Summary Explanation/Background

THE ENVIRONMENTAL PROTECTION AND GROWTH MANAGEMENT DEPARTMENT (EPGMD) AND THE ENVIRONMENTAL PLANNING AND COMMUNITY RESILIENCE DIVISION (EPCRD) RECOMMEND APPROVAL OF THE ABOVE MOTION.

This item supports the Board's Value of "Encouraging investments in renewable energy, sustainable practices, and environmental protection" and Goal 3: "Increase water quality protection efforts. . ."

This Ordinance supports an increase in sanitary sewer connections and further limits the use of

septic tank systems within Broward County. The Ordinance: (i) removes the exemption for properties in Rural Ranches and Rural Estates land use categories from connecting to an adjacent service main upon development of, or substantial improvements to, the property; (ii) repeals the exemption for new Rural Ranches and Rural Estates subdivisions to connect to existing water and sewer mains if within a quarter mile of the property; (iii) clarifies that an exception for connecting to a service main applies to both the connection requirement and any associated connection charge; (iv) establishes civil penalties for violations; (v) provides for enforcement by Broward County within the unincorporated area and by municipalities within incorporated areas; (vi) finds that violations of certain sections of Chapter 34 constitute a public nuisance and require abatement; and (vii) deletes various obsolete provisions.

EPGMD will provide the information requested by the Board at its March 10, 2020, meeting, as additional material prior to the time of the public hearing.
