Re: Bid No. PNC2120945C1, Septage Receiving Facility Operations Administration Building

Dear Mr. Vercetti:

We are in receipt of your letter "objecting" to the Recommendation for Award for Broward County Solicitation Bid No. PNC21210945C1 dated September 14, 2020. After receiving correspondence from the Purchasing Division on September 16th and September 17th informing you the Right to Objection only applies to committee based procurements, such as a Request for Proposals (RFPs) and Request for Letter of Intent (RLIs) and not to a Bid; and, after being advised that in order for your objection to be considered a bid protest it was necessary to file a non-refundable filing fee pursuant to Section 21.118.a.6 of the Broward County Procurement Code, you voluntarily withdrew the right to protest.

Despite the fact, that you have withdrawn your unofficial protest, we would like to provide clarification on the rejection of your bid by offering the following response to your points:

1. Vercetti Enterprises submitted a response in BidSync on July 8, 2020 for the referenced project.
 - A. In accordance with the Special Instruction for Vendors, Paragraph J, it states the vendor must submit with its response a bid bond in the amount of 5% of the total bid price offered. However, no bid bond was received from Vercetti Enterprises for the referenced project. After receiving your unofficial protest, the Purchasing Division conducted a second review for any bid bonds received from Vercetti Enterprises. Our findings revealed that the Purchasing Division received two bid bonds for a different bid (PNC2121017C1, Restroom and Laundry at Easterlin Park Campground), both dated July 15, 2020 (one received by UPS and one received by hand-delivery). There is no record of receiving a bid bond for this solicitation (Bid No. PNC2120945C1). Therefore, Vercetti Enterprises was determined non-responsive to this requirement.
 - B. In accordance with the Special Instructions for Vendors, Paragraph B, the solicitation had a County Business Enterprise (CBE) participation goal of 25%. Vercetti Enterprises did not initially submit an executed CBE Letter of Intent with the bid package. Per the Office of Economic and Small Business Development (OESBD) procedure, the firm was given three business days to provide the required Letter of Intent forms and/or documentation of their good faith effort. The Letters of Intent provided by Vercetti Enterprises totaled 9.8%; however, this fell short of the required 25% CBE participation goal for the project. Vercetti Enterprises also submitted proof of their good faith efforts. Upon OESBD review, they determined your firm did not meet the quality, quantity, and extent in your efforts to meet the CBE goal for the solicitation. Therefore, Vercetti Enterprises was determined non-responsible to this requirement.

2. "How did Shiff Construction & Development, Inc. increase their bid amount from \$2,935,647.88 to \$3,070,674.88."

The project included allowances in the amount of \$135,000 which were added to the bidder's bid total. Shiff Construction & Development, Inc.'s. base bid was \$2,935,647.88. Adding the allowance amount to the base bid totals \$3,070,647.88. Please note that the initial bid tabulation in BidSync does not add the amount until the "award" is selected. There was no change in pricing, merely an addition of allowances that were originally included in the bid solicitation.

In conclusion, the Recommendation for Award for Shiff Construction & Development, Inc. shall remain as originally stipulated.

Sincerely,

Brenda J. Billingsley, Director
Purchasing Division

Afternoon Nancy,

Disregard then please, I just was really interested in why we weren't questioned and/or how the second bidder was able to raise \$115k when there were no alternates.

Guess it is what it is.

RE: PNC2120945C1, Septage Receiving Facility Operations Administration Building

Dear Mr. Vercetti:

We are in receipt of your protest letter dated September 14, 2020 at 7:26 p.m. Pursuant to the above referenced solicitation and Section 21.118 of the Broward County Procurement Code, a protest shall be submitted in writing and received by the Director of Purchasing within five (5) business days from the posting of the recommendation of award on the Purchasing Division's website. In addition, the solicitation states that as a condition of initiating any bid protest, the protestor shall present the Director of Purchasing a nonrefundable filing fee.

