The Commonwealth of Virginia, Department of General Services, Division of Purchases & Supply (“Commonwealth” or “DGS” or “DPS”) is issuing this request for proposals (“RFP”) for the purpose of soliciting formal sealed proposals in order to establish one or more multi-year term Master Agreements through the use of competitive negotiation with qualified and experienced firms to enable all Commonwealth of Virginia public bodies and other eligible entities, as defined herein, to purchase all categories of quality, **low floor transit buses** to include all related integral or peripheral component equipment or accessory products associated with such vehicles (collectively referred to as Vehicles or Product or Products); together with available maintenance and technical warranty and maintenance support services (“Services”) necessary to maintain the operational performance, safety and technical integrity of all vehicles in accordance with all original equipment manufacturer (OEM) performance, safety, and technical specifications.

- 1) All DRPT-required specifications and requirements

II. BACKGROUND

The Commonwealth of Virginia is the 12th most populous state in the nation and home to approximately eight million residents. Virginia is approximately 42,700 square miles, ranked as the

35th largest state, and comprised of five distinct regions: Tidewater, Piedmont, Blue Ridge Mountains, Valley and Ridge, and Appalachian Plateau.

Virginia political subdivisions are organized into 95 counties and 38 independent cities which are considered to be county-equivalents.

The mission of Virginia's Department of Rail and Public Transportation (DRPT) is to improve the mobility of people and goods, while expanding transportation choices in the Commonwealth. DRPT envisions that every resident, visitor, and business in Virginia will have access to safe, convenient, and reliable transportation choices.

The products and services any contractor will deliver through this contract will be required to assist DRPT in fulfilling this mission; however, DRPT anticipates that there are several significant factors that will affect Virginia's future transportation needs and its customer base.

1. Population: DRPT expects Virginia's population to grow by about one-third to approximately 10.9 million people by 2035, and almost 2 million of those residents will be 65 years of age or older. The resulting increase in travel needs will create much greater demand for public transportation services and human service transportation services throughout all areas of Virginia.
2. Demographics: Virginia's population demographics are changing. There is a growing number of elderly and disabled that comprises a larger proportion of the overall population. There is also an increasing influx of new residents and new businesses in the state. These changes require greater awareness efforts in promoting the use of public transportation, and the transportation choices that must be considered.
3. Business Growth: A growing number of businesses are being brought into Virginia, as well, or that are starting up. This also increases the numbers of citizens in the workforce that need public transportation. This growing workforce will look for more transportation choices as more than 60 percent of transit trips are taken for work purposes.
4. Counties and Cities – DRPT has determined that the number of counties and cities that operate or sponsor public transportation and commuter assistance services will need to grow to meet the increasing mobility needs of a public that does not currently have access to public transportation services.
5. Public Transportation Systems – The number of public transportation systems will continue to increase as this demand for transit service increases. Virginia will need to increase its share of investment in public transportation to provide Virginia's residents with additional mobility options.

Other factors affecting Virginia transportation needs will include a greater demand for human transportation service agencies, as well as commuter assistance agencies.

Additional information is found on DRPT's website at <http://www.drpt.virginia.gov/> with additional information at <http://vaperforms.virginia.gov> under Virginia's transportation goals

Offerors should note that pursuant to *Code of Virginia* § 2.2-1120, all private institutions of higher education chartered in Virginia and granted tax-exempt status under the *Internal Revenue Code* section § 501(c)(3) and DRPT and/or Federal Transit Administration grant fund recipients may

submit orders to purchase products or services directly from any Contract established as a result of this RFP.

Virginia has received considerable recognition as one of the best managed states in the nation, and is evidenced by its long standing AAA bond rating. According to Virginia Performs, much credit is due to the roll of the state and the enterprise level performance management, accountability, and transparency that is exercised by Virginia state government to ensure the best use of public resources and to oversee the major administrative functions of state government, which includes the procurement of all needed goods and services.

For FY14, total expenditures for the Commonwealth's state government exceeded \$43 billion, with over \$6.3 billion processed through Virginia's eProcurement system, known as "eVA", for all categories of required goods and services.

