Summary Explanation/Background

THE PORT EVERGLADES DEPARTMENT RECOMMENDS APPROVAL.

This action supports the Broward County Board of County Commissioners' ("Board") Value of "Ensuring economic opportunities for Broward's diverse population and businesses" and the Goal to "Increase the economic strength and impact of revenue-generating County enterprises balancing economic, environmental, and community needs."

Everglades Pipe Line Company, L.P. ("EVERGLADES"), owns and operates a federally regulated, common carrier, jet fuel pipeline. The pipeline, which originates in Port Everglades and connects to Fort Lauderdale-Hollywood International Airport (FLL) and Miami International Airport (MIA), has operated for over sixty years subject to a series of agreements with the Port Everglades Authority and subsequently Broward County pertaining to those sections of the jet fuel pipeline located on land within the Port Jurisdictional Area.

The new nonexclusive License Agreement will replace the existing agreement expiring on December 6, 2020, and will allow EVERGLADES to continue to install, maintain, operate, repair, replace, and remove the pipeline(s) on County-owned land for another ten years, consistent with other pipeline license agreements in place at Port Everglades. Under the terms of the License Agreement, EVERGLADES will pay Broward County an annual license fee of \$28,846, with annual increases based upon the greater of either 3% or the Consumer Price Index ("CPI").

This License Agreement has been reviewed by the Port Everglades Risk Manager and approved as to form by the Office of the County Attorney. The License Agreement is pending final execution by EVERGLADES, and receipt of signature pages will be noted in the Monday Night Memo, prior to the Board meeting.
