Planning Council staff recommends that the proposed amendment to the Natural Resource Map Series - Eastern Broward County Wetlands Map be approved.

- (1) At its initial public hearing, the Planning Council takes an action to recommend denial of a proposed amendment; or
- (2) At its initial public hearing, the Planning Council takes an action to recommend approval subject to meeting specific criteria or policy prior to a second Planning Council public hearing; or
- (3) At its initial public hearing, the Planning Council votes by a majority of the members present with a minimum of six (6) affirmative votes for a second Planning Council public hearing; or
- (4) If the County Commission requests by a vote of the majority of members present to request a second Planning Council public hearing; or
- (5) If an objection or comment on adverse impacts to important state resources or facilities is issued during the State of Florida Chapter 163 review process; or
- (6) If State of Florida Chapter 163 requires or is modified to require a second local planning agency public hearing.

If the Planning Council chooses to require a second Planning Council public hearing per Article 1.2(A)(1)(2) or (3), such recommendation must be made as part of its motion.

II. Planning Council Transmittal Recommendation September 17, 2020

Approval per Planning Council staff transmittal recommendation, including not requiring a second Planning Council public hearing. 1. Areas shown have demonstrated wetland conditions during the analysis. Included areas are non-licensed (EPGMD) areas, designated ESL/NRA/LAPC, County Parks, EPGMD wetland mitigation sites and conservation/preservation areas east of the Water Conservation Areas.
2. All determinations were made using the Florida Land Use, Cover and Forms Classification System (FLUCCS) and each listed category is a combination of similar type classifications.
3. Site analysis consisted of review of high altitude and SPOT color infrared aerial photography, vertical black and white aerial photography, aerial reconnaissance and field evaluations of some sites.
4. This is not to be construed as a wetland jurisdictional map or a comprehensive review of all properties in Broward County. Additional field evaluations must be conducted to determine individual site consistency with jurisdictional criteria.
5. This map does not conform to National Map Accuracy Standards.
6. Wetlands geodata from the Aquatic and Wetland Resources Program, December 31, 2019.