III. OBJECTIVE

The objective of this Request for Proposal (RFP) is to develop one or more contracts from qualified suppliers that will satisfy the Commonwealth's requirements for public transparency; provide online tools for citizens to understand what government is doing and spending; meet the Commonwealth's intent to obtain high quality goods and services at reasonable cost; ensure ongoing innovation in the products obtained; provide overall best value, and; achieve the most favorable pricing and services possibly available for these Products that may be sought by any potential authorized user in the Commonwealth.

Through this process, it is contemplated that a prospective contractor will be able to obtain greater savings or reduced costs by managing one comprehensive cooperative contract for the state, and that the collective volume of cooperative purchases that this represents, through a state cooperative contract, rather than needing to respond to (and manage) numerous, individual, duplicative contracts with diverse Virginia public bodies, agencies, and educational institutions, and should result in better discounts for the Virginia public body marketplace. Therefore, no Offeror should expect that any proposal will be fully considered for a potential contract award unless the pricing structure and overall value offered through this RFP process is far more aggressive than any current or potential pricing structure and overall value provided to any other public or private entity, either individually or cooperatively.

It is also contemplated that the establishment of one or more contracts from this RFP, and an understanding of any subcontracting opportunities offered from any prime contractor, will help enable the Commonwealth to meet its initiatives with regards to small business and related programs designed to assist small businesses in Virginia.

Any resulting Master Agreement will be mandatory use with purchase orders submitted by Commonwealth of Virginia agencies, institutions of higher education, and other public bodies and entities authorized to use the Master Agreement by *Code of Virginia* §2.2-4301 and §2.2-4304, and includes private institutions of higher education chartered in Virginia as defined in *Code of Virginia* §2.2-1120 and granted tax-exempt status under *Internal Revenue Code* §501(c) (3) and *DRPT and/or FTA grant fund recipients*. All entities described above are collectively referred to as "Authorized Users."

This solicitation incorporates where appropriate all provisions of the Americans with Disabilities Act (ADA) Final Rule as stated in the Federal Register Vol. 56. No. 173 of September 6, 1991, Subpart B-Buses, Vans and Systems, pages 45756 through 45761.

In addition, this is to include all local government and K-12 needs as well as all 501(c)(3) private institutions of higher education chartered in Virginia *and DRPT and/or FTA grant fund recipients.*

The Commonwealth reserves the right to make awards for any goods and/or services depending upon the capabilities and benefits described in any Offeror's proposal and as the Commonwealth deems in its best interest. Such decision shall be based upon the Commonwealth's sole and exclusive judgment.

No Offeror, therefore, should expect that any proposal they offer be fully considered for any potential contract award unless the pricing structure and overall value offered through this RFP process is far more aggressive than what they might currently or potentially provide to any other public or private entity, either individually or cooperatively.

Proposals submitted elsewhere, including to other state or federal agencies, will not be accepted. Late proposals will not be accepted or considered.

If discrepancies are found between the copies or between the original and copies, the original proposal will provide the basis of resolving discrepancies. If no document can be identified as an original, the Offeror's proposal may be rejected at the discretion of the Commonwealth.

1. Proposal Preparation

(Send proposal responses on hardcopy for this section – will be included in the 50 typed page limit as noted below)

An authorized representative of the Offeror must sign any submitted proposal. All required information should be submitted. If an Offeror fails to submit all information requested, the purchasing agency may require prompt submission of missing information after the receipt of proposal. **Failure to submit all required information may result in a lowered evaluation score of the proposal.** Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.

Proposals should be prepared simply and economically, providing a straightforward, concise description of capabilities to satisfy the requirements of the RFP. The Offeror is responsible for all costs of proposal preparation. The Commonwealth of Virginia is not liable for any costs incurred in preparing a response to the RFP. Emphasis should be placed on completeness and clarity of content.

Proposals should be organized in the order in which the requirements are presented in the RFP. The proposal should contain a table of contents which cross-references the RFP requirements.

Other proposal format requirements include:

- a. The entire proposal response shall be **limited to 50 typed pages** – including vendor's preprinted cut sheets, specification, floor plans etc.

The RFP signature on this RFP cover page, must be included in the ORIGINAL proposal and the ELECTRONIC copy of the proposal. Additional copies must include the signed cover page, but need not include the remainder of this RFP.

