Summary Explanation/Background

THE PURCHASING DIVISION AND THE BROWARD ADDICTION RECOVERY CENTER RECOMMEND APPROVAL OF THE ABOVE MOTIONS.

This item supports the Board’s Collaborates Value, “Building partnerships and working collaboratively with others to meet shared objectives,” and Health Community Goal, “Delivering accessible human services that holistically address the whole person collaboratively and compassionately.”

In a memorandum dated January 8, 2024, BARC requested approval to utilize its membership with Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) to use the State Contract with Henry Schein, Inc. for the purchase of medical supplies, including a substance abuse treatment drug known as Sublocade, to provide comprehensive treatment and recovery services to vulnerable Broward County residents experiencing SUD, including opioid use disorder (OUD) (Exhibit 1). Sublocade is the first once-monthly injectable buprenorphine formulation treating moderate to severe

OD.

The State Contract was competitively sourced and awarded on November 15, 2023, through a Participating Addendum to multiple vendors participating in the MMCAP, a national cooperative group purchasing organization for government facilities that provides healthcare and pharmacy goods and services (Exhibits 2 and 3).

Medical supply purchases are contingent upon client needs, which are funded through various sources such as Broward Behavioral Health Coalition, and Florida Alcohol and Drug Abuse Association grants, as well as Broward County General Funds.
