Summary Explanation/Background

Section 337.401, Florida Statutes, was amended by Senate Bill 1000 (2019) (the "Act"). The Act limits a local government agency's authority to regulate the placement and maintenance of wireless communications facilities in public rights-of-way. The Act provides that a county may prescribe and adopt objective design standards required of wireless communications providers for placement and maintenance of wireless communications facilities in its rights-of-way, but can no longer charge any fees for this access. The proposed Ordinance would repeal Section 39-102 and amend Chapter 20, Article XX of the Broward County Code of Ordinances to ensure consistency with the Act.