See Item B below: "Specific Proposal Submission Instructions" for submittal requirements.

- b. No font smaller than 12 point.
- c. 8½ x 11 inch page size (larger pages are allowed for figures or tables, but they should be folded into the overall proposal and used sparingly.)
- d. All pages should be numbered.
- e. Organize using tab dividers and in the order described in Section VII.B
- f. Reference the paragraph number of the corresponding section of the RFP and cite the paragraph number, sub letter and repeat the text of the requirement as it appears in the RFP. If a response covers more than one page, the paragraph number and sub letter should be repeated at the top of the next page

Each copy of the proposal should be bound or contained in a single volume where practical. All documentation submitted with the proposal should be contained in that single volume.

2. Proprietary Information (Attachment C)

Send proposal responses on hardcopy for this section – will be included in the 50 typed page limit)

All executables, user data, materials, meeting minutes, progress reports and documentation shall be submitted to DPS and shall belong exclusively to DPS, and shall be subject to public inspection in accordance with the *Virginia Freedom of Information Act*. Trade secrets or proprietary information submitted by an Offeror shall not be subject to public disclosure under the *Virginia Freedom of Information Act* provided the Offeror invokes the protections of Section 2.2-4342F of the *Virginia Public Procurement Act* which provides that:

"Trade secrets or proprietary information submitted by an Offeror, or subsequently the Contractor, in connection with a procurement transaction, shall not be subject to public disclosure under the *Virginia Freedom of Information Act*. However, the Offeror or Contractor must invoke the protection of this Section prior to, or upon submission of the data or other materials. The Contractor must identify the data or other materials to be protected and justify in writing the explicit reasons that such protection is necessary. Failure to mark the data or other materials as proprietary or otherwise classified, will result in the data or other materials being released to Offerors or to the public as provided in the *Virginia Freedom of Information Act*."

The classification of the entire proposal document, line item prices, and/or total proposal prices as proprietary or trade secrets is not acceptable.

3. Oral Presentation

Offerors who submit proposals in response to this RFP may be required to present an oral presentation of their proposal to the Proposal Evaluation Team. An oral presentation may provide an opportunity for the Offeror to clarify or elaborate on their proposal submittal. If

held, DPS will schedule the time and location of these presentations. If the Offeror is selected to give an oral presentation, such Offeror may be requested to provide additional copies of their proposal at that time.

Oral presentations are an option of the Proposal Evaluation Team and may or may not, be conducted. Therefore, proposals must be complete.

4. As used in this RFP, the terms “must”, “shall”, “should” and “may” identify the criticality of requirements. “Must” and “shall” identify requirements that are mandatory and are required by law or regulation. The inability of an offeror to satisfy a “must” or “shall” requirement may seriously affect the overall rating score of the proposal. The terms “should” or “may” indicate highly desirable requests.
5. Offeror Exceptions to Terms and Conditions: The Commonwealth discourages exceptions to terms and conditions and may make a decision on the selection of the offerors for evaluation based on the initial proposals without clarification or an opportunity for discussion; therefore, the nature of the exceptions would be evaluated to determine the extent to which the alternative language or approach poses unreasonable additional risk to the Commonwealth, is judged to inhibit achieving the objectives of the RFP, whose ambiguity makes evaluation difficult and a fair resolution impractical given the timeframe for the RFP, or the exception or correction of what is deemed to be a deficiency or unacceptable exception would require a substantial proposal rewrite to correct.

Offeror should identify and seek to clarify any concerns with RFP language or any other document contained within this RFP through their written inquiries using the process described in Section 6 below.

