TO: Brenda J. Billingsley, Director, Purchasing Division

THRU: Mary Moss

FROM: Anh Ton, Director, Highway and Bridge Maintenance Division

PROJECT TITLE: Mosquito Control Supplies (Non-Sheeltered Market)- Bid No. TBD

REQUISITION NO. HWB0001264, HWB0001:

### SOLE SOURCE/SOLE BRAND REQUEST

I. REQUEST: Provide a description of the features of the product/service or Scope of Work.

Refer to attachment

II. JUSTIFICATION: Please check all boxes that describe your reason(s) for determining that only one source or brand is reasonably available.

#### Only Sole Source/ Uniqueness

- Proprietary Item - this vendor/source has the only rights to provide this service or commodity. A letter from the manufacturer or authorizing entity is included in this request.
- Technology Improvements - updates or upgrades to an existing system, software, software as a service (SaaS), hardware purchases.
- Engineering Direction - engineering drawing or specification identifies product; "no substitutes or equivalents will be acceptable."
- Only qualified supplier - reliability and maintainability of the product or service would be degraded unless specified supplier is used; may void warranty. This request includes a copy of the current warranty information.
- Other/or Additional information - the County requires this sole source, sole brand purchase for the following reasons:

Refer to attachment

**Business Case (One/Most Reasonable Source or One/Most Reasonable Brand)**

- Operational Compatibility - replacement parts from alternate suppliers are not interchangeable with original part and causes equipment incompatibility. Previous findings and/or documentation is included with this request.
- Ease of Maintenance - maintenance or retooling prohibits competition. Section III, Comparative Market Research includes estimated costs associated with changing current source and/or brand.
- Follow-On - potential for continued development or enhancement with same supplier and eliminates costs incurred by using different supplier. Section III, Comparative Market Research includes estimated costs for replacing current or existing system.
- Complies with existing community and safety standards, and/or laws, rules, and regulations.
- Exempted from the Procurement Code - per Section 21.18 of Broward County Administrative Code.
- Other/or additional information - using this sole source, sole brand purchase benefits the County for the following reasons:

Refer to attachment

III. COMPARATIVE MARKET RESEARCH: Provide a detailed source or market analysis for justification of sole source/brand or most reasonable source (attach extra sheets as needed).

Estimated project value: \$2,565,000.00      Contract length (if applicable): 1 year with two year optional renewal

Expenses to date: \$1,714,700.13

Has this commodity or service been previously provided to the County?  Yes     No

If yes, when and by whom? Adapco, LLC from 2017 - 2019 and Clarke Mosquito Control Products, Inc. from 21

How was item/service procured? Sole brand and sole source

What is the current contract (MA) or purchase order number? N2114084Q2\_1, N2114084Q1\_1

If this is a sole brand, is there an "authorized" dealers list?  Yes     No

Cost/Benefit Analysis: What would the cost be to utilize an alternate vendor or source? This explanation should include the savings and/or additional costs to the County by not using the preferred vendor or source. Attach additional sheets if needed.

There are no other alternative vendor or source.

CERTIFICATION: I have thoroughly researched the sole source or sole brand justification and fully understand the implications of Section 838.22 of the Florida Statutes:

(2) "It is unlawful for a public servant, with corrupt intent to obtain a benefit for any person or to cause unlawful harm to another, to circumvent a competitive bidding process required by law or rule by using a sole source contract for commodities or services."

(5) "Any person who violates this section commits a felony of the second degree, punishable as provided in s. 775.082, s. 775.083, or s. 775.084"

The Purchasing Agent has reviewed the request and has completed the required due diligence per the Procurement Code Section(s) 21.34 and 21.35. The Purchasing Agent recommends the following:

Sole Source     Sole Brand     Reasonable Source     RFI attached     Rejected

Request Authorization to Negotiate

Additional Information:

Request for Information (RFI) BLD2119687F1 - Mosquito Control Supplies, was posted from September 16, 2019 and opened on September 23, 2019. The RFI was issued to see if there are additional distributors authorized to sell the mosquito control products specified as a sole source or sole brand in Exhibit 1. The RFI yielded three (3) responses, which indicated Clark Mosquito Control Supplies, Inc. as the sole distributor of Anvil, AquaANVIL, Natular products and Merus 3.0; and Adapco as the sole distributor for Metalarv S-PT and VectoBac. In addition, the RFI indicates that Zenivex can only be distributed by the following vendors: Target Specialty Products, Clarke Mosquito Control Supplies, Inc., Univar, Van Diest Supply Company, Helena, and Winfield. Based on the RFI, there was no responses for Fyfanon ® ULV, Ramp West Nile and Dengue Test, and Fourstar Briquets, which indicates there are no additional vendors authorized to sell the identified sole source/sole brand mosquito products. The Purchasing Agent agrees with the Highway and Bridge Maintenance Division (HBMD) that the mosquito control supplies requested as a sole source and sole brand should continually be used to combat the mosquito population in Broward County. These products were tested by HBMD and have proven to be the most effective. Using multiple products maintains product diversity and prevents chemical resistance in the mosquito population of Broward County.