We have not received the required filing fee for your protest as of this date. The Recommendation for Award for this solicitation was posted on September 14, 2020. As per the date of the recommendation of award, you will have until Friday, September 18, 2020, 5:00 p.m. to submit the required filing fee based upon the estimated contract amount.

In order for your protest to be considered timely, the appropriate filing fee must be submitted to the Purchasing Division in the remaining time allotted. The filing fee for this protest is \$3,000. The County may accept cash, money order, certified check, or cashier's check, payable to Broward County Board of Commissioners.

Please refer to the Broward County's Procurement Code to obtain information regarding the filing fee.

Sincerely,

Nancy Olesen

RE: Bid No. PNC2120945C1 – Septage Receiving Facility Operations Administration Building

In regards to the above referenced RFP, Vercetti Enterprises formally objects to the Recommendation for Award posted on 9/14/2020. With doing so we hereby assert the following:

1. The vendor submitting the objection is Vercetti Enterprises, LLC regarding solicitation "Bid No. PNC2120945C1 – Septage Receiving Facility Operations Administration Building".
2. Proceedings regarding the selection process have not been presented to Vercetti Enterprises, therefore not allowing us to fully understand the decision reached by Broward County and how Vercetti Enterprises can cure missing or partial information or provide clarification.
3. The relief being requested is Vercetti Enterprises being provided the information used to reach the Recommendation for Award decision along with an understanding of how Schiff Construction & Development, Inc. was able to increase their bid amount from \$2,935,647.88 to \$3,070,674.88.
4. Vercetti Enterprises sole contact with Broward County regarding this bid solicitation was with James Vose, of the Office of Economic and Small Business Development, to review the CBE Participation goal set at 25%. As mentioned in our letter and email to Mr. Vose, our team personally reached out to dozens of Broward County CBE firms with very minimal feedback. As you are aware, this solicitation was in the midst of the Covid-19 pandemic and therefore many

subcontractors' offices were either closed or operating with minimal staffing. Due to this, at the time we could only achieve a 10% CBE participation. Nonetheless you will find in the attached letter that Vercetti Enterprises continued to reach out to Broward County CBE firms in order to reach the 25% goal, which we currently have.

We look forward to hearing back from you.

Sincerely,

Danny Vercetti

The undersigned representative of the prime contractor represents that his/her firm has contacted County Business Enterprise (CBE) certified firms in a good faith effort to meet the CBE goal for this solicitation but has not been able to meet the goal. Consistent with the requirements of the Business Opportunity Act of 2012 (the Act), the prime contractor hereby submits documentation (attached to this form) of good faith efforts made and requests to be evaluated under Section 1-81.5(e) of the Act.

The prime contractor understands that a determination of good faith effort to meet the CBE contract participation goal is contingent on both the information provided by the prime contractor as an attachment to this application and the other factors listed in Section 1-81.5(e) of the CBE Act, as those factors are applicable with respect to this solicitation. The prime contractor acknowledges that the determination of good faith effort is made by the Director of the Office of Economic and Small Business Development, and is not subject to appeal.

RE: Bid No. PNC2120945C1 – Septage Receiving Facility Operations Administration Building

In respect to the above-mentioned bid submission and in maintaining with the CBE Subcontractor Goal outlined in the RFP documents Vercetti Enterprises, has to the best of our ability, reached out and attempted communication with many of the firms listed on the Broward County Certified Firm Directory. As such, we have received proposals from a few subcontractors that have the Certified Business Enterprises designation. Unfortunately, the feedback was not as extensive as we had hoped and after reviewing the proposals that came in before the bid submission deadline, our CBE percentage for this project stands at 10%.

As a certified Small Business Enterprises in Miami-Dade County we value the importance of contracting with local and minority owned small businesses as this practice has helped us become the company we are today. Please see the attached document outlining many of the CBE firms that were contacted for this bid solicitation. Our team will continue to reach out to Broward CBE firms with the intent of reaching the 25% goal set forth for this project.

Sincerely,

Danny Vercetti