6. Questions and RFP Amendments:
 - a. Questions: Offeror shall be fully responsible for understanding the Statement of Needs, terms and conditions, and all other aspects of the RFP, and other factors affecting contract performance before submitting a proposal. It shall be the Offeror's sole responsibility to inquire and obtain clarification if the Offeror does not fully understand the entire RFP requirements. The Commonwealth's verbal responses to questions are not binding; therefore, no questions will be answered by phone. Questions regarding the solicitation must be submitted in writing to Dennis Donahue via e-mail at dennis.donahue@dgs.virginia.gov no later than 4:00 pm eastern time on June 17, 2016. Identify the question by noting the solicitation number in the subject line of the email or fax. Official answers to all written questions will be posted in eVA's Virginia Business Opportunities (VBO). The identity of potential offerors will not be published with the answers; however, the text of questions may be restated and offeror should not include language in questions that may reveal their firm's identify.
 - b. RFP Amendments: Formal changes to the RFP, including but not limited to contractual terms and procurement requirements, will only be changed by formal written amendments issued by the Commonwealth. The Commonwealth shall accept no responsibility for an offeror not receiving the solicitation, amendments and/or other solicitation documents. Offeror shall be solely responsible for regularly checking the status of the solicitation in eVA's Virginia Business Opportunities (VBO) for any updates, changes, amendments or other information pertaining to the RFP.

The Commonwealth shall not be responsible if the proposal response is not delivered to Bid Receiving by the due date and time.

Amendments to the RFP may be issued by the Commonwealth and offeror acknowledgments of amendments must be received at Bid Receiving either prior to the proposal due date and time or attached to the offeror's proposal. By submitting their proposals, Offerors certify that their proposals are made without collusion or fraud and that they have not offered or received any kickbacks or inducements from any other Offeror, supplier, manufacturer or subcontractor in connection with their proposal, and that they have not conferred on any public employee having official responsibility for this procurement transaction any payment, loan, subscription, advance, deposit of money, services or anything of

more than nominal value, present or promised, unless consideration of substantially equal or greater value was exchanged.

H. MANDATORY USE OF STATE FORM AND TERMS AND CONDITIONS FOR RFPs

Failure to submit a proposal on the official state form provided for that purpose may be a cause for rejection of the proposal. I. CLARIFICATION OF TERMS

J. PAYMENT

1. To Prime Contractor:

- a. Invoices for items ordered, delivered and accepted shall be submitted by the contractor directly to the payment address shown on the purchase order/contract. All invoices shall show the state contract number and/or purchase order number; social security number (for individual contractors) or the federal employer identification number (for proprietorships, partnerships, and corporations).

- b. Any payment terms requiring payment in less than 30 days will be regarded as requiring payment 30 days after invoice or delivery, whichever occurs last. This shall not affect offers of discounts for payment in less than 30 days, however.
 - c. All goods or services provided under this contract or purchase order, that are to be paid for with public funds, shall be billed by the contractor at the contract price, regardless of which public agency is being billed.
 - d. The following shall be deemed to be the date of payment: the date of postmark in all cases where payment is made by mail, or the date of offset when offset proceedings have been instituted as authorized under the *Virginia Debt Collection Act*.
 - e. **Unreasonable Charges.** Under certain emergency procurements and for most time and material purchases, final job costs cannot be accurately determined at the time orders are placed. In such cases, contractors should be put on notice that final payment in full is contingent on a determination of reasonableness with respect to all invoiced charges. Charges which appear to be unreasonable will be researched and challenged, and that portion of the invoice held in abeyance until a settlement can be reached. Upon determining that invoiced charges are not reasonable, the Commonwealth shall promptly notify the contractor, in writing, as to those charges which it considers unreasonable and the basis for the determination. A contractor may not institute legal action unless a settlement cannot be reached within thirty (30) days of notification. The provisions of this section do not relieve an agency of its prompt payment obligations with respect to those charges which are not in dispute (*Code of Virginia*, § 2.2-4363).
2. To Subcontractors:
- a. A contractor awarded a contract under this solicitation is hereby obligated:
 - 1) To pay the subcontractor(s) within seven (7) days of the contractor's receipt of payment from the Commonwealth for the proportionate share of the payment received for work performed by the subcontractor(s) under the contract; or
 - 2) To notify the agency and the subcontractor(s), in writing, of the contractor's intention to withhold payment and the reason.
 - b. The contractor is obligated to pay the subcontractor(s) interest at the rate of one percent (1%) per month (unless otherwise provided under the terms of the contract) on all amounts owed by the contractor that remain unpaid seven (7) days following receipt of payment from the Commonwealth, except for amounts withheld as stated in 2) above. The date of mailing of any payment by U. S. Mail is deemed to be payment to the addressee. These provisions apply to each sub-tier contractor performing under the primary contract. A contractor's obligation to pay an interest charge to a subcontractor may not be construed to be an obligation of the Commonwealth.
3. Each prime contractor who wins an award in which provision of a SWAM procurement plan is a condition to the award, shall deliver to the contracting agency or institution, on or before request for final payment, evidence and certification of compliance (subject only to insubstantial shortfalls and to shortfalls arising from subcontractor default) with the SWAM procurement plan. Final payment under the contract in question may be withheld until such

