

## GMP CONTRACT AMENDMENT

TO

### AGREEMENT FOR MANAGING GENERAL CONTRACTOR

#### BROWARD COUNTY JUDICIAL PROJECTS CONTRACT NO. PNC2120997A1 UNFINISHED JUDICIAL COMPLEX EAST WING WORK

This GMP Amendment to Agreement for Managing General Contractor Broward County Judicial Projects ("GMP Amendment") is made and entered into on this 4 day of March, 2021 by and between Broward County, Florida, a political subdivision of the State of Florida ("County") and Stiles Pirtle Joint Venture ("Contractor").

#### RECITALS

- A. County and Contractor ("Parties") entered into that Agreement for Managing General Contractor services with Contract Number PNC2120997A1 on the 16<sup>th</sup> day of July 16, 2020 (the "Agreement") wherein County engaged Contractor to provide managing general contractor services for certain Broward County judicial projects identified in County's solicitation PNC2120997A1, the terms and conditions of which are all incorporated by reference herein.
- B. Pursuant to Section 8.7 of the Agreement, Contractor has submitted a GMP to County for the Judicial Complex Unfinished East Wing Work as described in Attachment A attached hereto and made a part hereof, which shall be treated as Work for all purposes under the Agreement, and that after completion of value analysis, has been accepted by the Contract Administrator.
- C. The Parties desire to enter into this GMP Amendment to establish the GMP, the Project Construction Schedule for the Work, and the amount of liquidated damages, along with insurance requirements, any allowances, clarifications, qualifications, assumptions and exclusions expressly identified in Attachment A.
- D. All capitalized terms herein shall have the same meaning as set forth in the Agreement.

NOW, THEREFORE, in consideration of the mutual promises, commitments and representations contained herein and in the Agreement, it is hereby agreed to amend the Agreement as follows:

#### I. Amendments.

1. **GMP Amendment.** In accordance with Article 8 of the Agreement, the Parties agree to a GMP sum of One Million Three Hundred Sixty Four Thousand Four Hundred Fifty Four Dollars (\$1,364,454) ("GMP") for the Contractor Services and Work to be performed by Contractor as further described in the Elements of GMP attached hereto as Attachment A in connection with the Project.

2. **Substantial Completion Date.** The Work described in this GMP Amendment must (i) be Substantially Complete One Hundred Fifty-two (152) calendar days from the Project Initiation Date(s) specified in a Notice(s) to Proceed with construction and as set forth in the Project Schedule included in Attachment A-3 and (ii) achieve Final Completion, as defined in Section 1.9 of the Agreement, and be ready for final payment in accordance with Article 9 of the Agreement within 45 calendar days after the date of Substantial Completion.
3. **Liquidated Damages.** Upon failure of Contractor to obtain Substantial Completion within the deadline stated in Section 2, as extended by any approved time extensions, Contractor shall pay to County the sum of One Hundred Dollars (\$100.00) for each day after the deadline for Substantial Completion, as extended by any approved time extensions, until Substantial Completion is obtained. After Substantial Completion, should Contractor fail to complete the remaining Work within the deadline stated in this GMP Amendment, as extended by approved time extensions thereof, Contractor shall pay to County the sum of One Hundred Dollars (\$100.00) for each day after the deadline for Final Completion, as extended by any approved extensions, until Final Completion is obtained. These amounts are not penalties but are liquidated damages to County for its inability to obtain full beneficial occupancy and/or use of the Project. Liquidated damages are hereby fixed and agreed upon between the Parties based on (1) a mutual recognition of the impossibility of precisely ascertaining the amount of damages that will be sustained by County as a consequence of Contractor's failure to timely obtain Substantial Completion; and (2) both Parties' desire to obviate any question of dispute concerning the amount of said damages and the cost and effect of the failure of Contractor to complete this Contract on time. These liquidated damages shall apply separately to each portion of the Project for which a deadline for completion is given. County may deduct liquidated damages from monies due to Contractor for the Work under the Agreement and this GMP Amendment or as much thereof as County may, in its sole discretion, deem just and reasonable. Contractor shall reimburse County, in addition to liquidated damages, for all costs incurred by Consultant in administering the construction of the Project beyond the completion dates specified above, as extended by any approved time extensions. Consultant construction administration costs shall be in the amounts set forth in the contract between County and Consultant, a copy of which is available upon request to the Contract Administrator. All such costs shall be deducted from the monies due Contractor for performance of Work under the Agreement and this GMP Amendment by means of unilateral credit Change Orders issued by County as costs are incurred by Consultant and agreed to by County.
4. **Project Schedule.** Attached hereto as part of Attachment A-3 is the Project Schedule that has been accepted by the Contract Administrator.
5. **Compensable Excusable Delay.** Indirect costs recoverable by Contractor shall be liquidated on a daily basis for each day the Contract Time for the Project is delayed due to a Compensable Excusable Delay. These liquidated indirect costs shall be paid to compensate Contractor for all indirect costs caused by a Compensable Excusable Delay and shall include, but not be limited to, all profit on indirect costs, home office overhead, acceleration, loss of earnings, loss of productivity, loss of bonding capacity, loss of

