MEMORANDUM

TO: Brenda J. Billingsley, Director
Purchasing Division

FROM: Adriana Toro, P.E., Acting Director 
Highway and Bridge Maintenance Division

DATE: February 12, 2020

RE: **Threshold Increase Request - Updated
Bridge Repairs and Miscellaneous Structures - PNC2117217B1**

The Highway and Bridge Maintenance Division (HBMD) is requesting a \$1,000,000 threshold increase for the above-referenced contract. This increase is necessary to perform emergency work to replace a portion of collapsed seawall along Old Griffin Road, south of Griffin Road in the City of Dania Beach.

The seawall in the aforementioned location had not been previously identified as a County-maintained asset. The collapse (see attached photographs) was noted at the end of December 2019. Through research, staff determined that the County is responsible for the seawall's maintenance. Staff has temporarily secured the area to keep the roadway open to vehicular traffic until the seawall is replaced. Work must be completed immediately to ensure the safety of drivers and pedestrians and to prevent any further deterioration to the wall and roadway.

The work will include seawall replacement, erosion control and roadway repairs. Contract PNC2117217B1 has the necessary pay items to complete the work, and the vendor is readily available to start construction activities.

Based on the information and justification presented here, HBMD is requesting the approval of the \$1,000,000 contract threshold increase. We believe this approach will expedite the completion this emergency work, ensure safety of the traveling public and preserve County property.

If you have any questions or need additional information, please contact me at (954) 357-6064.

Thank you in advance for your consideration of this request.

cc: Anh Ton, Acting Deputy Director, Public Works Department
Rita Russo, Administrative Officer Senior, HBMD
Angela Byers, Program Project Coordinator Senior, HBMD