certification is delivered and, if necessary, confirmed by the agency or institution, or other appropriate penalties may be assessed in lieu of withholding such payment.

4. The Commonwealth of Virginia encourages contractors and subcontractors to accept electronic and credit card payments.

In the event there is a conflict between any of the other General Terms and Conditions and any Special Terms and Conditions in this solicitation, the Special Terms and Conditions shall apply.

M. TESTING AND INSPECTION

The Commonwealth reserves the right to conduct any test/inspection it may deem advisable to assure goods and services conform to the specifications.

O. CHANGES TO THE CONTRACT

Changes can be made to the contract in any of the following ways:

1. The parties may agree in writing to modify the terms, conditions, or scope of the contract. Any additional goods or services to be provided shall be of a sort that is ancillary to the contract goods or services, or within the same broad product or service categories as were included in the contract award. Any increase or decrease in the price of the contract resulting from such modification shall be agreed to by the parties as a part of their written agreement to modify the scope of the contract.
2. The Purchasing Agency may order changes within the general scope of the contract at any time by written notice to the contractor. Changes within the scope of the contract include, but are not limited to, things such as services to be performed, the method of packing or shipment, and the place of delivery or installation. The contractor shall comply with the notice upon receipt, unless the contractor intends to claim an adjustment to compensation, schedule, or other contractual impact that would be

caused by complying with such notice, in which case the contractor shall, in writing, promptly notify the Purchasing Agency of the adjustment to be sought, and before proceeding to comply with the notice, shall await the Purchasing Agency's written decision affirming, modifying, or revoking the prior written notice. If the Purchasing Agency decides to issue a notice that requires an adjustment to compensation, the contractor shall be compensated for any additional costs incurred as the result of such order and shall give the Purchasing Agency a credit for any savings. Said compensation shall be determined by one of the following methods:

- a. By mutual agreement between the parties in writing; or
- b. By agreeing upon a unit price or using a unit price set forth in the contract, if the work to be done can be expressed in units, and the contractor accounts for the number of units of work performed, subject to the Purchasing Agency's right to audit the contractor's records and/or to determine the correct number of units independently; or
- c. By ordering the contractor to proceed with the work and keep a record of all costs incurred and savings realized. A markup for overhead and profit may be allowed if provided by the contract. The same markup shall be used for determining a decrease in price as the result of savings realized. The contractor shall present the Purchasing Agency with all vouchers and records of expenses incurred and savings realized. The Purchasing Agency shall have the right to audit the records of the Contractor as it deems necessary to determine costs or savings. Any claim for an adjustment in price under this provision must be asserted by written notice to the Purchasing Agency within thirty (30) days from the date of receipt of the written order from the Purchasing Agency. If the parties fail to agree on an amount of adjustment, the question of an increase or decrease in the contract price or time for performance shall be resolved in accordance with the procedures for resolving disputes provided by the Disputes Clause of this contract or, if there is none, in accordance with the disputes provisions of the Commonwealth of Virginia *Vendors Manual*. Neither the existence of a claim nor a dispute resolution process, litigation or any other provision of this contract shall excuse the contractor from promptly complying with the changes ordered by the Purchasing Agency or with the performance of the contract generally.

P. TERMINATION FOR DEFAULT. In case of default by a contractor for failure to deliver or perform in accordance with the contract specifications or terms and conditions, the Commonwealth may procure the articles or services from other sources and hold the defaulting contractor responsible for any resulting additional purchase and administrative costs. The Commonwealth will normally repurchase from the next low bidder or purchase competitively by resolicitation. If the repurchase results in increased costs to the Commonwealth, a letter will be sent to the defaulted contractor requiring payment for additional costs. When repayment is requested, the contractor will be removed from the mailing list until the repayment has occurred. However, in the case of default, contracts may be canceled at any time without the contractor's consent. The Commonwealth also reserves the right to cancel all contracts with any contractor who fails to perform for any one contract.

