Summary Explanation/Background

On October 6, 2020, the Board preliminarily considered enactment of the Broward County Locksmith Act ("Locksmith Act") establishing regulations for persons providing locksmith services in Broward County. The Board continued further consideration of the Locksmith Act to its October 20, 2020, meeting. The Locksmith Act would require that individuals providing locksmith services obtain a locksmith license or locksmith apprentice license and that locksmith businesses obtain registration certificates.

The Environmental and Consumer Protection Division is responsible under the proposed Locksmith Act for administering and enforcing its terms. The proposed Resolution establishes fees for licenses and registration certificates to cover the cost of implementing the Locksmith Act. Fees would be required to be paid upon obtaining the initial license/registration and upon each renewal. Renewal is required annually.

This item was continued from the October 20, 2020, public hearing. This item is contingent upon enactment of the Locksmith Act by the Board.

The Environmental and Consumer Protection Division recommends the inclusion of certain additional fees, including late fees and replacement fees, which are reflected in the amendment included as Exhibit 3.

Fiscal Impact

Fiscal Impact/Cost Summary

According to the Fiscal Impact Statement prepared by the Office of Management and Budget for the Locksmith Act and attached as Exhibit 2, the proposed fees should be sufficient to offset the cost of implementing the Locksmith Act.