opportunity and all other indirect costs recoverable shall be the amount of \$500 per day for each day the Work is delayed due to a Compensable Excusable Delay.

6. **Insurance Requirements.** The insurance requirements for this Project are set forth on Attachment B.
- II. **Special Exceptions.** This Amendment addresses all aspects of the Contractor Services and Work added by this Amendment except as otherwise set forth in the clarifications, qualifications, assumptions and exclusions included in Attachment A to this Amendment.
- III. **Representations and Warranties.** Contractor expressly represents and warrants to County that: (i) it has reviewed the drawings and specifications listed in Attachment A to this Amendment and that they are sufficient to construct the Project, (ii) all materials, furnishings, and equipment utilized or procured in connection with this Amendment will be new unless otherwise specified, and (iii) that all the Work, and any furniture, fixtures, and equipment furnished in connection with this Amendment will be of good quality, free from faults and material defects and in conformance with the Contract Documents. All Work not conforming to these requirements, including substitutions not approved by the Contract Administrator in accordance with the terms hereof, may be considered defective by the Contract Administrator and subject to correction in accordance with Article 25 of the Agreement. If required by the Contract Administrator, Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.
- IV. **Full and Final Satisfaction.** Except as specifically described above, below, or as otherwise allowed under the Agreement, Contractor accepts, as of the effective date hereof, the terms of this GMP Amendment as full and final satisfaction to all submitted claims, adjustments, and contract revisions associated with such Amendment, and acknowledges, subject to the foregoing, that no further adjustment to the Contractor's compensation or time for performance shall be allowed in connection with this GMP Amendment.
- V. **Assumption of Risk.** Contractor assumes the risk of any Preconstruction Services Costs, Direct Construction Costs and General Conditions Cost in excess of the GMP established by this GMP Amendment, as adjusted by County-Approved Change Orders, Construction Change Directive, or CPEAMs, to the extent such additional Project costs should have been included in the GMP.
- VI. Except as hereby modified, amended, or changed herein, all of the terms and conditions of the Agreement and any prior amendments thereto shall remain in full force and effect.
- VII. This GMP Amendment may be executed in multiple originals, and may be executed in counterparts, each of which shall be deemed to be an original, but all of which, taken together, shall constitute one and the same amendment.
- VIII. The Agreement, as amended herein, incorporates and includes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein, and the Parties agree that there are no commitments, agreements, or understandings concerning the subject matter hereof that are not contained in the Agreement and this GMP Amendment to the Agreement. Accordingly, the Parties agree that no deviation

- from the terms hereof shall be predicated upon any prior representations or agreements, whether oral or written.
- VIX. Preparation of this GMP Amendment has been a joint effort of the Parties and the resulting document shall not, solely as a matter of judicial construction, be construed more severely against one of the Parties than any other.
- X. In the event of any conflict or ambiguity between this GMP Amendment and the Agreement, the Parties agree that this GMP Amendment shall control.
- Xi. Attachments A and B are incorporated in this GMP Amendment and made a part hereof.
