades Department to receive Port Everglades Chief Executive approval.

New Container Cargo Ocean Carrier Service Incentive is as follows:

1st Year = \$3.00 per container shipmove

2nd Year = \$2.00 per container shipmove

3rd Year = \$1.00 per container shipmove

During the first year of qualification, ~~the~~ The \$3.00 per container shipmoves incentive will be accumulated for the approved container cargo ocean carrier during the first year of qualification until the 5,000 container shipmoves level has been reached. Thereafter, the accumulated incentive, ~~as well as~~ and future incentives earned, will be applied against open Port invoices ~~and/or~~ future Port charges until fully exhausted. Such earned credits must be applied directly against invoiced Port Everglades fees and are not transferrable.

To remain eligible for the incentives enumerated herein, such container cargo ocean carrier’s account with Broward County must be and remain current with no delinquent balances, and such ocean carrier ~~shall~~ must continue to demonstrate its ability to load/discharge a minimum of 5,000 container shipmoves annually at Port Everglades. Under the Port Everglades Chief Executive’s guidelines and ~~Broward County’s~~ Port Everglades Department’s Accounts Receivable Policy and Procedures, all accounts will be monitored and appropriate action will be taken on delinquent accounts. An approved carrier whose account becomes delinquent, will not receive these incentives for ~~their~~ its container shipmoves during the period(s) of delinquency. Once a qualified ocean carrier’s account returns to current status, the approved ocean carrier will again be entitled to receive the container shipmove credit appropriate for the year of operation at Port Everglades. Irrespective of an ocean carrier’s account status, all container shipmoves will be counted towards demonstrating the ocean carrier’s ability to load/discharge 5,000 containers annually at Port Everglades.

Note: Container Shipmoves as used herein means a truck trailer body (whether fully enclosed, open-top, flat rack, vehicle rack, or bulk liquid) loaded or discharged from a ship or barge at ~~the~~ Berth in Port Everglades.