Q. TAXES

Sales to the Commonwealth of Virginia are normally exempt from State sales tax. State sales and use tax certificates of exemption, Form ST-12, will be issued upon request. Deliveries against this contract shall usually be free of Federal excise and transportation taxes. The Commonwealth's excise tax exemption registration number is 54-73-0076K.

R. USE OF BRAND NAMES

Unless otherwise provided in this solicitation, the name of a certain brand, make or manufacturer does not restrict Offerors to the specific brand, make or manufacturer named, but conveys the general style, type, character, and quality of the article desired. Any article which the public body, in its sole discretion, determines to be the equivalent of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. The Offeror is responsible to clearly and specifically identify the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the Commonwealth to determine if the product offered meets the requirements of the solicitation. This is required even if offering the exact brand, make or manufacturer specified. Normally in competitive sealed bidding only the information furnished with the bid will be considered in the evaluation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid nonresponsive. Unless the Offeror clearly indicates in its proposal that the product offered is an equivalent product, such proposal will be considered to offer the brand name product referenced in the solicitation.

A Offeror, or contractor shall not be discriminated against in the solicitation or award of this contract because of race, religion, color, sex, national origin, age, disability, faith-based organizational status, any other basis prohibited by state law relating to discrimination in employment or because the Offeror employs ex-offenders unless the state agency, department or institution has made a written determination that employing ex-offenders on the specific contract is not in its best interest. If the award of this contract is made to a faith-based organization and an individual, who applies for or receives goods, services, or disbursements provided pursuant to this contract objects to the religious character of the faith-based organization from which the individual receives or would receive the goods, services, or disbursements, the public body shall offer the individual, within a reasonable period of time after the date of his objection, access to equivalent goods, services, or disbursements from an alternative provider.

XI. SPECIAL TERMS AND CONDITIONS

The following provisions are desirable. An Offeror may propose alternative language, but the basic form of the Agreement provisions shall be retained. Offerors are requested to limit proposed changes, if any, to those of a substantive nature. The Commonwealth may seek more specific or additional provisions during negotiations e.g., service requirements, support type (e.g., on-site, off-site, depot, etc.), warranties, response times, etc.

A. SCOPE OF AGREEMENT: This is a master agreement (the "Agreement") between the Commonwealth of Virginia ("Commonwealth") and _____ (the "Contractor"), a _____ corporation having its principal place of business at _____ for _____ (the "Services") pursuant to the Commonwealth's Request for Proposal RFP# _____, dated _____ (the "RFP") and the Contractor's proposal, dated _____ in response thereto.

(Above to be completed in negotiations, if any)

B. INTERPRETATION OF AGREEMENT: Headings are for reference purposes only and shall not be considered in construing this Agreement.

The documents comprising this Agreement, and their order of precedence in case of conflict, are: (1) this document, consisting of Terms and Conditions labeled __ through __, Attachment __ entitled Services and Pricing Schedule; (2) all executed Orders and Attachments referencing this Agreement; (3) the Commonwealth's RFP; and (4) the Contractor's proposal submitted in response to the Commonwealth's Request for Proposal ("RFP"). The foregoing documents represent the complete and final agreement of the parties with respect to the subject matter of this Agreement.

If any term or condition of this Agreement is found to be illegal or unenforceable, it shall be severed, and the validity of the remaining terms and conditions shall not be affected.

Nothing in this Agreement shall be construed as an express or implied waiver of the Commonwealth's sovereign or Eleventh Amendment immunity, or as a pledge of its full faith and credit.

(Above to be completed in negotiations, if any)

C. TERM

The initial term contract period will be for one (1) year from date of award. All Orders and related documents shall survive the period of performance stated in this section until such time as all Orders (executed prior to the expiration date of the Contract) have been completely performed or services delivered.

