Summary Explanation/Background

This item supports the Commission Value "Ensuring economic opportunities for Broward's diverse population and businesses" and the Commission Goals "Utilize policies and strategies to create employment opportunities and support for economically disadvantaged members of the community" and "Build into every process and service effective checks and balances that do not cause inefficiency, but rather ensure consistency, continuity, and quality."

On August 27, 2019, the Board directed the Office of the County Attorney to coordinate with the Office of Economic and Small Business Development ("OESBD") to draft certain changes to the Business Opportunity Act of 2012 addressing County Business Enterprise ("CBE") reserve procurements to establish a cap on any premium paid in such procurements. NonCBE firms are eligible to bid on CBE reserve procurements. Currently, there is no cap on the premium the County would be willing to pay to purchase the goods or services from a CBE, in instances where the pricing from the nonCBE is lower.

Under the proposed amendment, which is based on market analysis conducted and stakeholder input received by OESBD, the CBE with the lowest responsive and responsible bid, or the highest-ranked responsive and responsible proposal, as applicable, would be awarded the contract if the following conditions are met:

- Monetary differential: The bid/proposal price of the CBE must not exceed the bid/proposal price of the lowest responsive and responsible bid or highest-ranked responsive and responsible proposal by a nonCBE by more than ten percent (10%) for projects up to \$3 million or by more than five percent (5%) for projects over \$3 million; and
- Points differential: Additionally, for competitive solicitations in which the proposals are assigned point totals, the total points assigned to the CBE is not more than twenty percent (20%) less than the total points assigned to the highest-ranked responsive and responsible proposal from a nonCBE.

The proposed amendment would also require that if there is no responsive and responsible CBE that meets these conditions, the contract could be awarded to a nonCBE subject to a CBE goal of twenty five percent (25%), unless waived or otherwise modified by Board action. As proposed by OESBD and the Purchasing Division, the contract is not required to be awarded to a nonCBE if there are no CBEs that meet the above conditions. Additionally, as proposed by OESBD and the Purchasing Division, the proposed amendment does not delineate factors that would be considered in

determining, under those circumstances, whether to award the contract to a nonCBE or whether to resolicit.
