RECOMMENDATIONS/ACTIONS

DATE

I. Planning Council Staff Transmittal Recommendation

January 19, 2021

Planning Council staff finds the proposed amendment is generally consistent with the policies of the BrowardNext – Broward County Land Use Plan. Therefore, it is recommended that the proposed amendment be approved.

As the Planning Council is aware, the Broward County Charter requires at least one Planning Council public hearing and Article 1.2(A) of the *Administrative Rules Document: BrowardNext* outlines the following circumstances in which a second Planning Council public hearing may be recommended or required:

- (1) At its initial public hearing, the Planning Council takes an action to recommend denial of a proposed amendment; or
- (2) At its initial public hearing, the Planning Council takes an action to recommend approval subject to meeting specific criteria or policy prior to a second Planning Council public hearing; or
- (3) At its initial public hearing, the Planning Council votes by a majority of the members present with a minimum of six (6) affirmative votes for a second Planning Council public hearing; or
- (4) If the County Commission requests by a vote of the majority of members present to request a second Planning Council public hearing; or
- (5) If an objection or comment on adverse impacts to important state resources or facilities is issued during the State of Florida Chapter 163 review process; or
- (6) If State of Florida Chapter 163 requires or is modified to require a second local planning agency public hearing.

If the Planning Council chooses to require a second Planning Council public hearing per Article 1.2(A)(1)(2) or (3), such recommendation must be made as part of its motion.

In addition, if the Planning Council does not require a second Planning Council public hearing and the Broward County Land Use Plan amendment is adopted by the County Commission, this action by the Planning Council shall be considered the “conditional” recertification of the municipal land use plan amendment, which directly correlates to the referenced BCLUP amendment. The recertification will not be deemed effective until such time as the Planning Council Executive Director and Attorney determine that the municipality has fulfilled all application requirements for recertification of local land use plans, as outlined in the *Administrative Rules Document: BrowardNext*. The Planning Council Executive Director will issue a written letter of effectiveness to the municipality upon satisfaction of the same.

SECTION II
AMENDMENT REPORT
PROPOSED AMENDMENT PCT 21-1

INTRODUCTORY INFORMATION/PLANNING ANALYSIS

The City of Miramar is proposing to establish an Activity Center land use designation for 83.2 acres of land generally located on both sides of Miramar Parkway, between Florida's Turnpike and Hibiscus Place/Southwest 67 Avenue. This proposed text amendment corresponds to Broward County Land Use Plan (BCLUP) proposed map amendment PC 21-1.

The list of uses permitted within the proposed Miramar Activity Center is included in Attachment 1.

As indicated by the analysis provided in the corresponding Broward County Land Use Plan map amendment PC 21-1, Planning Council staff finds the proposal is generally in compliance with the BCLUP policies concerning the Activity Center land use designation, noting that the subject area proposes a mix of residential, commerce, office, community and recreation and open space uses that is bifurcated by Miramar Parkway, which is an arterial, and bound by Southwest 68 Avenue, which is a collector.