D. RENEWAL OF CONTRACT

The Contract may be renewed at the sole discretion of the Commonwealth, for up to four (4) additional one (1) year successive periods under the terms and conditions of the original contract and upon mutual written agreement between the parties. Written notice of the Commonwealth's intention to renew shall be given approximately ninety (90) days prior to the expiration date of each contract period, of the Commonwealth's intent to renew the Contract.

E. FINANCIAL WARRANTY

Contractor shall ensure that the prices, discounts, incentives, and other financial terms (collectively, the "financial deal") applicable to purchases under this contract is always at least as favorable to the purchaser as the financial deal that the contractor or its affiliates make available to any public body in Virginia for the same good(s)/service(s) outside this contract. Throughout the term of this contract, if contractor (or any affiliate) makes a better financial deal available to a public body in Virginia for any good(s)/service(s) available under this contract, contractor shall immediately notify DGS of the details and, at DGS's option, sign an amendment to this contract, so that an equivalent financial deal for the affected good(s)/service(s) is also available as an option under this contract. Contractor may request exemption if the better financial deal was for a spot purchase, and DGS shall grant such request if DGS in good faith finds that the spot purchase involved special circumstances affecting cost that would make it unfair to apply an equivalent financial deal outside of that spot purchase. Upon DGS's request (and annually), Contractor shall submit to DGS an affidavit certifying full compliance with this Section. The contractor (and any affiliate) shall waive any contractual or other right that inhibits any public body in Virginia from disclosing to DGS or others the financial terms made available to the public body, and upon request from DGS, contractor shall ensure that a signed confirmation of the waiver is provided to the public body and DGS. As used in this Section, an affiliate is any entity that controls, is controlled by, or is under common control with, the contractor

F. PRICE ESCALATION-DE-ESCALATION

Discounts are to be considered the minimum for the entire term of the resulting contract. List price may be negotiated on an annual basis at the time of renewal or as negotiated. Price adjustments and/or discount adjustments may be permitted for changes in the contractor's cost of materials, services and other items that may not affect the price. The Producer Price Index of the United States Department of Labor, Bureau of Labor Statistics, "Completed Vehicles on Purchased Chassis" Commodity # WPS#1413-02 will be used by the Commonwealth as a guide in reviewing any Rate/Price increase requests. Price escalation may be authorized annually only at the time of contract renewal and only where verified to the satisfaction of the purchasing office. However, "across the board" price decreases are subject to implementation at any time and shall be immediately conveyed to the Commonwealth.

The contractor shall document the amount of any general change in the price of materials. Documentation shall be supplied with the contractor's request for increase which will: (1) verify that the requested price increase is general in scope and not applicable just to the Commonwealth of Virginia; and (2) verify the amount or percentage of increase which is being passed on to the contractor by the contractor's suppliers. All changes in the prices and / or discounts applicable to the Commonwealth must be approved in writing by the Division of Purchases and Supply prior to implementation by the contractor(s).

The purchasing office will notify the using agencies and contractor in writing of the effective date of any increase which it approves. However, the contractor shall fill all purchase orders received prior to the effective date of the price adjustment at the old contract prices. The contractor is further advised that decreases which affect the cost of materials are required to be communicated immediately to the purchasing office.

G. AUDIT

The Contractor shall retain all books, records, and other documents relative to this contract for five (5) years after final payment, or until audited by the Commonwealth of Virginia, whichever is sooner. The agency, its authorized agents, and/or state auditors shall have full access to and the right to examine any of said materials during said period.

4. The following provisions of the General Terms and Conditions are not part of contracts with Private Buyers: L, O(2), Q, W, and X.
5. Modifications made to this contract by the Commonwealth will not be applied to contracts with Private Buyers. Contractor shall, within ten business days of executing a modification of the Agreement, offer to each Private Buyer to make an equivalent modification, which must be agreed to by the Private Buyer in writing. No other modifications of the terms and conditions of a Private Buyer's contract may be made.
6. Orders placed under a Private Buyer's contract require payment of the Surcharge Adjustment Fee, as though they were placed by a Commonwealth agency. Such orders shall be reported as though they were placed under this Agreement, but with a notation indicating they were made under a Private Buyer's contract.

Contractor shall notify the Commonwealth of Virginia, Division of Purchases and Supply (DPS) in writing by providing DPS a Contract Sales and Usage report for any entity placing an order(s) to use this Agreement in accordance with Contract Reporting provisions, herein.

This is a master agreement and no modification of the Agreement is required for an Authorized User to participate. However, any Authorized User outside the Commonwealth of Virginia, but within the United States, or any territory or legal entity thereof, and Contractor shall complete a "Participating Addendum," to be provided by DPS, prior to the use of the Agreement before the Contractor shall accept any Order from such an Authorized User outside of the Commonwealth, with a copy of the completed Participating Addendum provided to the Contract Officer, DPS Procurement.

Authorized Users will place their own Orders directly with the Contractor and will independently administer their use of this Agreement to include contractual disputes, and invoicing and payments, without direct administration from DPS. Neither the Commonwealth nor DPS shall be held liable for any costs or damages by any other participating Authorized User.

Contractor and Authorized User agree that neither the Commonwealth nor DPS are responsible for any acts or omissions of any Authorized User, and shall not be considered in default of this Agreement for such acts or omissions, no matter the circumstances.

The use of the Agreement does not preclude any participating Authorized User from using other agreements or competitive processes as their needs may require.

Termination

Applicability- All Contracts over \$10,000, except contracts with nonprofit organizations and institutions of higher learning, where the threshold is \$100,000

a. Termination for Convenience (General Provision) the recipient may terminate this contract, in whole or in part, at any time by written notice to contractor when it is in the recipient's best interest. Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient. If contractor is in

possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.

b. Termination for Default [Breach or Cause] (General Provision) If contractor does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and contractor fails to perform in the manner called for in the contract, or if contractor fails to comply with any other provisions of the contract, the recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Convenience (Professional or Transit Service Contracts) the recipient, by written notice, may terminate this contract, in whole or in part, when it is in the recipient's interest. If the contract is terminated, the recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

f. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to

fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

g. Termination for Default (Transportation Services) If contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while contractor has possession of the recipient goods, contractor shall, as directed by

the recipient, protect and preserve the goods until surrendered to the recipient or its agent. Contractor and the recipient shall agree on payment for the preservation and protection of goods. Failure to agree on an amount shall be resolved under the Dispute clause. If, after termination for failure to fulfill contract obligations, it is determined that

contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

h. Termination for Default (Construction) If contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified, or any extension, or fails to complete the work within this time, or if contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. the recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. In this event, the recipient may take over the work and complete it by contract or otherwise, and may take possession of and use any materials, appliances, and plant on the work site necessary for completing the work. Contractor and its sureties shall be liable for any damage to the recipient resulting from contractor's refusal or failure to complete the work within specified time, whether or not contractor's right to proceed with the work is terminated. This liability includes any increased costs incurred by the recipient in completing the work. Contractor's right to proceed shall not be terminated nor shall contractor be charged with damages under this clause if:

1. Delay in completing the work arises from unforeseeable causes beyond the control and without the fault or negligence of contractor. Examples of such causes include: acts of God, acts of the recipient, acts of another contractor in the performance of a contract with the recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. Contractor, within 10 days from the beginning of any delay, notifies the recipient in writing of the causes of delay. If in the recipient's judgment, delay is excusable, the time for completing the work shall be extended. The recipient's judgment shall be final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of contractor's right to proceed, it is determined that contractor was not in default, or that the delay was excusable, the rights and obligations of the parties will be the same as if termination had been issued for the recipient's convenience.

i. Termination for Convenience or Default (Architect & Engineering) the recipient may terminate this contract in whole or in part, for the recipient's convenience or because of contractor's failure to fulfill contract obligations. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature, extent, and effective date of termination. Upon receipt of the notice, contractor shall (1) immediately discontinue all services affected (unless the notice directs otherwise), and (2) deliver to the recipient all data, drawings, specifications, reports, estimates, summaries, and other information and materials accumulated in performing this contract, whether completed or in process. If termination is for the recipient's convenience, it shall make an equitable adjustment in the contract price but shall allow no anticipated profit on unperformed services. If termination is for contractor's failure to fulfill contract obligations, the recipient may complete the work by contract or otherwise and contractor shall be liable for any additional cost incurred by the recipient.

If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

j. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor,

the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
